YOU ARE HEREBY NOTIFIED that members of the [Climate Change Advisory Committee \(CCAC\)](#) will host two live online presentations on the [Climate Action Plan \(CAP\)](#) to help the City and community begin implementation of the plan.

The CAP, unanimously [approved by the City Council on Nov. 10](#) , includes more than 180 actions to reduce greenhouse gas emissions and prepare our community for the impacts of climate change. The Council identified implementation of the CAP as its highest priority item for the 2021-2022 budget.

CCAC members will give presentations on the plan, answer questions on the CAP and discuss next steps.

In anticipation a quorum of Climate Change Advisory Committee members will attend these events are being noticed as open public meetings.
