The terms of this Agreement shall cover activities performed by the Service Provider between January 1, 2019 through December 31, 2020.

- B. All books and records required to be maintained by this Agreement shall be subject to inspection and audit by representatives of the City and/or the Washington State Auditor at all reasonable times, and the Service Provider shall afford the proper facilities for such inspection and audit.
- C. Representatives of the City and/or the Washington State Auditor may copy any books and records if necessary to conduct or document an audit.
- D. The Service Provider shall preserve and make available all books and records for a period of three (3) years after final payment under this Agreement.
- E. In the event any audit or inspection identifies any discrepancy in the books and records, the Service Provider shall provide the City with appropriate clarification and/or financial adjustments within thirty (30) calendar days of notification of the discrepancy.

6. INDEPENDENT CONTRACTOR

- A. The Service Provider and the City understand and expressly agree that the Service Provider is an independent contractor in the performance of each and every part of this Agreement. The Service Provider expressly represents, warrants, and agrees that its status as an independent contractor in the performance of the work and services required under this Agreement is consistent with and meets the six-part independent contractor test set forth in RCW 51.08.195. The Service Provider, as an independent contractor, assumes the entire responsibility for carrying out and accomplishing the services required under this Agreement. The Service Provider shall make no claim of City employment nor shall the Service Provider claim any related employment benefits, social security, and/or retirement benefits.
- B. The Service Provider shall be solely responsible for paying all taxes, deductions, and assessments, including but not limited to federal income tax, FICA, social security tax, assessments for unemployment and industrial injury, and other deductions from income which may be required by law or assessed against either party as a result of this Agreement. In the event the City is assessed a tax or assessment as a result of this Agreement, the Service Provider shall pay the same before it becomes due.
- C. The City may, during the term of this Agreement, engage other independent contractors to perform the same or similar work that the Service Provider performs hereunder.

D. The Service Provider shall obtain a business license and, if applicable, pay business and occupation taxes pursuant to Title 5 of the Bainbridge Island Municipal Code.

A. The Service Provider agrees not to discriminate against any employee or applicant for employment or any other person in the performance of this Agreement because of race, creed, color, national origin, marital status, sex, sexual orientation, age, disability, or other circumstance prohibited by federal, state, or local law or ordinance, except for a bona fide occupational qualification.

B. The Service Provider shall comply with all federal, state, and local laws and ordinances applicable to the work to be done under this Agreement.

C. Violation of this Section 7 shall be a material breach of this Agreement and grounds for cancellation, termination, or suspension by the City, in whole or in part, and may result in ineligibility for further work for the City.

8. OWNERSHIP OF WORK PRODUCT

All data, materials, reports, memoranda, and other documents developed under this Agreement, whether finished or not, shall become the property of the City and shall be forwarded to the City in hard copy and in digital format that is compatible with the City's computer software programs.

The City Manager of the City, or their designee, shall be the City's representative, and shall oversee and approve all services to be performed, coordinate all communications, and review and approve all invoices under this Agreement.

10. HOLD HARMLESS AND INDEMNIFICATION

A. The Service Provider shall defend, indemnify, and hold the City, its officers, officials, employees, and volunteers harmless from any and all claims, injuries, damages, losses, or suits including attorneys' fees, arising out of or resulting from the acts, errors, or omissions of the Service Provider in performance of this Agreement, except for injuries and damages caused by the sole negligence of the City.

B. Should a court of competent jurisdiction determine that this Agreement is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Service Provider and the City, its officers, officials, employees, and volunteers, the Service Provider's liability, including the duty and cost to defend hereunder, shall be only to the extent of the Service Provider's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes the Service Provider's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Agreement.

C. The City's inspection or acceptance of any of the Service Provider's work when completed shall not be grounds to void, nullify, and/or invalidate any of these covenants of indemnification.

SCOPE OF SERVICES

Proposal Narrative

- Please answer the following sections separately and number each answer.
- Answers should be specific to services/projects to be funded by City funds.
- For general operating support requests, please address the following questions at the organization-level (rather than program specific).

I. STATEMENT OF PURPOSE

Describe the community needs that the proposed program seeks to address, and the projected short- and long-term impacts. Please document and cite relevant and up- to-date City documents (2016 Community Needs Assessment), demographic or research sources, etc. For *general operating support* requests, describe the organization's mission and projected short- and long-term impacts, as well as the priority needs the organization is addressing.

Since 2001 the Independent Living Program has been addressing the needs of Bainbridge Island residents with services not found elsewhere. Program services preserve the character of Bainbridge Island by supporting the health and safety needs of income qualified residents who are living independently and experiencing the limitations of aging, disability, and chronic conditions. The program provides adaptations and home improvement services to maintain a safe and healthy home environment for island residents.

According to the 2016 American Community Survey, almost 40% of Bainbridge Island's population is 55 or older - the fastest growing segment of the island's population. Since 2000 it has increased by 14.8% which is a faster growth rate than both the state (6.1%) and the county (11.1%) for the same age group over the same period.

The Improved accessibility and fall prevention modifications provided by this program meet the community's commitment to respond to the needs of our aging demographic to remain in their home and home community where they are well established close to familiar services. Completed safety improvements also assist clients to convalesce at home after a hospitalization or rehabilitation stay. This program connects clients with community volunteers and agency partners as well as additional funding sources.

Fall Prevention is a primary focus for healthy living programs offered in the wider community by the CDC; National Council On Aging NCOA; and Washington Department of Health. Each is advocating agendas which include safety assessments at home and developing local physical therapy programs. Data from Washington State Department of Health says there are more than 34 fall-related hospitalizations each day statewide and over 850 elderly men and women died from a fall related injury in 2015. Fall risk is reduced with the accommodations that we make to the homes of our seniors or disabled neighbors.

In the short and medium term, HRB's Independent Living Program meets the need of assisting vulnerable Bainbridge Island residents to live independently in their homes as long as possible. It's a comfort to program recipients when household assets are preserved for future care and living needs. In the long term, it is less expensive for a senior or disabled person to remain at home. Our community is strengthened when our seniors remain living in their home and are free to participate with dignity and security. We believe that this program has great potential to touch the lives of many more of our Bainbridge neighbors. We intend to grow the program to its full potential. One road-block to this program is the large increase in construction costs - materials and labor.

II. PROGRAM SUMMARY

1. What program or services will the requested funds provide and who will be the primary recipients?

HRB's Independent Living Program makes adaptations to existing homes - making them more accessible, safer, and healthier by installing or modifying walkways, stairs, bathroom remodels & protective devices (smoke detectors, key lock boxes, grab bars, handrails, ramps, etc.). The program also addresses issues such as unsafe floors, clutter, dim lighting, water intrusion (to preserve sound structures) and mold growth.

The primary recipients of this program are income qualified senior and/or disabled Bainbridge Island residents. The community members who utilize these services are often long-time residents of Bainbridge Island and have worked to build and contribute to the community that we enjoy today.

Program services are restricted to those reporting less than 80% of AMI (Area Median Income) for Kitsap County (\$46,300 for a single person household in 2018). 90% of Independent Living Program applicants are seniors experiencing fragility in the aging process. The remaining 10% are adults living independently with some limitation or chronic condition(disability) which affects the activities of daily living. There are no age restrictions to qualify.

2. How will recipients access those services?

Accessing information about the program is easy - a phone call, an email or drop in at the HRB office on Erickson Ave. Potential clients are self-referred, family or friend referred, or referred by medical providers as well as other social service agencies.

Our program representative makes the initial interview usually at a client's home to learn their needed improvements. Financially qualified applicants are then invited to collaborate with an appropriate team to include medical recommendations by an occupational therapist, contractors, and project management by staff.

3. What percentage of the population of Bainbridge Island residents who are eligible for these services will be served by this program?

Median household income on Bainbridge Island is over \$100,000. However, according to the American Community Survey, 2,413 Bainbridge households earn less than \$50,000 – with a qualifying health need more than a quarter of the households on Bainbridge, 25.6%, would qualify for this program. Depending on funding and the scope of the project we would expect 100% of those who apply and are qualified would be served.

As affordable and adapted housing units don't meet the demand to serve this growing demographic, it becomes more and more difficult for seniors and disabled people to move from their present situation and makes it more imperative for them to be able to maintain and adapt their homes, in order to stay in them. The lack of affordable housing increases instability in this vulnerable population.

4. How many (or what percentage) of those served overall will be Bainbridge Island residents?

100% of those served will be Bainbridge Island residents.

5. Describe how this request fits within the definition of Human Services as provided in the Human Services Element of the City's Comprehensive Plan:

- Provide people with the tools to achieve economic, social and emotional stability to the best of their ability.
Independent Living preserves dignity as well as economic, social and emotional stability for our seniors and disabled population by allowing them to remain in their homes as long as possible.
- Offer activities and services that promote healthy development of the individual, prevent problems, and support positive outcomes.
The Independent Living program strengthens the connection that our seniors and disabled neighbors have with our community by supporting their independence in a familiar neighborhood and community through home modifications and upgrades. Besides this work our program also connects residents with resources to resolve the challenges of aging and to lessen the problems and depression caused by isolation. These additional programs and services include Area Agency on Aging, social activities and classes at the Bainbridge Island Senior Center, Meals on Wheels, and the volunteer transportation, personal assistance and companionship offered by Island Volunteer Caregivers (IVC).
- Support quality of life programs that enhance the health and well-being of the individual and the community.
The program improves accessibility with a focus on fall prevention. These modifications can make the home viable into the future and preserve the clients' connections to their community and their support system.
- These services may be provided on an emergency, temporary, or ongoing basis, depending on the circumstances.
HRB's Independent Living Program services have a funding limit per household with the objective that many can be served during a budget year. Projects range in cost from \$500 to \$6,000. In the case of extraordinary need exceeding the household limit HRB seeks resources to cover additional costs and complete a project. The availability of program funds allows HRB to respond to an emergency need and to contract work as soon as can be scheduled.

6. Describe how this funding will foster improvement in the range and quality of health, housing and/or human services on Bainbridge Island.

Housing that meets the needs of seniors and people with disabilities has not kept pace at all with the widening gap between the increasing numbers of the aging population and the lengthening life expectancy. Our program adapts units to meet this need. and helps to maintain housing that already exists, making it viable into the future.

7. If other community partners have an essential role in the delivery of proposed program or services, briefly describe their role and commitment (financial and/or non-financial)

HRB relies on its' partnerships with various other community organizations. We work closely with Island Volunteer Caregivers who often refer clients to us regarding the need for accessibility improvements before being able to provide volunteer care at a location. Helpline House makes clients aware of our services to improve the home environment and can occasionally provide supplemental financial support. We conduct outreach at the Bainbridge Island Senior Center.

III. ORGANIZATIONAL STRENGTH

Describe your organization's ability and qualifications to deliver the proposed services in your funding request, and the resources you will dedicate to evaluate the funded activities progress and outcomes to determine success and learnings. Include efforts to coordinate these services with other agencies. Refer to past service record, accomplishments, and learnings, where applicable.

HRB has provided affordable housing solutions to the people of Bainbridge Island for almost 30 years. Our Executive Director has worked in affordable housing for 2 decades. Our Independent Living Coordinator, Julie Stone, has more than 20 years of experience in construction project management and insurance auditing. She's been managing our program for over 15 years and she has advised 100s of people interested in home repairs and project managed repairs to over 100 homes.

We combine our strengths with those of cooperating agencies such as Fair Housing Center of Washington, the Area Agency on Aging, Kitsap Community Resources, USDA, Kitsap County Health District, Helpline House and Island Volunteer Caregivers.

We use only licensed, bonded and insured contractors and have additional insurance through HRBs insurance policy. We train our staff in building codes, adaptive design, aging and other topics that impact seniors and the disabled. Our property maintenance division and the Independent Living Program exchange construction resources and education to increase efficiency locally.

IV. DESIRED OUTPUTS, OUTCOMES and ASSESSMENT

Please complete the following chart to estimate realistic and achievable:

- Outputs - defined as number served or amounts, quantitative in nature)
- Outcomes - how you will gauge success and demonstrate project impact in terms of meeting priorities and needs. Whenever possible, present as measurable data or other objective means of assessment. Please also include how you track these outcomes.

V. PROGRAM EVALUATION PLAN

How often does your organization evaluate the effectiveness of its programming and by what means does it gather this information or data?

Detailed files of the project and household served are maintained during and after project completion. Data is collected on who was served, work that was completed, cost of the project, and lessons learned. HRB is constantly reevaluating this program and learning from previous experiences in order to improve efficiencies and effectiveness. We track how our clients learn about us so that we can better target our marketing efforts. We formally review all program data on a quarterly and annual basis.

Program Budget

For **Program Support** requests, please complete the following Budget Summary (Suggested format is provided below). For general operating support requests, only an organizational budget for FY 2019 is required.

3. Indirect Administrative Costs	\$3,240.00	\$3,960.00							
TOTAL	\$36,000.00	\$44,000.00							
Item 1 - Funds will pay for Human Resources, marketing and advertising the program, training for program staff									
Item 2 - Funds will pay for direct expenses such as contractor labor and materials									
item 3 -Funds will pay for indirect administrative costs to HRB									

4. List other public or private sources of funding you are seeking and have secured to support proposed program or services? Please identify the amount of cash match your organization intends to obtain to leverage City funding to sustain your program or services.

There are few if any grant programs or funding opportunities that provide home safety repairs to individuals. For the few programs that exist, typically eligibility is targeted only to very low-income individuals (30% AMI) and frequently the applicant is required to pay for materials. COBI human services funding provides us the flexibility we need to allow us to serve Bainbridge Island's unique populations.

We also seek individual donor support through fundraisers and individual asks. In past years local donations to the program have increased program funding from time to time.

5. What are the consequences to your clientele, organization and/or the community if you do not receive these funds?

HRB created this program in 2001 to respond to the needs of aging retirees and disabled folks in our community who did not have the financial resources to maintain their homes safely and sustainably. Since that time we have assisted more than 100 households with modifications that made their homes safe and livable.

Lack of funding would limit the Bainbridge Island community's commitment to preserving affordable housing choices not just for this demographic but for the entire community.
