

Draft Plan Goals, Desired Outcomes, and Targets Worksheet

We will use Bainbridge Island’s mobility values to refine the draft Sustainable Transportation Plan goals. These goals and desired outcomes, along with data, will help us prioritize projects, programs, and policies and create tools to support decision making. They should articulate what matters to you and inform how we will track our progress and celebrate our success.

Directions: Work with your subcommittee to help refine these goals and tell us what they mean to you. What does it look like to achieve these goals? How should we define success for each goal?
