

MEETING TRANSCRIPT – BAINBRIDGE ISLAND CITY COUNCIL – BUSINESS MEETING – 06/08/2021

1

00:00:43.380 --> 00:00:55.410

Rasham Nassar: Okay, good evening everyone i'm going to go ahead and call this meeting to order, this is a the regular business meeting of the city council, the date is Tuesday June 8 2021.

2

00:00:56.820 --> 00:01:09.750

Rasham Nassar: We have six Council members present with us this evening we are missing one Council member tonight councilmember phantom Roy Johnson her absence is excused, also with us tonight is the city manager.

3

00:01:11.070 --> 00:01:14.910

Rasham Nassar: The Deputy city manager and the city attorney.

4

00:01:17.100 --> 00:01:27.510

Rasham Nassar: Our first order of business item to on the agenda is an executive session pursuant to our CW 42.3 0.1101 I.

5

00:01:28.050 --> 00:01:38.460

Rasham Nassar: To discuss with legal counsel matters relating to litigation or potential litigation, to which the city, the governing body or Member acting in an official capacity is or is likely to become a party.

6

00:01:38.820 --> 00:01:44.820

Rasham Nassar: When public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the Agency.

7

00:01:45.540 --> 00:01:59.940

Rasham Nassar: the scheduled time for that executive session Council is 30 minutes, the time is now 6:01pm we expect to return to open session from executive session at approximately 6:31pm city attorney.

8

00:02:00.420 --> 00:02:05.730

Joe Levan: that's in Council, you will leave this meeting, and I will send you a link to the exact session you'll join through that link.

9

00:02:07.050 --> 00:02:07.710

Joe Levan: See you soon.

10

00:33:39.030 --> 00:33:40.080

Rasham Nassar: I think we're all back now.

11

00:33:43.380 --> 00:33:44.010

Rasham Nassar: Okay, great.

12

00:33:46.950 --> 00:34:02.640

Rasham Nassar: Council has returned from its executive session, time is 6:33pm and we will now reconvene this regular business meeting of the city council, we are on item three, and our agenda approval of the agenda, how does the agenda look tonight Council.

13

00:34:04.710 --> 00:34:06.090

Rasham Nassar: Long Council member do.

14

00:34:07.560 --> 00:34:11.010

Joe Deets: I thank you mayor, I moved to approve the agenda as presented.

15

00:34:13.980 --> 00:34:17.790

Rasham Nassar: Council member car second step is there any discussion on the motion.

16

00:34:19.140 --> 00:34:20.850

Rasham Nassar: All those in favor please say Aye.

17

00:34:21.300 --> 00:34:22.650

Christy Carr: Aye Aye.

18

00:34:23.880 --> 00:34:24.960

Rasham Nassar: Any opposed.

19

00:34:27.000 --> 00:34:34.560

Rasham Nassar: The agenda is approved unanimously conflict of interest disclosure is next Center any conflicts of interest to disclose this evening Council.

20

00:34:36.540 --> 00:34:37.560

Rasham Nassar: Council member deeds.

21

00:34:39.870 --> 00:34:57.570

Joe Deets: yeah Thank you mayor, yes, on items 11 be let them see 11 D, some of the candidates for these committee assignments have endorsed me for my reelection and to avoid the parents of there being a conflict of interest i'm going to be abstaining from the voting.

22

00:35:01.890 --> 00:35:07.440

Rasham Nassar: Thank you for saying that disclosure councilmember deeds any anything else Council.

23

00:35:10.140 --> 00:35:15.480

Rasham Nassar: Okay, seeing none, we will now on to item for in our agenda, which is public comment.

24

00:35:15.990 --> 00:35:22.530

Rasham Nassar: members of the public, if you would like to give public comment tonight you can find instructions and guidelines for providing public comment.

25

00:35:23.070 --> 00:35:33.210

Rasham Nassar: attached in the agenda packet accompanying this item, he would like to speak this evening, please use the raise hand feature on zoom it appears route in the middle of the box.

26

00:35:33.630 --> 00:35:44.670

Rasham Nassar: On the bottom of your zoom screen, I will call your name in the order that the hands appear raised once your name is called the city clerk will facilitate you coming over into our zoom room at which.

27

00:35:45.120 --> 00:35:54.060

Rasham Nassar: You may unmute yourself state your name the street you live on and begin your public comment period, keeping in mind, please that we limit public comment to three minutes.

28

00:35:56.100 --> 00:35:59.250

Rasham Nassar: We will begin our public comment period with David Shaw.

29

00:36:09.090 --> 00:36:09.480

davidshaw: Hello.

30

00:36:13.770 --> 00:36:14.220

davidshaw: How are you.

31

00:36:16.590 --> 00:36:17.280

Rasham Nassar: Well, thank you.

32

00:36:18.360 --> 00:36:19.650

davidshaw: So i'd like to.

33

00:36:20.790 --> 00:36:23.700

davidshaw: address the ordinance around plastics.

34

00:36:26.220 --> 00:36:26.610

davidshaw: and

35

00:36:28.050 --> 00:36:28.830

davidshaw: restaurants for.

36

00:36:30.630 --> 00:36:53.100

davidshaw: me on the Madison diner my wife and I, and as we were caught off guard and surprised by this plastics audience we just wanted to reach out to some of the other local restaurant tours and retailers, that this would impact, and we all agree that.

37

00:36:54.900 --> 00:36:59.430

davidshaw: it's imperative that we address them tours are always trying to.

38

00:37:00.450 --> 00:37:12.150

davidshaw: figure out what is the right thing to do in terms of our business and how we can adapt to consumer needs, and we all believe that we're.

39

00:37:13.320 --> 00:37:21.900

davidshaw: Part of a very small ecosystem here on the island and that we want to leave as little footprint as possible.

40

00:37:23.460 --> 00:37:26.070

davidshaw: But as we read through this ordinance.

41

00:37:27.090 --> 00:37:34.320

davidshaw: we're kind of surprised that this passed through texts on cups specifically.

42

00:37:35.550 --> 00:37:39.210

davidshaw: is going to be it's a hard pill to swallow.

43

00:37:40.380 --> 00:37:43.800

davidshaw: And we're surprised were surprised that.

44

00:37:45.360 --> 00:37:46.080

davidshaw: A few things.

45

00:37:48.060 --> 00:38:01.380

davidshaw: sb 5022 22 was just passed and the ink is barely dry on that document, and I think we would all agree that.

46

00:38:02.430 --> 00:38:13.740

davidshaw: inslee signed into law, one of the most ambitious environmental protection laws that we will deal with, and we all believe this is great.

47

00:38:15.480 --> 00:38:24.060

davidshaw: So we're surprised that we're trying to even go further than that, when we as restaurant tours and consumers.

48

00:38:25.170 --> 00:38:26.640

davidshaw: are trying to figure out the first step.

49

00:38:27.990 --> 00:38:42.840

davidshaw: we're also surprised that as restaurant tours in the central Ward where the highest concentration of restaurants are on this island that no one has approached close to two dozen of us to speak about this directly.

50

00:38:44.850 --> 00:38:56.190

davidshaw: And, and the last thing that I want to say is it's great that we're creating or part of this is going to be educational.

51

00:38:57.690 --> 00:39:01.020

davidshaw: But we feel that the education.

52

00:39:02.430 --> 00:39:15.270

davidshaw: Is not just supposed to happen for the restaurant tours but also for the consumers we're being held accountable to what a consumer does with a product after we give it to them.

53

00:39:16.050 --> 00:39:33.810

davidshaw: We can't control that and we we just don't feel that this ordinance has really been thought out, or even tabled with businesses that are going to be impacted the most, thank you for your time.

54

00:39:39.300 --> 00:39:41.220

Rasham Nassar: Next is Diane Landry.

55

00:39:46.710 --> 00:39:54.360

Diane LANDRY: hi i'm i'm Diane Landry I live at 9345 Olympus beach road i'm here tonight, also to speak about the plastics ordinance.

56

00:39:54.840 --> 00:40:02.970

Diane LANDRY: i've been director of Bainbridge Island zero waste for the past 11 years doing events Community events waste management running styrofoam recycling collections.

57

00:40:03.270 --> 00:40:09.090

Diane LANDRY: Helping to manage the table were lending library and doing many forms of Community outreach regarding reuse, recycling and composting.

58

00:40:10.080 --> 00:40:20.970

Diane LANDRY: And I know that doing something about the current food service where practices, has been on the radar of various Council members, since 2017 so i'm glad to see that there's an ordinance before comfortable right now.

59

00:40:21.720 --> 00:40:37.980

Diane LANDRY: But I totally empathize with Mr Shaw, who just spoke in in that I the restaurants, have to be a part of this discussion, because they it's affecting them directly, and they have the insight that we were not restaurateurs, do not have.

60

00:40:40.740 --> 00:40:47.670

Diane LANDRY: And so I you know, however, you guys go about doing this, they should be invited in before the final ordinances drafted.

61

00:40:49.080 --> 00:40:54.360

Diane LANDRY: And then, but plastic is just a it's a huge problem it's it's a.

62

00:40:55.140 --> 00:41:01.680

Diane LANDRY: it's a it's an existential threat to the marine wildlife it's it comes into our bodies every single day through food, water, air.

63

00:41:01.920 --> 00:41:13.200

Diane LANDRY: We just a credit cards worth of plastic a week we don't know what it's doing to our bodies it's just and they'll oil and gas companies are turning to single use plastic as a revenue source because they're non renewable.

64

00:41:13.620 --> 00:41:21.390

Diane LANDRY: Oil and gas sources are drying up so so something needs to be done and I just pointed edmonds, which was the first Community in Washington state that.

65

00:41:21.750 --> 00:41:29.670

Diane LANDRY: instituted a bag ban and then other communities followed and eventually because of that ground swell it became a State law last year.

66

00:41:30.480 --> 00:41:44.430

Diane LANDRY: And so I think something similar can happen in this instance where you know little bainbridge island can start out with something that has not been done before in the state that addresses the single use plastic issue and then hopefully that will build into a State law.

67

00:41:46.140 --> 00:41:50.610

Diane LANDRY: So I, and I really like to know i'd really like to hear from Mr Shaw like what what is this.

68

00:41:51.420 --> 00:42:04.350

Diane LANDRY: what's the hard pill to swallow in terms of like the past three tax for the COPs and just just a really please hear from these restaurant tours before this ordinance is finalized i'm not sure what my time is, I just want to also add that.

69

00:42:05.640 --> 00:42:08.370

Diane LANDRY: That I seen the draft ordinance and I do have some.

70

00:42:09.570 --> 00:42:21.000

Diane LANDRY: issues with certain parts of it to regarding biodegrade ability reuse in request, so I just hope you know there's a lot more discussion before this ordinance is finalized, thank you.

71

00:42:27.240 --> 00:42:28.890

Rasham Nassar: Next is Bob Russell.

72

00:42:33.300 --> 00:42:39.810

Bob Russell: Hello Madam mayor and city council members and a new city manager Blair came.

73

00:42:41.220 --> 00:42:41.610

Bob Russell: i'm.

74

00:42:42.990 --> 00:42:46.140

Bob Russell: i'm really embarrassed tonight for the city.

75

00:42:47.550 --> 00:42:49.920

Bob Russell: To make the following testimony.

76

00:42:51.210 --> 00:42:56.130

Bob Russell: concerns the safety deficiencies at the round about on why at Madison.

77

00:42:57.210 --> 00:43:08.970

Bob Russell: and its its lack of visible markets and approaches approach signage at that intersection I think this projects been done for maybe I don't know, two months, maybe.

78

00:43:09.840 --> 00:43:18.780

Bob Russell: And it's a heavily used intersection by people from the south into the island and so tonight, I request or actually I demand.

79

00:43:19.440 --> 00:43:28.950

Bob Russell: Tonight, that the City Council director new city manager, who I believe to be a fine gentleman to direct the public works department.

80

00:43:29.730 --> 00:43:38.250

Bob Russell: To pay the circumference of the middle platform of the of the round about and get the same yellow paint on the curbs that approach.

81

00:43:38.970 --> 00:43:56.130

Bob Russell: Heading North on Madison at least get that done and then also to provide maybe three White one way arrow stencils around the circumference of the same roundabout platform nothing complex something a painter can do.

82

00:43:57.720 --> 00:44:03.810

Bob Russell: You know the time is expired, the trust that the city's gonna get this round about fixed.

83

00:44:04.950 --> 00:44:13.140

Bob Russell: i've talked with the public works director in the last week or so and I was convinced that he was going to get something done.

84

00:44:14.250 --> 00:44:25.140

Bob Russell: I was wrong, unfortunately, I even drove down today, hoping I wouldn't have to testify tonight to see if anything's been done at that round about and it hasn't.

85

00:44:26.040 --> 00:44:35.670

Bob Russell: i'm sure that several of the i'm sure some of you Council members watch Facebook Facebook has many, many postings on the roundabout ever since it was put in.

86

00:44:36.540 --> 00:44:43.740

Bob Russell: The see click fix it on the city website where do report deficiencies has all kinds of postings.

87

00:44:44.130 --> 00:44:50.700

Bob Russell: I don't know if wake up bainbridge had anything I watched that quite a bit usually they pick up on it, I don't think they had anything.

88

00:44:50.970 --> 00:45:00.180

Bob Russell: I didn't see anything in the review, I asked the public works director, to be sure, and put it, what they're going to do at the roundabout in the city managers.

89

00:45:01.980 --> 00:45:09.300

Bob Russell: Report on Fridays because it's too darn important when I was down there today, I came from the north heading south.

90

00:45:09.930 --> 00:45:15.870

Bob Russell: And there was two cars on the opposite side of Ericsson frozen they didn't know what to do.

91

00:45:16.740 --> 00:45:23.760

Bob Russell: I drove around the round about i'm very comfortable there, though I have to watch the third someone that's going to come over the middle of the roundabout.

92

00:45:24.210 --> 00:45:30.180

Bob Russell: and T bone me, but I think they sat there, and nothing happened, I saw my rearview mirror they finally move forward.

93

00:45:30.990 --> 00:45:45.630

Bob Russell: So I really please direct the city manager to get get some yellow paint put down and get some arrows on that roundabout and let the City Council know when you're going to get some proper signage up so people aren't going to get hurt, thank you very much.

94

00:45:49.890 --> 00:45:51.690

Rasham Nassar: Next is Cindy Anderson.

95

00:45:56.250 --> 00:45:57.180

cindy anderson: Oh Hello.

96

00:45:58.320 --> 00:46:07.380

cindy anderson: First of all, I, I agree with the person who talked about the plastics ordinance and asked you to get restaurant.

97

00:46:08.070 --> 00:46:18.780

cindy anderson: Owners more involved in it, because I think this share with Kobe and the hard time restaurants, have had making anything more difficult for them right now.

98

00:46:19.590 --> 00:46:32.160

cindy anderson: would be a mistake and in a while I agree we need to do things about the plastic to be ultimately careful second thing is, I completely agree with what was just said about the round about it's it's dicey.

99

00:46:33.000 --> 00:46:39.960

cindy anderson: I mean i've driven down there, and if you don't really see it at first and it's hard to figure out exactly where you should be driving.

100

00:46:41.550 --> 00:46:58.260

cindy anderson: And I mean it doesn't make a lot of sense and other people who enter the intersection also you know just seem hesitant, so I think the ideas of adding some paint you know that's great idea and the third thing I want to say is gosh Thank you.

101

00:46:59.820 --> 00:47:03.570

cindy anderson: Know Marin Azhar you've done, I mean you've just.

102

00:47:04.740 --> 00:47:25.380

cindy anderson: reformed how meetings are conducted as they're so short now that it's it's pleasant and and you know I want to thank Christie for nominating you for mayor and thank you and all the rest of you for what you've done to make the meetings move quickly, and thank you.

103

00:47:30.240 --> 00:47:32.730

Rasham Nassar: Next is sounds Rosalia.

104

00:47:37.230 --> 00:47:48.660

Sal DeRosalia: hello, my name is sal Rosalia and I live on Jacqueline lane off of Madison avenue in the central ward of bainbridge island Cindy this meeting supposed to end at about 10 o'clock tonight so hold on we may have a long one.

105

00:47:49.800 --> 00:47:56.730

Sal DeRosalia: A couple things I want to say tonight and they both regard the central Ward a few things actually first is i'm running for city council to the central Ward.

106

00:47:57.600 --> 00:48:06.510

Sal DeRosalia: Second, is, I think that the the plastic ban the new plastic band, and the restaurant tours calling in for public comment.

107

00:48:07.140 --> 00:48:14.730

Sal DeRosalia: And the people supporting it is a really good example of why we eat some kind of standing business committee or Commission inside of the city council.

108

00:48:15.210 --> 00:48:30.300

Sal DeRosalia: I think if this committee existed there would there would have been restaurant owners on it, the City Council would have had them to help advise them on this and rather than kind of bring forward something without you know, involving the people it's going to directly affect.

109

00:48:31.320 --> 00:48:35.880

Sal DeRosalia: we're going to we're kind of here, so I would just I would love to see us.

110

00:48:36.780 --> 00:48:45.000

Sal DeRosalia: Work on getting some kind of standing business committee and then I would just also ask the Council that, unless you have a plan in place to subsidize how this may affect the businesses.

111

00:48:45.330 --> 00:48:50.370

Sal DeRosalia: I would ask that you don't put this place to change, right now, or excuse me, you don't put this change in place right now.

112

00:48:50.760 --> 00:48:56.370

Sal DeRosalia: And that you do bring in the business owners and that you come up with a plan that's a little bit more thought out so that.

113

00:48:57.360 --> 00:49:03.360

Sal DeRosalia: Whether they're subsidizing that goes on or however they may need help to deal with this right now, but you know, certainly, because of coven.

114

00:49:04.050 --> 00:49:11.670

Sal DeRosalia: I think now's a really good time to really pay attention of business owners, because if they leave what what's going to replace them and who are they going to serve so.

115

00:49:12.240 --> 00:49:18.120

Sal DeRosalia: The second thing is, I totally agree about the round about I live probably about 25 steps from this round about.

116

00:49:18.930 --> 00:49:26.940

Sal DeRosalia: And I can tell you I see people run over the middle of it all day for for fun some people just can't make the turn some people are really bad drivers.

117

00:49:27.600 --> 00:49:34.620

Sal DeRosalia: I hear the horns honking throughout the course of the day, I hear people slamming on the brakes I hear people yelling at each other.

118

00:49:35.340 --> 00:49:44.880

Sal DeRosalia: So, so I think I don't know what the answer is, I don't know if it's paint or this or that that's not what I do for a living, so I would hope that we could just lean on the professionals that do that stuff.

119

00:49:45.600 --> 00:49:52.260

Sal DeRosalia: But I do think that that's something besides like senior paint night should be done to the intersection like it's cute I think they could have done better.

120

00:49:52.950 --> 00:50:06.600

Sal DeRosalia: But, but I think that we need to do something with that intersection because I do think that there is going to be something that happens in a significant way there soon so hopefully we do something to mitigate that that's all I got for tonight, thank you.

121

00:50:10.050 --> 00:50:11.760

Rasham Nassar: Next is Nora nigam.

122

00:50:15.810 --> 00:50:26.970

Nora Nickum: Good evening Council members thanks for the opportunity to comment, my name is Nora Nicole, I live on CD lane here in Winslow and I'm calling him to comment on the local single use plastics ordinance.

123

00:50:27.480 --> 00:50:33.270

Nora Nickum: I work on plastic policies for the Seattle aquarium in addition to caring personally very deeply about this issue.

124

00:50:33.600 --> 00:50:47.310

Nora Nickum: And the Seattle aquarium research team does bi weekly water sampling in Puget Sound and finds micro plastics in every single sample, this is really a very close to home issue, and of course we all see plastics on the beaches on the island, more than we would like.

125

00:50:47.790 --> 00:50:57.120

Nora Nickum: Plastic pollution does harm marine wildlife and contaminates our beaches, it also uses fossil fuels generate significant greenhouse gas emissions and harms frontline communities.

126

00:50:57.900 --> 00:51:02.940

Nora Nickum: And the ordinance before you as the priority action in the Climate Action Plan and has been for several months already.

127

00:51:03.420 --> 00:51:13.830

Nora Nickum: bainbridge island can lead by example and make local changes that can contribute to additional forward movement at the state and national levels, it really helps to build that momentum locally and carry forward.

128

00:51:14.580 --> 00:51:23.490

Nora Nickum: To broader policy change, so I support movement on all of the items in the draft ordinance with certainly the opportunity for input from local businesses.

129

00:51:23.910 --> 00:51:39.450

Nora Nickum: And maybe to speak to the disposable cup fee the intent of that, as I understand it, and, as it has been done in other jurisdictions is to really meaningfully inspire behavior change so that people remember to bring their reusable mugs and cups.

130

00:51:40.200 --> 00:51:45.360

Nora Nickum: To get drinks and restaurants keep the full 25 cents, the tax does not go to the city.

131

00:51:45.990 --> 00:51:58.440

Nora Nickum: And my understanding is that restaurants could change the price of the beverage if they don't want all the prices to go up for the customer is just that the fee on the disposable Cup has to be separate and visible because that's what inspires the behavior change.

132

00:51:59.130 --> 00:52:04.260

Nora Nickum: But I think more discussion on all of the items in the ordinance would be worthwhile.

133

00:52:04.710 --> 00:52:18.870

Nora Nickum: There are also a few technical fixes that are needed to not conflict with the new State law and to clean up the definitions and I'll just note that I sent those inputs by email, to the Council earlier today, so thank you and I urge the Council to move this ordinance forward.

134

00:52:23.610 --> 00:52:25.260

Rasham Nassar: Next is Erica shriner.

135

00:52:38.760 --> 00:52:42.660

Rasham Nassar: Erica you're not i'm unmuted quite yet we can't hear you yet.

136

00:52:43.650 --> 00:52:46.650

Erika Shriner: There we go right thanks.

137

00:52:47.730 --> 00:52:58.500

Erika Shriner: I headed up waste reduction programs in two different communities in Virginia and maine I work with great people educating the public holding special events zero waste fairs.

138

00:52:59.040 --> 00:53:07.710

Erika Shriner: Creating school programs addressing civic organizations and much more and our efforts were mirrored by countless groups across the country.

139

00:53:08.190 --> 00:53:18.390

Erika Shriner: My fellow activists and I had high hopes we were sure that we were on the cusp of big changes we envision a future greatly with greatly reduced waste.

140

00:53:18.660 --> 00:53:24.960

Erika Shriner: No more single use plastic no more plastic waste in our waters along roadways or ground into our soil.

141

00:53:25.500 --> 00:53:36.210

Erika Shriner: This race waste revolution would all be due to public education and voluntary action by manufacturers businesses restaurants groceries and consumers.

142

00:53:36.600 --> 00:53:48.870

Erika Shriner: Sadly, we were wrong on all counts, especially that part about voluntary action here's where we are today plastic waste has increased by almost 50% in the last two decades.

143

00:53:49.320 --> 00:53:57.990

Erika Shriner: It was recently discovered that it's not 8 million tons of plastic that enters our oceans each year but 11 million tons.

144

00:53:58.410 --> 00:54:12.690

Erika Shriner: This amount is expected to triple by 2040 50% of plastic waste is for one time use only and then usually discarded within minutes think plastic straws plastic cups plus utensils.

145

00:54:13.470 --> 00:54:24.570

Erika Shriner: Only 9% of plastic is recycled and that will be going down because we don't have any markets for recycled plastic with what's been happening with China and Asia.

146

00:54:24.930 --> 00:54:39.480

Erika Shriner: The US produces by far the largest amount of plastic waste and it continues to grow, each of us produces almost 290 pounds of plastic waste per year and that's pre pandemic.

147

00:54:40.170 --> 00:54:49.680

Erika Shriner: And if voluntary action worked we wouldn't see progressive cities like Seattle and Berkeley past some of the most stringent waste laws in the country.

148

00:54:51.090 --> 00:54:59.070

Erika Shriner: The solution to our evergreen plastic problem is and can only be government intervention, thankfully, you are willing to take this on.

149

00:54:59.550 --> 00:55:08.910

Erika Shriner: I am hopeful that, while you work on the ordinance, you will remember those pictures of beaches covered with plastic dead or injured birds and marine.

150

00:55:09.420 --> 00:55:23.460

Erika Shriner: Life filled with plastic and what you can't see the micro plastics in our bodies and those of newborn babies that have been linked to cancers birth defects impaired immunity and reproductive problems to name and that's just a few.

151

00:55:24.090 --> 00:55:34.110

Erika Shriner: But please don't equivocate make this ordinance equal to the seriousness of the problem and one that other communities will then have the courage to enact.

152

00:55:34.800 --> 00:55:40.140

Erika Shriner: I understand this may seem to be difficult for restaurant tours and that type of thing.

153

00:55:40.560 --> 00:55:48.090

Erika Shriner: But I think they also need to be reminded that they've seen these pictures of the ocean they know about our plastic problems.

154

00:55:48.570 --> 00:56:06.330

Erika Shriner: And these are some of the problems they could have taken care of years ago, yes, they probably should be part of this but, but please, they need to understand that it's not just them that's affected it's us it's our health it's our water it's our environment, thank you very much.

155

00:56:09.930 --> 00:56:12.360

Rasham Nassar: Next is Ross Lambert.

156

00:56:15.360 --> 00:56:20.820

Ross Lambert: Hello Council members, my name is Ross Lambert and I live off from click the central word, can you hear me all right.

157

00:56:22.350 --> 00:56:22.680

Rasham Nassar: Okay.

158

00:56:22.800 --> 00:56:23.880

Rasham Nassar: Right, yes, we can hear us.

159

00:56:24.300 --> 00:56:30.360

Ross Lambert: Next, and i'm calling in to comment on the multifamily tax exemption that you're considering today.

160

00:56:31.500 --> 00:56:47.100

Ross Lambert: We know that building multifamily housing in walkable areas that are served by transit is the most sustainable way that we can grow and, as you all know, growth is a big deal on bainbridge and and often a controversial issue.

161

00:56:48.540 --> 00:56:58.530

Ross Lambert: land is a precious resource on our island, the only way that we can grow without creating sprawl that eats up our rural land is to build multifamily housing in core areas.

162

00:56:59.130 --> 00:57:06.750

Ross Lambert: I want to encourage the console to adopt the M amp T in the propose areas, because I believe it advances to have our highest values.

163

00:57:07.320 --> 00:57:16.440

Ross Lambert: Creating an inclusive affordable community and reducing our environmental footprint, thank you for your time and I hope that the console will advance this proposal.

164

00:57:19.440 --> 00:57:20.970

Rasham Nassar: Next is Hayes gory.

165

00:57:25.620 --> 00:57:27.270

Hayes Gori: Okay, thank you counsel, can you hear me.

166

00:57:29.220 --> 00:57:30.240

Rasham Nassar: Yes, we can hear you.

167

00:57:31.020 --> 00:57:35.820

Hayes Gori: Okay, great well that's a that's a great segue from the previous speaker Hello hey is corey.

168

00:57:36.330 --> 00:57:49.380

Hayes Gori: I live up on Venice loop by battle point park i'm here tonight to speak on behalf of the wintergreen townhomes project that is currently working its way through the land use review process we're just about to come back to the design review board on June 21.

169

00:57:50.700 --> 00:57:59.760

Hayes Gori: This is not so much a comment, as it is kind of a presentation we were hoping to get on the Council agenda formally as an agenda item, but we were told by city staff that this was the way.

170

00:58:00.390 --> 00:58:08.820

Hayes Gori: to proceed at this time, so the asked at the end of this Council so inclined, is that we get put on the agenda as a formal agenda item at a later meeting.

171

00:58:10.500 --> 00:58:22.110

Hayes Gori: My partner David Smith send an email to Council earlier this afternoon, regarding the project, the the subject line as well it's regarding the proposed 73 town on winter being project.

172

00:58:23.340 --> 00:58:33.540

Hayes Gori: included a project summary for Council to review and also a link with some some renderings of the project, including a video and also some some.

173

00:58:34.530 --> 00:58:45.150

Hayes Gori: mockups of the front and back of the unit says they're currently conceived So hopefully Council had a chance to review, if not, please, please do so, but specifically.

174

00:58:46.350 --> 00:59:02.130

Hayes Gori: there's an email that Mr Smith attached to his email and that's it's our proposal with respect to this particular project which is situated up at the what's colloquially known as the Wisconsin site up between walgreens in Virginia mason.

175

00:59:03.420 --> 00:59:09.180

Hayes Gori: we're posing 73 units 31 of which are going to be income qualified affordable housing.

176

00:59:10.440 --> 00:59:20.400

Hayes Gori: And the proposal is number one Well, first of all we're not requesting any a waiver or exemption from any fees that is not what we're asking we're asking number one.

177

00:59:21.270 --> 00:59:31.230

Hayes Gori: That we're allowed to pay the land use fees for all 73 units, as we draw building permits, as opposed to lump sum at the outset that, obviously, is a heavy financial burden.

178

00:59:31.590 --> 00:59:40.140

Hayes Gori: So that that would help us with cash flow and then the second component of the request is that for the 31 income qualified affordable units.

179

00:59:40.800 --> 00:59:45.360

Hayes Gori: All the fees that we pay would be deposited into the city's housing Trust Fund.

180

00:59:46.020 --> 00:59:55.170

Hayes Gori: And, if necessary, could be used to help the project should there be a shortfall of funds with either housing resources bainbridge or housing kits out.

181

00:59:55.920 --> 01:00:14.520

Hayes Gori: So again, not a waiver, not an exemption request just being able to pay the fees serially as we go to help with cash flow and then to help fund the housing Trust Fund so in the event that there's a shortfall with grants or self help funds for the project those can be plugged up.

182

01:00:15.600 --> 01:00:27.360

Hayes Gori: So I see my time's running short but, but you know it's really doesn't need to be said that there's a really a crisis with affordable housing, if you read the comprehensive plan which David Smith provided excerpts from and his email.

183

01:00:27.870 --> 01:00:38.730

Hayes Gori: I mean it screams of the necessity for the city to support developers with affordable housing and specifically for the high school road district to convert it to multi use.

184

01:00:39.180 --> 01:00:52.500

Hayes Gori: affordable housing, you know non auto centric and that's exactly what our project seeks to do so again, the request is if we can please get on the council's agenda for a later meeting, and we can flesh out a proposal.

185

01:00:53.130 --> 01:00:57.360

Hayes Gori: in more detail, and hopefully have a dialogue with Council, so thank you.

186

01:01:00.390 --> 01:01:02.310

Rasham Nassar: Next is phaedra Elliot.

187

01:01:08.010 --> 01:01:12.300

Phedra Elliott: Anything Council, this is phaedra Elliot from housing resources bainbridge.

188

01:01:12.720 --> 01:01:19.290

Phedra Elliott: And I just wanted to urge you to consider the proposal that Hayes just talked about made by central highlands regarding the placement.

189

01:01:19.650 --> 01:01:27.600

Phedra Elliott: of impact fees for affordable housing units into the housing Trust Fund, it could be used for things like downpayment assistance or other housing needs.

190

01:01:28.320 --> 01:01:35.850

Phedra Elliott: To assist to assist nonprofits or low income buyers and if you may recall the affordable housing Task Force report.

191

01:01:36.240 --> 01:01:41.010

Phedra Elliott: Had a recommendation in it around reduced fees for affordable housing developers or projects.

192

01:01:41.490 --> 01:01:47.610

Phedra Elliott: And while ch I suggestion doesn't exactly match that recommendation, it does have a similar flavor and intent.

193

01:01:48.090 --> 01:01:54.000

Phedra Elliott: And we feel like it's worth looking at and considering for this project that wintergreen as well as others into the future.

194

01:01:54.420 --> 01:02:04.650

Phedra Elliott: So I hope that this as well as a reduction of permits and fees overall for affordable projects will just be a part of ongoing work that Council does in this area, thank you.

195

01:02:07.980 --> 01:02:09.810

Rasham Nassar: Next is Dean nail.

196

01:02:15.090 --> 01:02:15.720

Dean Nail: Can you guys hear me.

197

01:02:17.280 --> 01:02:17.550

Rasham Nassar: yeah.

198

01:02:18.630 --> 01:02:29.820

Dean Nail: So i'm the nail with housing kits APP and we're looking to partner with HIV in this project we are fairly strong self up component to to.

199

01:02:30.540 --> 01:02:47.100

Dean Nail: This project and we're looking to manage the construction, we also would be you know responsible for the cost estimating and number of all loans and, obviously, the cost of land and construction these kinds of things will help us meet.

200

01:02:48.330 --> 01:03:05.880

Dean Nail: You know, affordability, that is something that can attract people for this project it's you know it's hard to get people qualified there's a very small window there, and these these requests will help us find families and make this a successful project.

201

01:03:07.200 --> 01:03:08.160

And that's all thank you.

202

01:03:13.170 --> 01:03:17.010

Rasham Nassar: So I don't currently see any other hands raised from members of the public, I will.

203

01:03:18.120 --> 01:03:20.280

Rasham Nassar: pause here just to remind members of the public, that if.

204

01:03:22.680 --> 01:03:30.150

Rasham Nassar: You haven't already spoken, you can use the raise hand feature that is located at the middle of your zoom screen so i'll just wait one moment before moving on.

205

01:03:35.190 --> 01:03:46.950

Rasham Nassar: Okay, seeing no other hands raised by members of the public, I will not close the public comment period and Council, we are moving on in our agenda to item five city managers report city manager.

206

01:03:47.580 --> 01:03:56.430

Blair King: Thank you, here I have basically I think three items I just like to share with you the first deals with the reopening of City Hall, to the public.

207

01:03:57.330 --> 01:04:05.460

Blair King: So we're aware that the governor has announced that the State code restriction is related to gatherings and I can see.

208

01:04:05.880 --> 01:04:17.070

Blair King: will be rescinded on June the 30th we're also aware about process 75% as of right now of bainbridge island residents 12 years and over have been vaccinated.

209

01:04:17.430 --> 01:04:27.180

Blair King: recognize that also that is exceeds the president's expectation that 7% of population is going to be vaccinated by July differ by July 4.

210

01:04:28.110 --> 01:04:43.350

Blair King: I sent a memo out day to city staff at City Hall, indicating that we will be opening City Hall, to the to the public on July, the first and I wanted to let the public know and let you know that that's our expectation that we will resume in public.

211

01:04:45.300 --> 01:04:55.500

Blair King: allow the public to come to City Hall and engage in business, this is a public building and we want to be consistent with what is happening in the private sector and with other public institutions.

212

01:04:56.640 --> 01:05:04.620

Blair King: The second thing i'd like to mention to you is, I know that i've been asked what is happening with the police court facility what am I doing with that right now.

213

01:05:05.130 --> 01:05:13.800

Blair King: What i'm doing is, I am, this is a project that's a nine years plus in the making, this is my fourth week and I am reviewing where this project stands.

214

01:05:14.760 --> 01:05:23.670

Blair King: I will be visiting, for example, the port, building on June the 11th with regard to pausing the project right now the design plans.

215

01:05:24.480 --> 01:05:32.040

Blair King: For the construction project are 100% complete, but we can pause this project for about six to 12 months.

216

01:05:32.880 --> 01:05:38.340

Blair King: With no negative consequences after 12 months there may be some negative consequences if we paused project.

217

01:05:39.240 --> 01:05:45.300

Blair King: Also, something terms of where we are with this project, the cash that we have on hand is invested in.

218

01:05:46.260 --> 01:05:57.300

Blair King: Pursuant to the direction that we have because government investment emphasizes security over yield that money is earning a whopping about quarter percent.

219

01:05:58.080 --> 01:06:04.290

Blair King: return on investment, so we want to watch that because we know that over time that's like little mice eating the food up.

220

01:06:05.280 --> 01:06:12.660

Blair King: But that's the intention, what I envision of that at some point time the not too distant future, that we will have a Community workshop.

221

01:06:13.110 --> 01:06:18.120

Blair King: I would like that workshop, probably to focus on what the issues are, and the need versus solutions.

222

01:06:18.510 --> 01:06:24.630

Blair King: I think it's important that we all agree on what the issue is, and then we can talk about the solution and move things forward.

223

01:06:25.050 --> 01:06:31.950

Blair King: that's what's happening there and then find an item that came up here during public comment, the issue of the white round about.

224

01:06:32.820 --> 01:06:40.680

Blair King: I know the director of engineering public works isn't working on that, I would like to be in a position to come back to you on the 15th of the 22nd.

225

01:06:41.040 --> 01:06:54.600

Blair King: With some more information about where we stand with that I know that is a Community concern and I don't know if we'll make it by the next meeting, but certainly I think in two weeks, we can bring back some positive and also, I have gotten a couple of innovative ideas, I will say that.

226

01:06:55.650 --> 01:07:09.900

Blair King: Some of them are creative, it is a tight round about we do want to make the safe as possible and it says well as possible, and when I think that concludes what I have in terms of city maxim court for this evening and mirror.

227

01:07:11.310 --> 01:07:18.060

Rasham Nassar: Thank you city manager Council we are now moving on our agenda to item six, the consent agenda.

228

01:07:20.730 --> 01:07:24.420

Rasham Nassar: councilmember like to offer emotion on the floor Council member deeds.

229

01:07:24.750 --> 01:07:29.640

Joe Deets: yeah Thank you mayor i'll go ahead and do it, I moved to approve the consent agenda is presented.

230

01:07:33.480 --> 01:07:36.720

Rasham Nassar: Deputy Mayor hi topless second set motion is if discussion on that motion.

231

01:07:38.940 --> 01:07:42.570

Rasham Nassar: All those in favor of approving the consent agenda, as presented, please say Aye.

232

01:07:43.290 --> 01:07:43.560

Aye.

233

01:07:45.750 --> 01:07:56.970

Rasham Nassar: Any opposed consent agenda has been approved unanimously moving on in our agenda where we are now on item seven future Council agendas at this point i'm going to turn it over to.

234

01:07:56.970 --> 01:08:06.870

Rasham Nassar: Our city manager to highlight the most significant or relevant items that are scheduled for future Council agendas for the benefit of the public and the Council city manager.

235

01:08:07.470 --> 01:08:16.770

Blair King: Yes, thank you bear, I would like to point out that our June 15 study section, the next meeting of the city council that we do have.

236

01:08:17.400 --> 01:08:24.630

Blair King: A discussion of the American rescue plan act funding will let you know, so I want to tell you, before you read it someplace else.

237

01:08:25.080 --> 01:08:36.420

Blair King: that the State communicated Monday with our director of finance and it appears that the city of bainbridge island will receive proximate seven knowing six to \$1,000.

238

01:08:37.080 --> 01:08:44.280

Blair King: From that funding that they will receive in two different parts, the first part will come in June, it appears.

239

01:08:44.730 --> 01:08:52.980

Blair King: And that is a significant amount of money, we want to talk to the Council about the framework that you'll use to make a decision on how to spend that money.

240

01:08:53.310 --> 01:09:01.800

Blair King: And for my opinion, this is really one one in a lifetime opportunity with to receive a bulk of unbudgeted or an anticipated funds.

241

01:09:02.130 --> 01:09:07.290

Blair King: That you agree to do something good with that so that is a discussion that we're planning on June 15.

242

01:09:07.770 --> 01:09:14.670

Blair King: On June 22 not be presumptuous, but if tonight we get direction from the Council, we hope to adopt the plastics ordinance.

243

01:09:15.120 --> 01:09:21.540

Blair King: Also, an item that's not on the agenda that you can see, but something we've talked about the staff level or think we're ready to move forward.

244

01:09:21.870 --> 01:09:29.430

Blair King: We would like to present the Council of the draft letter for comment and review to the Washington department of natural resources, regard to.

245

01:09:29.760 --> 01:09:35.340

Blair King: The expectation for the restoration of the mining operation to triangle craft so those citizens that are interested.

246

01:09:35.850 --> 01:09:48.090

Blair King: We want to present a draft a letter we want to communicate clearly to the regulatory agency what our expectations are of them and how we expect the property be restored, for the benefit of the Community.

247

01:09:49.440 --> 01:09:58.470

Blair King: July 6 is housing data report and also the issue of related to the Florida ratio from the mobile home park July 13.

248

01:09:59.400 --> 01:10:06.240

Blair King: We hope to come back with the tree portion of the landmark tree ordinance not the vegetation piece, but the tree ordinance.

249

01:10:07.230 --> 01:10:16.950

Blair King: And there is a piece tonight for you to extend that, but we want to come back to the tree ordinance on 13 and then on the 20 20th of July.

250

01:10:17.550 --> 01:10:26.880

Blair King: We want to review with you the planning development application fees we're not proposing to be adopted that time, we want to get this out in public get it out on the table, so the public is aware of that.

251

01:10:27.510 --> 01:10:42.270

Blair King: We are looking down the road of implementation date of January, the first for new fees, so we won't have plan time for the public to be aware, to get feedback from the Council, so the first review that would be on July 20 and then the 27th the complete street ordinance.

252

01:10:43.410 --> 01:10:56.040

Blair King: Historic preservation work pant plan and the Franklin water extension so mirror that's what we see coming up on the agenda you also noticed that there's a slightly different format for that in the Council agenda.

253

01:10:57.180 --> 01:11:11.910

Blair King: mayor and Council on so i'm going with the format that i'm used to and I like this because, rather than flipping a lot of pages and having the future agendas lined out, I think you get a lot of information, which were quickly being on one or two pages.

254

01:11:13.080 --> 01:11:17.430

Blair King: And with that I cannot conclude here, I can respond to any comments questions.

255

01:11:21.720 --> 01:11:24.000

Rasham Nassar: Thank you city manager councilmember deets.

256

01:11:24.480 --> 01:11:26.520

Joe Deets: yeah question for the city manager.

257

01:11:28.350 --> 01:11:38.880

Joe Deets: Is who's going to be presenting on this, the American rescue plan or do we have any expertise to about this plan you did say did I get it right \$7 million.

258

01:11:39.270 --> 01:11:46.860

Blair King: we're getting 7 million and again i'm giving it to you now, because the information was released Monday it's going to be in the press someplace and.

259

01:11:47.220 --> 01:11:54.780

Blair King: I want you to hear from staff, and I think significant amount of money, but direct 7,000,006 \$1,885.

260

01:11:55.200 --> 01:12:08.940

Blair King: I always get tickled when there's any thing in the one spot, so the \$5 is going to be the most important piece of that 7 million, I say that a little bit sarcastically but the state hazard find the number that refine.

261

01:12:10.140 --> 01:12:16.080

Blair King: So our intention is to bring to you staff, we can we are reviewing the rules.

262

01:12:17.130 --> 01:12:23.040

Blair King: The eligible expenditures importantly the timeline for spending that money, I believe that.

263

01:12:23.700 --> 01:12:33.420

Blair King: You have 2024 uncover that money, maybe 2026 to actually spend it off the top my head, but we want to bring that to you and we want to bring you a framework we can tell you what but.

264

01:12:33.900 --> 01:12:41.730

Blair King: In eligible expenditures are, and then we are going to probably suggest to you how we think and certainly you can take our advice or not.

265

01:12:42.150 --> 01:12:58.560

Blair King: how you can maximize of that money for high priority projects that in my mind should not be recurring expenses, but will be one time expenses that would either achieve goals priming the pump to achieve other goals and read accomplish things because.

266

01:12:59.700 --> 01:13:06.750

Blair King: That sum of money again that's an anticipated and unbudgeted I don't see it coming in any of our lifetime again.

267

01:13:11.190 --> 01:13:12.420

Rasham Nassar: Just never did you have.

268

01:13:12.840 --> 01:13:19.800

Joe Deets: Additional I had a different question, but if it if my colleague comes from a republic has a question about this i'll let him ask that.

269

01:13:21.690 --> 01:13:21.960

Rasham Nassar: Thank you.

270

01:13:23.220 --> 01:13:38.310

Michael Pollock: yeah i'm just wondering timing wise, I mean that is quite a windfall is that then on, you said next week we're going to talk about it, are you prepared to talk about what is allowable expenditures and not allowable Well, we know by them.

271

01:13:39.360 --> 01:13:40.860

Michael Pollock: walk on water, you know by gun.

272

01:13:42.120 --> 01:13:42.780

Michael Pollock: Specifically.

273

01:13:43.260 --> 01:13:55.260

Blair King: Yes, there has been a lot of discussion actually among the profession, this has been in the brew for a while, but we did not know how much money was going to be in fact I think a week ago we were thinking four to \$5 million.

274

01:13:56.100 --> 01:14:04.800

Blair King: So we can tell you we're not going to come in next week, though with a line item budget that's not what we're gonna do we're gonna come in with.

275

01:14:05.100 --> 01:14:11.640

Blair King: Some thinking for you and how to think about that we have to you to identify with the specifics of how you want to spend that money.

276

01:14:12.000 --> 01:14:25.170

Blair King: And that's really a big policy decision but we're again let you know what's not eligible when it's eligible until you suggest some parameters that you said about your discussion about where you want to get money go to.

277

01:14:26.550 --> 01:14:27.000

Michael Pollock: Thank you.

278

01:14:27.780 --> 01:14:28.860

Rasham Nassar: councilmember deeds.

279

01:14:29.460 --> 01:14:32.130

Joe Deets: yeah Thank you mayor yeah different topic anyway.

280

01:14:33.360 --> 01:14:40.590

Joe Deets: scott's going to be a fascinating discussion looking forward to that next week i'm the mayor and I had a discussion with.

281

01:14:42.480 --> 01:14:46.770

Joe Deets: Members of the Peterson energy relating to their proposal to.

282

01:14:47.910 --> 01:14:58.950

Joe Deets: kind of close the loop of transmission lines kind of in the if sort of in the central Ward area, I would say, and we talked about maybe would be good for them to present to counsel to.

283

01:14:59.670 --> 01:15:19.290

Joe Deets: For for all of us on Council as well as the public to kind of see some of the options are that are being considered for this new transmission line in why it's being presented, so I think they are very call mayor, they said July six works for them, and that currently looks kind of.

284

01:15:20.310 --> 01:15:28.980

Joe Deets: Open so my ask would be July six put in a discussion item of PSC proposed to transmission line.

285

01:15:30.540 --> 01:15:31.080

Joe Deets: say.

286

01:15:32.220 --> 01:15:35.250

Joe Deets: I don't know 20 minutes something like that.

287

01:15:38.940 --> 01:15:40.680

Blair King: So, to be.

288

01:15:41.490 --> 01:15:42.090

Rasham Nassar: Deputy Mayor.

289

01:15:44.100 --> 01:15:49.320

Kirsten Hytopoulos: Is this those high transmission lines we're hearing about is 20 minutes, going to be adequate.

290

01:15:50.640 --> 01:15:57.510

Rasham Nassar: No, I would I would probably propose at least 30 if not 45, and the reason being pst has prepared.

291

01:15:57.960 --> 01:16:06.900

Rasham Nassar: Substantial amounts of you know, information and they have graphics and maps to try and kind of illustrate and frame the project proposal.

292

01:16:07.860 --> 01:16:16.200

Rasham Nassar: Additionally, there's been a significant amount of public comment related to their various proposals Council, of course, is aware of that, because we've been receiving.

293

01:16:16.530 --> 01:16:26.790

Rasham Nassar: A lot of opposition letters on the record, as well as a petition that was filed by coat by collective of three neighborhoods that are within the general sportsman club kind of central word area.

294

01:16:27.780 --> 01:16:34.590

Rasham Nassar: I think it's imperative that we have this discussion, personally I think it's critical that we are all privy to the information that counts number dates and I weren't privy to.

295

01:16:34.950 --> 01:16:40.920

Rasham Nassar: it's a really important discussion, and it has very real and serious consequences for islanders.

296

01:16:41.250 --> 01:16:47.520

Rasham Nassar: So as much as possible, I think, Council, it would be in our best interest at least just to get up to speed on the conversations that PSC has been.

297

01:16:47.760 --> 01:16:59.730

Rasham Nassar: Currently, having with members of the public and to do that, we would just need to invite them to the July 6 session they're happy to come they're available so of counsel agrees, I could work with Deputy Mayor and city manager to schedule that.

298

01:17:02.550 --> 01:17:03.450

Rasham Nassar: Council member car.

299

01:17:05.250 --> 01:17:14.790

Christy Carr: yeah Thank you i'm just curious how different this presentation will be than the open houses or whatever public outreach PSC is already done on this project.

300

01:17:15.210 --> 01:17:22.110

Christy Carr: And I I would presume that those are already available for the public to reviews, since they were likely virtual and recorded.

301

01:17:22.560 --> 01:17:34.920

Christy Carr: So i'm hoping that this wouldn't be redundant, and the second thing is really what is the city council's role in this project, I think it would be super if the staff could T that up for us.

302

01:17:36.360 --> 01:17:37.260

Christy Carr: Because I don't want to.

303

01:17:38.610 --> 01:17:44.610

Christy Carr: Have a 45 minute presentation and then just kind of shrug my shoulders so i'd like to know if it's actionable.

304

01:17:45.630 --> 01:17:46.680

Christy Carr: So thanks.

305

01:17:49.830 --> 01:17:54.930

Rasham Nassar: yeah I appreciate that and I think that one of the ways in which it would be different from say that the kinds of.

306

01:17:55.500 --> 01:18:01.950

Rasham Nassar: presentations or interactions that he has he has been having solely with the public is that we will actually get to hear the collection of public input.

307

01:18:02.250 --> 01:18:09.480

Rasham Nassar: So currently PSC is proposing these high power transmission lines to run through central central island and there are five different.

308

01:18:10.170 --> 01:18:16.050

Rasham Nassar: proposed pathways for that, one of which has been highly controversial in the Community, for which the council's received a petition.

309

01:18:16.440 --> 01:18:22.410

Rasham Nassar: So already neighbors are appealing to Council members to use our weight and our influence to have conversations with PSC.

310

01:18:22.740 --> 01:18:27.360

Rasham Nassar: To hopefully compel them to agree to a solution that the Community in the neighborhoods agree with.

311

01:18:27.720 --> 01:18:35.040

Rasham Nassar: And ptsd is willing to have that conversation with the Council, in order for us to provide our input and to relate the feedback and concerns of the constituents that we represent.

312

01:18:35.640 --> 01:18:42.030

Rasham Nassar: And so I don't know that there's a an actual motion to be made, I suppose that we could craft one but.

313

01:18:42.480 --> 01:18:47.100

Rasham Nassar: In terms of policy, I think it's more or less just the Council using its authority as leaders in the Community.

314

01:18:47.820 --> 01:18:53.070

Rasham Nassar: to represent the concerns that we've heard also to hear from PSC the collection.

315

01:18:53.370 --> 01:19:03.750

Rasham Nassar: Of the entirety of public comment and input that they've heard and for the Council to collectively go over the options that are being presented and provide our feedback to PSC which I.

316

01:19:04.020 --> 01:19:14.310

Rasham Nassar: I got the impression councilmember deeds correct me if i'm wrong PSC is very willing to hear, they would like to work with the island to come up with a solution that meets our goals of increasing electric.

317

01:19:15.180 --> 01:19:25.650

Rasham Nassar: Service reliability, without causing too much of a stir or impact to our our our buffers along the roadways and our neighborhoods.

318

01:19:27.990 --> 01:19:29.190

Rasham Nassar: Deputy Mayor had topless.

319

01:19:30.330 --> 01:19:31.530

Kirsten Hytopoulos: So, along the lines of.

320

01:19:32.550 --> 01:19:40.290

Kirsten Hytopoulos: Customer cars concerns I i'm actually in my experience over the years and PSC i'm a little skeptical and I would want to hear.

321

01:19:40.890 --> 01:19:47.610

Kirsten Hytopoulos: So I want to hear I like what you're saying there that we're hopefully in here PSC characterization, at least, of what they've heard.

322

01:19:48.030 --> 01:19:52.530

Kirsten Hytopoulos: But I think I actually want to spot on the agenda for the opposition.

323

01:19:53.220 --> 01:20:03.420

Kirsten Hytopoulos: So I I want some space for the Community group to be heard, and I want to be absolutely sure that we are a very assertive and making space for Council you know for Council questions and so forth, so.

324

01:20:03.690 --> 01:20:13.350

Kirsten Hytopoulos: My experience PSE is very good at packaging things the way they want it sold, and so I think we just be very careful that we own our space and then they've got their work they've got their messaging.

325

01:20:13.620 --> 01:20:21.390

Kirsten Hytopoulos: The communities heard and we get to have our conversation, so I just have this makes me a little bit nervous and I agree, I don't want to use another opportunity to sell their position.

326

01:20:21.720 --> 01:20:31.830

Kirsten Hytopoulos: And I guess also picking up on what counselor car said I do want to hear from the city manager and staff what, if anything, what role of a thing do anything do we have.

327

01:20:32.310 --> 01:20:47.670

Kirsten Hytopoulos: Even if it is just that we have potentially do we have a voice at the Commission missing utilities transportation Commission do we have a voice, or do we just have a voice as individuals do we have a super voice is a super citizens, I like to call us So what can we do if anything.

328

01:20:51.180 --> 01:20:52.050

Rasham Nassar: Council member politics.

329

01:20:55.380 --> 01:21:05.280

Michael Pollock: Current hardtop it was um I guess i'm really going to do this i'm i'm first of all i'm not sure if July six is a great offer a great time to do it because, right after.

330

01:21:05.820 --> 01:21:14.850

Michael Pollock: Fourth, of July weekend, but really it's like what's the outcome, what are we going to do, or is there going to be emotion, but what's actually going to happen, what is the Council actually.

331

01:21:15.150 --> 01:21:25.200

Michael Pollock: Do because, again I i'd be happy to review materials i'd be happy to review all that citizen comments and and look at whatever PSC is already produced but.

332

01:21:25.620 --> 01:21:40.020

Michael Pollock: Unless there's some sort of actionable outcome that's likely to occur from the meeting I don't really support giving a platform for a dog and pony show about this, so I guess i'd like to frame it in a way that that.

333

01:21:41.040 --> 01:21:46.050

Michael Pollock: makes it clear of what Councils options are and what policy choices.

334

01:21:50.580 --> 01:22:02.610

Rasham Nassar: Okay well hearing the input and feedback tonight, and what I would propose and city manager i'm happy to have you chime in as well as that we can work offline with the city manager to kind of scope a discussion.

335

01:22:02.970 --> 01:22:10.200

Rasham Nassar: And I can work with our PSC REP as well to accomplish that if Council Members agree with deputy mayor's.

336

01:22:10.890 --> 01:22:24.870

Rasham Nassar: suggestion that we include if we're going to have this conversation that we include some members of the opposition as well happy to have that discussion with with those community leaders that are primarily kind of in charge of that community Community opposition.

337

01:22:26.160 --> 01:22:38.790

Rasham Nassar: And that would be my suggestion, right now, so we won't schedule it right tonight, but we'll just continue to work to scope out the discussion and then I can bring it back to keep your Council agendas discussion next week, if the council's agreeable to that.

338

01:22:43.140 --> 01:22:43.860

city manager.

339

01:22:45.210 --> 01:22:58.080

Blair King: Or, yes, we are to deliver this but typically what my experience is that this is a multi step process you'd want to give an opportunity for the investor owned utility make their presentation, you would accept that information and then.

340

01:22:59.100 --> 01:23:03.450

Blair King: As you correctly pointed out what you're looking at is using the moral authority of the city council.

341

01:23:04.590 --> 01:23:15.540

Blair King: to advocate on behalf the citizens after you hear the presentation, then at a subsequent meeting a normally you want to come back you want to make an ask of the utility.

342

01:23:15.930 --> 01:23:22.500

Blair King: That asked, maybe preferred route what utility doesn't do timelines other elements that may go into that.

343

01:23:22.860 --> 01:23:33.120

Blair King: So it is a multi step process, it would all be wrapped up one time, yes, it would be an opportunity for the investor owned utilities to make their case, but also to be an opportunity for the Council come back.

344

01:23:34.080 --> 01:23:45.240

Blair King: With a draft typically have a communication to them or to any other regulatory body that oversees them i'll be half the citizens and making a request.

345

01:23:45.570 --> 01:23:54.060

Blair King: And you make that request fairly specific and what you can garner the majority cow sport form so that's what i'm used to seeing is.

346

01:23:54.870 --> 01:24:08.730

Blair King: And also it's fairly customary for the Council, I think, on issues like this, to use your moral moral authority on behalf of your constituents to plead a case, so I would see it as multipart process but certainly up to the Council.

347

01:24:12.720 --> 01:24:18.840

Rasham Nassar: Okay, if Councils agreeable to the suggested path forward that I proposed, I think.

348

01:24:19.860 --> 01:24:22.860

Rasham Nassar: On from that Deputy Mayor topples do want to add something.

349

01:24:23.100 --> 01:24:27.120

Kirsten Hytopoulos: Well, just that I don't lose track of where were initially going because you know.

350

01:24:27.540 --> 01:24:32.550

Kirsten Hytopoulos: Then let's go ahead and we actually schedule it we were about to start scheduling and I think and take completely offline.

351

01:24:32.910 --> 01:24:40.200

Kirsten Hytopoulos: let's get that first pass with PSE but let's keep it tight right so let's can we find balance here let's not have a big dog and pony show.

352

01:24:40.620 --> 01:24:47.010

Kirsten Hytopoulos: let's get it out there, because this is transparency let's get the conversation going let's give a voice somewhere, though, to the opposition.

353

01:24:47.220 --> 01:24:56.010

Kirsten Hytopoulos: And let's defer to let's let's let's get some advice from our city manager on how to do this well, but I guess i'm saying is i'd like to see us take a step that.

354

01:24:56.430 --> 01:25:03.300

Kirsten Hytopoulos: That when we're you know that we're going to get this an agenda soon, so that the Community members you're saying, would you please start the conversation publicly that we do that.

355

01:25:06.570 --> 01:25:07.710

Rasham Nassar: No okay.

356

01:25:08.340 --> 01:25:09.270

Rasham Nassar: Oh, a little.

357

01:25:10.320 --> 01:25:19.050

Rasham Nassar: change my recommended for a Deputy Mayor suggesting that we do schedule it for July six just as a placeholder and then in the interim, it is June eight so that gives us more or less a month.

358

01:25:19.350 --> 01:25:24.960

Rasham Nassar: To scope out that conversation and figure out how we're going to proceed as a city manager recommended that sound okay.

359

01:25:25.530 --> 01:25:25.890

Yes.

360

01:25:26.910 --> 01:25:30.420

Rasham Nassar: Okay, great um Council anything else for.

361

01:25:30.420 --> 01:25:31.590

Blair King: Future agendas.

362

01:25:35.310 --> 01:25:39.870

Rasham Nassar: Alright, seeing none, we will move on to Item eight and our agenda Council presentations.

363

01:25:40.500 --> 01:25:51.240

Rasham Nassar: stupid just presentations item eight a present the annual proclamation declared in June 19 2021 as the day to celebrate juneteenth 2021.

364

01:25:51.750 --> 01:26:04.170

Rasham Nassar: Council member finra Johnson was scheduled to read and present this proclamation this evening I would be happy to defer to one of my colleagues to read the proclamation on her behalf, if any one of you are so inclined.

365

01:26:08.790 --> 01:26:13.620

Rasham Nassar: don't see any Council member deeds, thank you for volunteering Council number.

366

01:26:13.890 --> 01:26:17.790

Joe Deets: yeah Thank you Mary yeah sure i'll do that happy to.

367

01:26:19.620 --> 01:26:29.760

Joe Deets: A proclamation by the Mayor of the city of bainbridge island Washington declaring June 19 2021 as the day to celebrate June June 18 2021.

368

01:26:30.570 --> 01:26:45.000

Joe Deets: Whereas on January 1 1863 President Abraham Lincoln issued the emancipation proclamation setting in motion the end of slavery in the United States, and whereas the civil war ended with the surrender of generally at.

369

01:26:46.050 --> 01:27:06.750

Joe Deets: epigenetics court house on April 9 1865 and whereas this news reach Texas when Union general Gordon granger arrived in galveston Bay with Union troops, it was on June 19 1865 that he announced the people of Texas are informed that accordance coming.

370

01:27:08.160 --> 01:27:15.690

Joe Deets: From negative staves whereas celebration of the end of slavery which became known as juneteenth.

371

01:27:16.020 --> 01:27:20.670

Joe Deets: Is the oldest known public celebration of the end of slavery in the United States.

372

01:27:20.970 --> 01:27:31.560

Joe Deets: And, whereas juneteenth commemorates African American freedom and celebrate successes gained through education and greater opportunity, and whereas on a larger scale celebration of duty juneteenth.

373

01:27:31.980 --> 01:27:40.320

Joe Deets: reminds each of us of the precious promises of freedom, equality and opportunity where which are at the core of the American dream.

374

01:27:40.650 --> 01:27:52.890

Joe Deets: Now, therefore, I rush me, Mr Mayor, the city of bainbridge island, on behalf of the City Council do hereby proclaim June 19 as a day to celebrate two teeth and arrange all residents to join in the celebration.

375

01:27:56.220 --> 01:28:08.520

Rasham Nassar: Thank you councilmember and we do have a member of the public, various team member of the public here with us tonight, has been gracious to donate her time to receive this annual proclamation herself being a.

376

01:28:09.000 --> 01:28:21.780

Rasham Nassar: Community leader and advocate on very important issues and matters that relate to the values of our community as a whole would you like, at this point chastity to say a few words and acceptance of this proclamation.

377

01:28:22.500 --> 01:28:31.140

Chasity Malatesta She/her: Oh yes, I get to celebrate in 19 1865 as a member of the multicultural advisory council for bainbridge island school district.

378

01:28:31.410 --> 01:28:36.600

Chasity Malatesta She/her: of students that are going to be celebrating juneteenth and although it gets a very small line, and most of our history books.

379

01:28:36.960 --> 01:28:43.020

Chasity Malatesta She/her: In slave men and women were finally got the word, they were free two and a half years after the emancipation proclamation.

380

01:28:43.590 --> 01:28:49.770

Chasity Malatesta She/her: Now some folks hearing this tonight may not know that North kits that begin celebrating June 10 19 years ago.

381

01:28:50.070 --> 01:28:57.690

Chasity Malatesta She/her: It actually started by a group of African American men in Bremerton and in 2014 was continued by our own Bainbridge Islander Karen Vargas.

382

01:28:58.620 --> 01:29:07.410

Chasity Malatesta She/her: As a teacher teaching the extremes of history, meaning that students learn slavery, MLK, Malcolm X, Oprah Obama and now George Floyd.

383

01:29:07.710 --> 01:29:19.410

Chasity Malatesta She/her: There are many details of black history that don't often get taught, many of you who maybe have went to prestigious universities did not spend time on the massacre and Tulsa you did not spend time lengthy on Juneteenth.

384

01:29:19.920 --> 01:29:28.920

Chasity Malatesta She/her: Why extremes in history, do not paint the entire breadth and depth of the black experience it reminds me of a journey toward freedom that was delayed.

385

01:29:29.370 --> 01:29:41.340

Chasity Malatesta She/her: The consequences of that delayed are still seeing today, despite the contributions of black Americans, black Wall Street, music, sports, food, wealth, educators, politics.

386

01:29:41.820 --> 01:29:47.340

Chasity Malatesta She/her: And this last year we faced a racial awakening but this island, this island stepped up.

387

01:29:47.760 --> 01:30:04.740

Chasity Malatesta She/her: Our youth came and demonstrated our city leaders you tussle with conversations that were messy hard absolutely not perfect, you made mistakes, thank you, many of you weren't taught this history and you're stepping into a very tricky conversations rashomon Joe Thank you.

388

01:30:05.910 --> 01:30:10.260

Chasity Malatesta She/her: These challenges gave us gifts and opportunities to have discussions that need to continue.

389

01:30:11.760 --> 01:30:21.150

Chasity Malatesta She/her: I would love that we continue the history of allies ship from our bainbridge island Japanese to our indigenous but understand that the also the part of the history is what would colonized.

390

01:30:21.480 --> 01:30:27.120

Chasity Malatesta She/her: Things that we brought in that don't need to be there as we create more entry points at the city for all of our families.

391

01:30:27.600 --> 01:30:34.890

Chasity Malatesta She/her: And we have a growing number of multicultural families coming in the island, if you don't know that you need to visit a playground when they open.

392

01:30:35.310 --> 01:30:43.050

Chasity Malatesta She/her: and take a look at the beautiful mixed cultures that we have here to celebrate these conversations are healthy people don't need to be afraid to say, the wrong thing.

393

01:30:44.040 --> 01:30:48.240

Chasity Malatesta She/her: The history was not taught and we know that understanding history builds empathy.

394

01:30:49.020 --> 01:30:56.490

Chasity Malatesta She/her: This empathy is a grace that we extend to each other, this island has a history of ally ship of understanding and our well read.

395

01:30:57.330 --> 01:31:06.540

Chasity Malatesta She/her: Thank you city council for wanting to build an inclusive city that includes all of our families, thank you for continuing to have hard conversations and not being perfect.

396

01:31:07.080 --> 01:31:18.600

Chasity Malatesta She/her: being willing to unlearn learn mess up donate and walk beside your islanders i'll be extremely gratitude, as you guys continue, and thank you, accepting the juneteenth proclamation.

397

01:31:21.270 --> 01:31:25.620

Rasham Nassar: Thank you so very much for being here with us tonight appreciate everything that you.

398

01:31:25.620 --> 01:31:29.580

Rasham Nassar: said, have a wonderful evening, and thank you so much for your service to our Community.

399

01:31:31.140 --> 01:31:31.530

Rasham Nassar: tonight.

400

01:31:33.630 --> 01:31:51.960

Rasham Nassar: Okay, Council, we are moving on in our agenda to Item nine public hearings item nine as a whole, public hearing for proposed multifamily tax exemption designation areas we have planning scheduled to introduce this item for the Council, after which we will open the public hearing.

401

01:31:53.100 --> 01:31:53.850

Rasham Nassar: planner second.

402

01:31:59.460 --> 01:32:07.290

Heather Wright: Anything Council tonight we're going to hold the first of two hearings on getting us much closer to adopting a multi family tax exemption Program.

403

01:32:07.950 --> 01:32:22.740

Heather Wright: If we do tonight decide on our designation area we are aiming to return to you all in August, with changes to Title three, which will be the next step to implementing this program tonight Jennifer Sutton will be leading you through our conversation Jennifer i'll turn it over to you.

404

01:32:24.480 --> 01:32:31.350

Jennifer Sutton: Thank you and i'm just going to share a brief presentation to kind of give an overview and.

405

01:32:32.400 --> 01:32:34.680

Jennifer Sutton: Where we're going from here if that's okay.

406

01:32:36.330 --> 01:32:37.140

Jennifer Sutton: let's see.

407

01:32:38.970 --> 01:32:40.140

Jennifer Sutton: Share screen.

408

01:32:42.870 --> 01:32:43.290

Okay.

409

01:32:49.620 --> 01:32:51.150

Jennifer Sutton: Did the presentation come up.

410

01:32:54.210 --> 01:32:54.570

Jennifer Sutton: yeah.

411

01:32:56.400 --> 01:32:56.730

Okay.

412

01:32:57.870 --> 01:33:02.250

Jennifer Sutton: Okay, thanks to hold on hold on a second.

413

01:33:06.360 --> 01:33:06.810

Jennifer Sutton: Okay.

414

01:33:17.040 --> 01:33:28.410

Jennifer Sutton: Thanks i'm so sorry i'm trying to figure out how to have the presentation on the screen at the same time as my as my comments, is that working right there.

415

01:33:30.090 --> 01:33:33.090

Rasham Nassar: We can see that your entire there you go.

416

01:33:33.540 --> 01:33:34.110

Jennifer Sutton: that's great.

417

01:33:35.640 --> 01:34:01.200

Jennifer Sutton: Alright, thanks, a lot so tonight we're here for the public hearing on multifamily property tax exemption eligibility areas, this is a unique step in the usual legislative process that is required by the State law that provides for communities to adopt mf T programs the.

418

01:34:02.670 --> 01:34:11.010

Jennifer Sutton: So i'll just give a brief overview, I know that we talked about this at your meeting on may 4 but just for the benefit of the public who may be here to.

419

01:34:11.640 --> 01:34:26.130

Jennifer Sutton: comment on the program the program is a financial incentive that is provided for in Washington State law and it says financial incentive to promote the construction of multifamily and affordable housing.

420

01:34:27.540 --> 01:34:40.140

Jennifer Sutton: The jurisdictions have to opt in and create a op to approve an MFA program and that's the conversation that the Council began in earnest at your meeting on may 4.

421

01:34:42.000 --> 01:35:00.420

Jennifer Sutton: So empty programs there's three different types right now outlined in State law they vary by the duration of the property tax and sense of the property tax relief and the 12 and 20 year programs are the programs that have an affordable housing requirements.

422

01:35:02.310 --> 01:35:03.390

Jennifer Sutton: This is the.

423

01:35:04.410 --> 01:35:19.800

Jennifer Sutton: median income table by household size for the bremeron silver Dale MSA, and this is the the income limits that the city would use in our affordable housing programs, and I just thought.

424

01:35:20.820 --> 01:35:34.650

Jennifer Sutton: it's good to ground ourselves and what does 80% Am I mean when we're talking about these affordable housing programs and, as you can see the income levels vary by household size.

425

01:35:35.520 --> 01:35:49.350

Jennifer Sutton: The median income limits will be updated shortly it usually happens from from the Federal housing and urban development, usually happens in early summer, so we should be getting these updated numbers soon.

426

01:35:51.690 --> 01:36:03.150

Jennifer Sutton: So what what is city empty program not do so, the, as I said earlier, the MFA program is a financial incentive to promote the development of multifamily and affordable housing.

427

01:36:03.660 --> 01:36:19.890

Jennifer Sutton: It does not modify any city zoning or environmental regulations, it does not reduce any other required landry's permits, it does not allow development that otherwise would not be allowed under our underlying zoning it's merely a financial incentive.

428

01:36:21.090 --> 01:36:24.900

Jennifer Sutton: For multifamily and affordable housing.

429

01:36:27.120 --> 01:36:27.630

Jennifer Sutton: So.

430

01:36:28.860 --> 01:36:49.980

Jennifer Sutton: If the city chose to adopt an MFA program we would be implementing our comprehensive plan, we would also be taking action on one of the recommendations from the affordable housing Task Force final reports, and this was most recently endorsed in the fall by the Joint land use subcommittee.

431

01:36:51.660 --> 01:37:02.850

Jennifer Sutton: So on may 4, the Council confirmed that we wanted to move forward with developing both the 12 and the 20 year programs, which are the programs that have an affordability requirements.

432

01:37:03.720 --> 01:37:15.330

Jennifer Sutton: The City Council confirmed that we would move forward for tonight's hearing on on the following proposed eligibility areas, the winslow masterplan study area.

433

01:37:15.720 --> 01:37:30.180

Jennifer Sutton: The winslow sewer service area and down in linwood Center the neighborhood Center ncr 12 and our five zones, and these are the three areas that were recommended to the Council by the planning Commission.

434

01:37:31.800 --> 01:37:36.840

Jennifer Sutton: So in the greater winslow area, the winslow.

435

01:37:37.950 --> 01:37:49.650

Jennifer Sutton: Study area and the winslow sewer service area, mostly overlap, but not entirely the window masterplan the winslow study area is the black dotted line.

436

01:37:50.910 --> 01:38:05.220

Jennifer Sutton: It does not go quite as far north as new brooklyn just a little bit south of new brooklyn and then the winslow superior service area is this green line which goes much farther North past the schools, a little bit farther West.

437

01:38:06.930 --> 01:38:28.890

Jennifer Sutton: In your materials for tonight we did some analysis about what is the difference in the areas that are in one area, but not the other in the sewer area, but not in the study area, or vice versa, and we did this analysis to look at properties that are large enough to support four or more.

438

01:38:30.150 --> 01:38:40.500

Jennifer Sutton: residences under their existing zoning because an empty program could not apply to a project of less than four residences so.

439

01:38:42.270 --> 01:38:50.910

Jennifer Sutton: As you can see there's a bit of a difference between the pink area is an area that's in the sewer area but outside the study area.

440

01:38:51.330 --> 01:39:09.570

Jennifer Sutton: The blue area is within the study area and outside the sewer service area, the blue area that's in the study area, as you can see it's mostly shoreline properties and a lot of those properties are impacted with a steep shoreline bluff and.

441

01:39:10.860 --> 01:39:26.790

Jennifer Sutton: Therefore, even the properties that may be big enough to theoretically yield for additional residences it's relatively unlikely that that that new multifamily development would happen in those areas.

442

01:39:28.560 --> 01:39:32.640

Jennifer Sutton: So this map is a close up of the lynwood Center area.

443

01:39:34.620 --> 01:39:40.620

Jennifer Sutton: If I was in person I don't know if you can see my pointer just my pointer show up, I was in person, I would have.

444

01:39:41.160 --> 01:39:53.730

Jennifer Sutton: You know the light and I had to orient you that that this is the movie theater building, and this is pleasant beach village going up the Hill and that this is the former serenity house property.

445

01:39:55.980 --> 01:40:04.440

Jennifer Sutton: So, as I mentioned, this is one, the first step first formal step to develop a city mf T Program.

446

01:40:05.520 --> 01:40:11.670

Jennifer Sutton: To hold a hearing on where the program where the program should be available.

447

01:40:12.720 --> 01:40:19.080

Jennifer Sutton: After we complete this step, and the Council provides preliminary direction on what areas, we want to.

448

01:40:20.370 --> 01:40:34.860

Jennifer Sutton: We want to have the program be available, we will integrate that information into a draft ordinance and then we will come back to the Council for the regular ordinance process, which would include a separate public hearing on the ordinance itself.

449

01:40:36.510 --> 01:40:45.060

Jennifer Sutton: So those are the closing remarks and i'd be happy to take any questions now or after closing the public hearing.

450

01:40:46.260 --> 01:40:54.480

Jennifer Sutton: I was going to close the presentation during the public comment, but I can always reopen it to assist your discussion.

451

01:40:59.190 --> 01:41:10.560

Rasham Nassar: Thank you very much cleaner setting for that presentation Council if it's Okay, we will host the public hearing first after hearing public comment, then we can engage in our conversation does that sound okay.

452

01:41:12.690 --> 01:41:19.320

Rasham Nassar: Okay, so I will now open the public hearing on the proposed multifamily tax exemption designation areas.

453

01:41:20.700 --> 01:41:27.690

Rasham Nassar: i'm going to switch over here to the attendees screen and look for raised hands again members of the public, if you would like.

454

01:41:29.190 --> 01:41:39.540

Rasham Nassar: And during this public hearing, please use the raise hand feature located at the bottom of your zoom screen and I will call your name in the order that the raised hands appear.

455

01:41:41.160 --> 01:41:43.080

Rasham Nassar: First, is phaedra Elliot.

456

01:41:46.380 --> 01:41:54.300

Phedra Elliott: It evening again Council at HR be we just want to express our support i'm sorry this is federal Elliot from housing resources bainbridge.

457

01:41:55.230 --> 01:42:05.100

Phedra Elliott: At HIV, we want to express our support for the adoption of an mf T program in the area stated the winslow master planning area sewer system area and when would Center.

458

01:42:05.640 --> 01:42:15.510

Phedra Elliott: The mst is an effective tool and its implementation would demonstrate the city's commitment to housing and help to fulfill the communities expressed desire for more affordable homes.

459

01:42:15.870 --> 01:42:19.590

Phedra Elliott: This was also a key recommendation from the affordable housing Task Force report.

460

01:42:20.250 --> 01:42:28.500

Phedra Elliott: It is notable that countywide over the last decade we have created only one new housing unit for every two new households that has moved to this area.

461

01:42:29.070 --> 01:42:38.850

Phedra Elliott: So this shortage, along with excessively strict land use regulations, the exorbitant cost of construction, the high price of land that has driven up housing costs.

462

01:42:39.330 --> 01:42:45.630

Phedra Elliott: income, of course, has not kept pace with this, which leads many families to spend more than 30% of their income on their shelter.

463

01:42:46.080 --> 01:42:52.410

Phedra Elliott: And for low income families, this means that there's insufficient income that remains for healthcare food transportation, etc.

464

01:42:53.190 --> 01:43:00.120

Phedra Elliott: mst offers incentive to market rate developers and can make it viable for them to include affordable units in developments.

465

01:43:00.960 --> 01:43:11.520

Phedra Elliott: HR be is the islands only nonprofit affordable housing provider and advocate we offer services that only a nonprofit can such as providing rent subsidies and coordinating social services.

466

01:43:11.880 --> 01:43:20.190

Phedra Elliott: However, we cannot meet the need for affordable homes alone, and we support the participation of market rate developers as part of a larger city strategy.

467

01:43:20.820 --> 01:43:26.070

Phedra Elliott: And mf T program would benefit everyone on bainbridge island, we have a severe housing shortage.

468

01:43:26.460 --> 01:43:34.500

Phedra Elliott: And the NF T program could facilitate multifamily construction with market rate and affordable homes and create healthy mixed income neighborhoods.

469

01:43:34.770 --> 01:43:40.200

Phedra Elliott: So, focusing the program and the proposed areas but also reduce development pressures elsewhere on the island.

470

01:43:40.860 --> 01:43:49.680

Phedra Elliott: Thank you so much for the work you've done so far on this program and I hope that all of you will support these eligible areas and the future adoption of an MFA program Thank you.

471

01:43:51.810 --> 01:43:53.460

Rasham Nassar: Next is sounds Rosalia.

472

01:44:02.400 --> 01:44:16.500

Sal DeRosalia: hello, my name is sal goes live I live off a jackal if you know bainbridge island there's nothing I can say that feature didn't say, and so I just want to say that i'm for this and I hope that you guys pass it, thank you very much.

473

01:44:21.540 --> 01:44:36.180

Rasham Nassar: I don't currently see any other hands raised by members of the public if there are other members of the public that would wish to comment during the public hearing, please raise your hand using the raise hand feature located at the bottom of your zoom screen i'll just pause one moment.

474

01:44:40.830 --> 01:44:49.560

Rasham Nassar: Okay, seeing no other raised hands for members of the public, I will now close the public hearing on the proposed multifamily tax exemption designation areas.

475

01:44:50.430 --> 01:45:05.610

Rasham Nassar: And Council i'm going to turn it back to us for a discussion also alert you all to the fact that we do have emotion in our packet so before we begin discussion if a Council Member would like to place that motion on the floor.

476

01:45:09.150 --> 01:45:10.200

Rasham Nassar: Council member deeds.

477

01:45:12.030 --> 01:45:12.570

Joe Deets: Can mirror.

478

01:45:13.830 --> 01:45:23.070

Joe Deets: I moved to include the following areas is multi multi family tax exemption designation areas in a future multifamily tax exemption program ordinance.

479

01:45:23.640 --> 01:45:37.860

Joe Deets: The winslow master plan study area, the winslow sewer system surface area and within the linwood linwood Center area, the neighborhood Center nc nc size our desk trial and our five zones.

480

01:45:42.120 --> 01:45:43.950

Rasham Nassar: councilmember snyder seconds that motion.

481

01:45:46.500 --> 01:45:48.450

Rasham Nassar: Okay, we will now open.

482

01:45:48.480 --> 01:45:50.130

Rasham Nassar: up the floor for a Council discussion.

483

01:45:53.220 --> 01:45:54.120

Council member car.

484

01:45:55.560 --> 01:46:05.190

Christy Carr: Thank you, I think I brought this up last time, and I would just like to have staff remind me of what your response was, and I think that planner sutton's map.

485

01:46:06.210 --> 01:46:15.030

Christy Carr: particularly related to the winslow masterplan study area and the source service study area and those properties along one point that are in the shoreline.

486

01:46:15.780 --> 01:46:28.620

Christy Carr: district where multifamily units in the shoreline residential conservancy zone is actually prohibited and it's a conditional use permit in our tool zoning district so i'm just curious since, in addition to the steep slope.

487

01:46:29.430 --> 01:46:46.950

Christy Carr: Of those properties, if we really don't see any likelihood of multifamily happening there that we'd want to include them just anyway, because we have these neat lines of these different service or planning area studies, so I don't want to create any unintended consequences but.

488

01:46:47.970 --> 01:46:56.880

Christy Carr: i'm just curious if it's if it's worth kind of carving those out because they're really probably not appropriate for multifamily housing, nor would it ever likely.

489

01:46:58.560 --> 01:46:59.160

Christy Carr: come about.

490

01:47:00.450 --> 01:47:04.740

Christy Carr: I just like your input on that because I know you've paid more attention than I have.

491

01:47:05.640 --> 01:47:07.890

Jennifer Sutton: Well, I agree, I agree with you, I think it's.

492

01:47:08.790 --> 01:47:16.080

Jennifer Sutton: unlikely that that anyone would pursue multifamily housing in those areas for a variety of reasons.

493

01:47:17.820 --> 01:47:24.840

Jennifer Sutton: And not only is multifamily housing a conditional use in the zone it's also a conditional use in the.

494

01:47:25.890 --> 01:47:43.740

Jennifer Sutton: Are 4.3 3.5 and 2.9 zones in the winslow area, so in those zones someone could move forward with a multi family project, but in, but it would be a conditional use permit, not just a site plan review.

495

01:47:45.270 --> 01:47:48.810

Jennifer Sutton: So I think that I think it's a really good point.

496

01:47:49.830 --> 01:47:52.890

Jennifer Sutton: The shoreline is one critical area to consider, we also.

497

01:47:54.180 --> 01:48:00.990

Jennifer Sutton: Have you know wetland streams the ravine other protected areas other areas that are protected.

498

01:48:02.580 --> 01:48:04.500

Jennifer Sutton: When development is proposed so.

499

01:48:07.200 --> 01:48:07.860

Jennifer Sutton: I think it's a.

500

01:48:08.970 --> 01:48:10.110

Jennifer Sutton: An interesting point.

501

01:48:11.430 --> 01:48:20.280

Jennifer Sutton: But but you're but you could propose to not have it apply within properties adjacent to the shoreline, for instance.

502

01:48:25.050 --> 01:48:26.130

Rasham Nassar: councilmember snyder.

503

01:48:27.510 --> 01:48:28.020

Leslie Schneider: Thank you.

504

01:48:29.430 --> 01:48:32.790

Leslie Schneider: councilmember cars bring up a good point I just would like to follow up.

505

01:48:33.900 --> 01:48:34.830

Leslie Schneider: and ask.

506

01:48:36.000 --> 01:48:44.130

Leslie Schneider: What if there was a large home in you know, one of those shoreline properties and someone decided to.

507

01:48:44.880 --> 01:49:01.620

Leslie Schneider: carve it up into different homes, is that possible under current zoning and might that not be one way in which there might not be any additional land being covered, but we might actually be able to carve out multiple homes, from a single home is that possible.

508

01:49:03.240 --> 01:49:06.150

Heather Wright: Yes, it is possible now it's in the first sorry to.

509

01:49:06.210 --> 01:49:06.990

Heather Wright: Be to that.

510

01:49:07.050 --> 01:49:17.280

Heather Wright: um but yes, that is a possibility that you can subdivide a home on the interior, we would treat it as multifamily and as Jennifer said they would be required to go through.

511

01:49:17.730 --> 01:49:23.040

Heather Wright: A conditional use permit and site plan review and if I could add on a little to also what.

512

01:49:23.610 --> 01:49:31.020

Heather Wright: Cleaner Sutton said in response to customer cars question and we could definitely carve out those areas, but we could.

513

01:49:31.320 --> 01:49:40.770

Heather Wright: I want to reiterate what Jennifer stated earlier, and that those properties would have to meet the shorter shoreline regulations and the critical area regulation, so this.

514

01:49:41.370 --> 01:49:58.470

Heather Wright: Exemption doesn't provide any relief, so we would still assume that those areas would be protected if the mf TV program applied in a scenario that you just a proposed councilmember Schneider were to occur and those properties would still be protected in their critical areas.

515

01:49:59.520 --> 01:50:00.210

Leslie Schneider: Great Thank you.

516

01:50:04.560 --> 01:50:05.520

Rasham Nassar: councilmember car.

517

01:50:07.200 --> 01:50:18.480

Christy Carr: Sorry, not don't want to get into the weeds, but I think that those specific shoreline properties are located in the shoreline environment where multifamily is a prohibited use where's that permitted.

518

01:50:22.020 --> 01:50:32.850

Heather Wright: So they'd have to be located outside of the shoreline jurisdiction, if they were prohibited in that area, a lot of those some of those properties are deeper than the 200 feet, so it has to be deeper than that for it to be allowed.

519

01:50:33.240 --> 01:50:34.980

Christy Carr: Right thanks.

520

01:50:40.590 --> 01:50:42.000

Rasham Nassar: Any other Council discussion.

521

01:50:45.870 --> 01:50:46.260

Okay.

522

01:50:47.700 --> 01:50:55.710

Rasham Nassar: Seeing none, there is a motion on the floor that's been seconded we will now take a vote on that motion all those in favor please say Aye.

523

01:50:56.340 --> 01:50:57.270

Leslie Schneider: Aye Aye.

524

01:50:58.710 --> 01:50:59.550

Rasham Nassar: Any opposed.

525

01:51:01.290 --> 01:51:05.250

Rasham Nassar: That motion passes unanimously, thank you very much.

526

01:51:05.610 --> 01:51:08.040

Rasham Nassar: planner so and planning director right.

527

01:51:09.360 --> 01:51:18.150

Rasham Nassar: We are now moving on in our agenda to Item nine be another public hearing whole public hearing for ordinance number 2002 one dash.

528

01:51:18.600 --> 01:51:28.470

Rasham Nassar: 17 extending the landmark tree ordinance and consider approval, again, we have our planning department presenting this item for Council planning director right.

529

01:51:29.400 --> 01:51:33.060

Heather Wright: Now, thank you counsel we're asking for a six month extension this evening.

530

01:51:33.420 --> 01:51:42.240

Heather Wright: But as the manager Blair spoke earlier, we do tend to come back to you sooner than that six months we have decided to kill off the landmark tree ordinance.

531

01:51:42.630 --> 01:51:53.190

Heather Wright: piece of the regulations and handle that separately and we do have a public hearing scheduled with our planning Commission this Thursday and our intent is to bring that to you all in August.

532

01:51:53.820 --> 01:51:58.470

Heather Wright: Excuse me, in July, I have a couple of things moving forward in my mind, right now, so in July.

533

01:51:58.830 --> 01:52:06.030

Heather Wright: And so we hope to sunset this much sooner than the six months, but we can only ask for a six month extension, so we are asking to extend it.

534

01:52:06.360 --> 01:52:16.470

Heather Wright: until the day after Christmas of this year, and that will now be in effect as of June 26 for three years, but we are close to passing the finish line.

535

01:52:19.170 --> 01:52:21.600

Rasham Nassar: Thank you for that introduction and planning director right.

536

01:52:22.830 --> 01:52:30.840

Rasham Nassar: I will now open the public hearing on ordinance number 2002 one does 17 extending the landmark tree ordinance and consider approval.

537

01:52:31.590 --> 01:52:38.670

Rasham Nassar: So at this point again i'm going to turn my screen over to the attendees to witness any members of the public would wish to comment during this public.

538

01:52:39.150 --> 01:52:47.310

Rasham Nassar: Hearing opportunity at this time again, members of the public if you'd like to comment, please use the raise hand feature located at the bottom of your zoom screen.

539

01:52:48.360 --> 01:52:51.630

Rasham Nassar: I don't currently see any hands raised, so I will wait one more moment.

540

01:52:56.700 --> 01:53:00.450

Rasham Nassar: Okay, see none, I will not close the public hearing on ordinance number.

541

01:53:01.920 --> 01:53:08.310

Rasham Nassar: Extending Limerick tree ordinance and considering approval Council at this point i'm going to turn it back to us for our discussion.

542

01:53:10.440 --> 01:53:18.120

Rasham Nassar: There is a motion in the packet if we could begin discussion by placing that motion on the floor, that would be great Council member pollock.

543

01:53:18.750 --> 01:53:22.050

Michael Pollock: moved to approve ordinance number 2021 17.

544

01:53:25.170 --> 01:53:29.880

Rasham Nassar: Council member details deets second step motion or any discussion on that motion.

545

01:53:33.180 --> 01:53:39.540

Rasham Nassar: Seeing none We will now vote on the motion on the floor all those in favor please say Aye.

546

01:53:40.470 --> 01:53:40.830

Aye.

547

01:53:42.360 --> 01:53:47.400

Rasham Nassar: Any opposed that motion passes unanimously Thank you again planning director right.

548

01:53:47.790 --> 01:53:49.350

Heather Wright: you're welcome, so we can counsel.

549

01:53:50.400 --> 01:53:56.490

Rasham Nassar: Thank you goodnight Council we are now moving on in our agenda item 10 unfinished business item 10 a.

550

01:53:56.910 --> 01:54:04.410

Rasham Nassar: Consider professional services agreement with the kids at small business development Center in the amount of \$10,000 we have executive presenting.

551

01:54:05.010 --> 01:54:17.550

Rasham Nassar: This item with us tonight, I believe there is a motion in the packet however Council if we could please begin our discussion and presentation by placing the motion on the floor after which I will turn it over to the deputy city manager, but peers.

552

01:54:18.210 --> 01:54:22.740

Rasham Nassar: To provide some background relevant information related to this item Council member Schneider.

553

01:54:24.090 --> 01:54:36.240

Leslie Schneider: Thank you, I moved to authorize the city manager to enter into a contract with the kids that small business development Center in the amount of \$10,000 and execute the agreement substantially in the form attached.

554

01:54:38.790 --> 01:54:40.860

Rasham Nassar: councilmember deep second step motion.

555

01:54:42.810 --> 01:54:49.740

Rasham Nassar: deputy city manager at this point, would you like to present the item briefly for Council and for the benefit of the public.

556

01:54:52.620 --> 01:54:57.240

Ellen Schroer (she/her): i'd be happy to do so, or can turn it over to the city manager if you'd prefer to introduce the item.

557

01:54:58.380 --> 01:54:59.790

Blair King: Well, thank you very this.

558

01:55:00.870 --> 01:55:10.920

Blair King: The Deputy city manager has handled this will point out that this is an item that is within the city manager signature authority, but I understand it's before the cows, because this is a counsel initiated item.

559

01:55:14.190 --> 01:55:22.470

Ellen Schroer (she/her): Just to add on to that i'm the city manager is correct, the Small Business Development Center came and presented to you in April, at your request.

560

01:55:22.800 --> 01:55:29.340

Ellen Schroer (she/her): And at that time you directed the staff to work with the Small Business Development Center to bring back, an agreement which we've done.

561

01:55:29.580 --> 01:55:39.120

Ellen Schroer (she/her): This is an agreement for \$10,000 for the next 12 calendar months of services and would provide service to businesses in Cap county and specifically on bainbridge island.

562

01:55:39.750 --> 01:55:54.510

Ellen Schroer (she/her): Small businesses which would like to have no fee services such as business advising training and various kinds of technical assistance which are available through the Small Business Development Center i'm happy to take any questions or turn it over to you for discussion.

563

01:55:55.650 --> 01:56:00.000

Rasham Nassar: Thank you for that introduction city manager deputy city manager Deputy Mayor I tapulous.

564

01:56:01.590 --> 01:56:07.530

Kirsten Hytopoulos: uh yeah I wanted to add to discussion so if anyone has any questions I would wait.

565

01:56:10.020 --> 01:56:11.280

Rasham Nassar: here's, the floor is yours.

566

01:56:11.850 --> 01:56:18.630

Kirsten Hytopoulos: yeah I won't be supporting this i'm just as a reminder, when it came up, I think I said I wouldn't support it when came forward.

567

01:56:18.960 --> 01:56:24.390

Kirsten Hytopoulos: I just I don't think this is the way we should be doing business when I said the time mid budget cycle.

568

01:56:24.990 --> 01:56:31.950

Kirsten Hytopoulos: The way it came forward would not feel comfortable to me having you know, an organization come and make an a direct asked to us in that manner.

569

01:56:32.400 --> 01:56:44.370

Kirsten Hytopoulos: I do think we need to have an an actual plan for how we're going to support an economic plan for how and how we're going to support businesses, we have other ways that we do support businesses and organizations.

570

01:56:45.300 --> 01:56:54.330

Kirsten Hytopoulos: You know already and it just don't think this is that we should do this sort of ad hoc sort of spending anything that's a minor amount, so I just i'm not going to be supporting it.

571

01:56:55.860 --> 01:56:57.300

Kirsten Hytopoulos: And that's it Thank you.

572

01:56:59.070 --> 01:57:00.000

Rasham Nassar: councilmember pollock.

573

01:57:00.990 --> 01:57:19.920

Michael Pollock: No i'm not going to be supporting either for primarily the same reasons that it feels awkward to have people coming hat in hand asking for money it's mid budget cycle so i'd be happy to consider it at the next budget here i'm comparing against all the other asks.

574

01:57:21.060 --> 01:57:25.350

Michael Pollock: For me so i'm not comfortable supporting this mid cycle.

575

01:57:28.200 --> 01:57:29.190

Council member snyder.

576

01:57:30.690 --> 01:57:37.620

Leslie Schneider: Thank you, I just want to at least in part, respond to the mid cycle request.

577

01:57:39.060 --> 01:57:39.720

Leslie Schneider: So.

578

01:57:40.740 --> 01:57:45.780

Leslie Schneider: I felt that it was important to ask Council if we would be willing to do such a thing this.

579

01:57:46.530 --> 01:58:05.010

Leslie Schneider: sb DC has been particularly helpful in because of the pandemic in helping businesses like literally take their hand and walk them through applying for loans and grants and that kind of thing and and there were a number of reasons in the background, why you know.

580

01:58:06.330 --> 01:58:11.820

Leslie Schneider: Why this was important to them at this time and that the city of poulsbo had been.

581

01:58:12.780 --> 01:58:23.700

Leslie Schneider: supporting them with this initial experiment for a few years so i'm sure they will be coming back and asking for us in a budget cycle and I just felt that there was a lot of.

582

01:58:24.480 --> 01:58:30.690

Leslie Schneider: reason to support them, especially because of the pandemic than their assistance to business, so thank you for that.

583

01:58:34.020 --> 01:58:35.280

you're here I topless.

584

01:58:38.610 --> 01:58:51.540

Kirsten Hytopoulos: yeah, I guess, I want to say, I think this is a good example of how we should be using contingency and I don't have my agenda packet open, which is my fault, but to the right page, how are we funding this.

585

01:58:53.310 --> 01:58:53.460

Rasham Nassar: thing.

586

01:58:54.240 --> 01:58:54.630

yeah.

587

01:58:56.220 --> 01:59:02.160

Ellen Schroer (she/her): With your direction we can't take it from the Council contingency but, at this time it is not marked that way.

588

01:59:02.430 --> 01:59:09.180

Kirsten Hytopoulos: So I guess what I that's my last bit of feedback is the mean the reality is is that's what Council contingency is for right is, for if we decide.

589

01:59:09.630 --> 01:59:24.390

Kirsten Hytopoulos: That mid budget cycle, we want to do something extra this is for one Council says they don't care we want to do this anyway, and so you know just want to kind of throw that out there that's probably the most responsible fiscal choice for us.

590

01:59:26.130 --> 01:59:31.440

Kirsten Hytopoulos: I probably still won't vote for it, then, but I just thought it up for you guys that if you're going to vote for it, that that would be the best buy do it.

591

01:59:34.440 --> 01:59:35.370

Rasham Nassar: Council member car.

592

01:59:36.840 --> 01:59:54.000

Christy Carr: Thank you i'm also not going to support this, it sounds like this is a super organization helping our small businesses in a way that they very much need, particularly now, but I think I may have mentioned last time is that well I guess the ad hoc approach for me isn't.

593

01:59:55.710 --> 02:00:05.670

Christy Carr: Something i'd like to support mid cycle or not, but i'd really like to see this type of spending in the broader context, or in the context of some sort of.

594

02:00:06.360 --> 02:00:15.660

Christy Carr: plan or an economic development strategy that the city might have because currently we don't have one, and so I don't think this is a good way to approach having one.

595

02:00:20.430 --> 02:00:25.800

Rasham Nassar: So i'll go ahead and comment on this oh counselor why don't you go ahead.

596

02:00:27.090 --> 02:00:28.950

Joe Deets: Well, maybe you can go ahead.

597

02:00:30.150 --> 02:00:30.630

Rasham Nassar: Okay.

598

02:00:30.900 --> 02:00:37.560

Joe Deets: Well, I just want to say, I appreciate the comments and I don't mind this coming out of our contingency fund.

599

02:00:38.550 --> 02:00:57.990

Joe Deets: Actually wasn't clear to me where this money was coming from, but as to councilmember Schneider, this is the purpose, for this is to help businesses that have been affected by coven and it seems like there's broad agreement as to the value of this support, so I think getting.

600

02:00:59.130 --> 02:01:06.870

Joe Deets: tied up in it being mid cycle, a lot of things have been unusual of late and continue to be unusual and I think we need to.

601

02:01:07.710 --> 02:01:24.180

Joe Deets: step up and find do help, as we can, for our businesses, I do totally support having a business Economic Recovery Plan, colleagues, you may recall, last year I presented a list of ideas of things we could do and.

602

02:01:25.200 --> 02:01:36.810

Joe Deets: I don't mind coming back to that at all I don't mind, maybe with this new funding may we we start looking at what can we do for our local economy, but that is separate than separate supporting this particular.

603

02:01:37.500 --> 02:01:43.200

Joe Deets: endeavor so we can do, we can do both they're not exclusive so i'm in support of this.

604

02:01:47.070 --> 02:02:02.190

Rasham Nassar: Okay i'm going to go ahead and issue my comments at this point in time so i'm going to agree with Council members deets and Schneider I absolutely support this i'm going to pick up on something Council member deet said there's been nothing usual or typical about the past.

605

02:02:04.050 --> 02:02:14.250

Rasham Nassar: Or has it been two things have been in flux and, primarily, we understand that one of the hardest hit factions of our Community is our local economy and especially small businesses.

606

02:02:14.820 --> 02:02:24.180

Rasham Nassar: And while I fundamentally and on principle, agree that we should not hear out of funding at us out of budget cycle funding requests.

607

02:02:24.600 --> 02:02:33.270

Rasham Nassar: And I think that we also have to remain flexible to hear them we do maintain a Council contingency fund, and I believe, specifically for this purpose.

608

02:02:33.660 --> 02:02:40.020

Rasham Nassar: We heard from the kids at small business development Center that they serve a substantial portion of our local small business community.

609

02:02:40.320 --> 02:02:55.290

Rasham Nassar: And before us, in fact, right after this agenda item is an ordinance that's going to have impacts and financial impacts potentially if adopted by the Council on our local businesses, so I think it's fair in order for us to balance our.

610

02:02:56.100 --> 02:03:06.300

Rasham Nassar: priorities and show our support for a local economy to consider this level of funding, despite that it's out of cycle, I believe the kids that small business development Center does good work.

611

02:03:06.660 --> 02:03:15.780

Rasham Nassar: I don't believe that the amount of funding they're requesting is substantial, I think we can afford it out of Council contingency In fact I can't remember when this Council last spent Council contingency.

612

02:03:16.050 --> 02:03:23.790

Rasham Nassar: But, having been on the Council now going on for years, I do know that this kind of funding request is consistent with times when the Council has approved.

613

02:03:24.030 --> 02:03:30.000

Rasham Nassar: small amounts of funding from Council contingency in the past, so I am fully in support of this i'm happy to support it.

614

02:03:30.990 --> 02:03:40.110

Rasham Nassar: And i'm very grateful to the kids that small business development Center for the services that they provide and i'm very grateful to councilmember snyder for bringing this forward to it for Councils attention.

615

02:03:42.480 --> 02:03:47.970

Rasham Nassar: Deputy Mayor had topless you've spoken twice already may might you please keep your comments brief.

616

02:03:49.500 --> 02:03:51.750

Kirsten Hytopoulos: Yes, the only thing I wanted to add was that.

617

02:03:52.230 --> 02:04:00.090

Kirsten Hytopoulos: As I pointed out, the first time this came around that this is a request, ultimately, for an ongoing support they're not looking for a one time thing they're looking for.

618

02:04:00.300 --> 02:04:11.070

Kirsten Hytopoulos: They created this organization they're looking for ongoing support, so one of the fears that I had in doing this was that once you get involved in a situation like this we're looking at now a \$10,000 a year.

619

02:04:12.090 --> 02:04:21.900

Kirsten Hytopoulos: You know obligation that it's going to be about us having to back out of going forward that's what it's going to feel like when this comes up next year, so it's another reason that i'm ready i'm ready, you know not.

620

02:04:22.440 --> 02:04:30.900

Kirsten Hytopoulos: wanting to get into this The other thing I would say is that we did we were serious, we have tried to be serious about about businesses, and we did set up a grant Program.

621

02:04:31.650 --> 02:04:43.410

Kirsten Hytopoulos: So I mean we have we have tried to set that we haven't done anything for code and businesses that have been suffering during kovats so just want to put those two things out there and and then I will not raise my hand again.

622

02:04:44.250 --> 02:04:45.300

Rasham Nassar: city manager.

623

02:04:46.170 --> 02:04:53.340

Blair King: Amir not to interject myself into the bait but I didn't know if you might want to entertain a motion to table decided you till you hit a full Council.

624

02:04:56.790 --> 02:04:58.650

Blair King: Just considering where the comments that played.

625

02:05:01.800 --> 02:05:05.490

Rasham Nassar: that's a very keen suggestions see manager, I wonder if.

626

02:05:06.690 --> 02:05:14.700

Rasham Nassar: How would we would pull the motion the maker of the motion that place the motion on the floor if that maker of the motion, I believe that was Council member.

627

02:05:16.230 --> 02:05:21.180

Michael Pollock: Just you just just move the table emotion, if someone wants to make that motion listening to do tomorrow.

628

02:05:23.280 --> 02:05:29.790

Rasham Nassar: Thank you for that check on parliamentary procedure councilmember pollock might have councilmember wish to make that motion councilmember Schneider.

629

02:05:31.170 --> 02:05:37.650

Leslie Schneider: I would make the motion to table this item until we have full Council President.

630

02:05:40.800 --> 02:05:45.570

Rasham Nassar: councilmember deeds second set motion is there any further discussion on that motion Council.

631

02:05:48.240 --> 02:05:54.630

Rasham Nassar: All those in favor of the motion to table the discussion until a full Council is present, please say Aye Aye Aye.

632

02:05:57.240 --> 02:05:58.140

Rasham Nassar: Any opposed.

633

02:06:02.040 --> 02:06:06.720

Rasham Nassar: councilmember pollick opposes that motion, otherwise the motion passes.

634

02:06:09.420 --> 02:06:10.290

Rasham Nassar: councilmember pollock.

635

02:06:11.760 --> 02:06:12.540

Oh OK.

636

02:06:16.080 --> 02:06:26.640

Rasham Nassar: OK, with that we are moving on and our agenda, Council, we are now on item 10 be introduction and review of draft plastics ordinance number 2002 one.

637

02:06:26.940 --> 02:06:31.590

Rasham Nassar: dash 18 we have executive scheduled to present that this ordinance this evening.

638

02:06:32.160 --> 02:06:44.190

Rasham Nassar: per my conversation with the city manager early here today, I believe the city attorney is going to begin with some introductory comments provide some relevant information for the Council that will benefit our conversation tonight city attorney.

639

02:06:44.730 --> 02:06:51.330

Joe Levan: Yes, thank you very much, and also the deputy attorney and he sledges here to join to spend a lot of time.

640

02:06:51.930 --> 02:07:03.570

Joe Levan: assisting with the preparation and preparing the draft as well as her to answer questions, based on the research, he did related to this is just a few summary intro remarks.

641

02:07:03.990 --> 02:07:12.720

Joe Levan: As stated in the agenda bill, this is a meant to be an initial draft, based on the council's direction from the meeting on may 18.

642

02:07:13.170 --> 02:07:25.320

Joe Levan: For the Council discussed this topic generally and including there were five points that were presented by councilmember car related to the topic, and from that meeting, the Council directed the city attorney's office to.

643

02:07:27.120 --> 02:07:35.670

Joe Levan: To work with an initial draft that was actually directed councilmember car to prepare a draft provides the city attorney's office.

644

02:07:36.540 --> 02:07:45.300

Joe Levan: which she did so that the draft that's in front of you tonight is based primarily on on the work that was done by a Council member car.

645

02:07:45.930 --> 02:07:53.850

Joe Levan: But we also the city attorney's Office also received some input from Deputy Mayor had topless as well as from councilmember pollock.

646

02:07:54.390 --> 02:08:05.550

Joe Levan: So, as you note from the agenda bill the the yellow highlighted text comes from Deputy Mayor I topless and there's some green highlighted text that comes from.

647

02:08:06.120 --> 02:08:20.430

Joe Levan: Customer pollock and then there is also in Teal or Turquoise on page eight some alternative language that was suggested by the Deputy city attorney as an alternative to.

648

02:08:21.720 --> 02:08:26.610

Joe Levan: The the text it's on page nine that came from.

649

02:08:27.900 --> 02:08:29.010

Joe Levan: The Deputy Mayor.

650

02:08:30.300 --> 02:08:40.290

Joe Levan: The the approach to so you understand where we're coming from the city attorney's office on this, based on what we received from councilmember car, the approach was to try to.

651

02:08:41.610 --> 02:08:48.330

Joe Levan: base the list of base it on what's in our current Code, so we have a current co chapter chapter 824.

652

02:08:49.320 --> 02:08:58.530

Joe Levan: That is relevant to this topic, so the The goal is to start from that instead of creating a whole new chapter, so there wouldn't be confusion about.

653

02:08:58.980 --> 02:09:06.390

Joe Levan: What applies to what, and also to have everything in one place, and looking thinking about this going forward to there could be potential.

654

02:09:07.260 --> 02:09:12.090

Joe Levan: additions of the Council may want to make revisions, this is a kind of a moving target based on.

655

02:09:12.480 --> 02:09:25.470

Joe Levan: On all kinds of different factors, including the State legislation that came in play this year so that was the approach to try to to use chapter 824 and then to try to change it as little as possible.

656

02:09:26.220 --> 02:09:36.990

Joe Levan: But change it as necessary so with that the draft you're looking at it's the reason that you have there's so much underlining some of that as the.

657

02:09:37.500 --> 02:09:44.040

Joe Levan: As the deputy city attorney explaining the agenda bill some of the some of the provisions, the sections that are currently in.

658

02:09:44.310 --> 02:09:51.090

Joe Levan: That chapter have just been repurposed so it's not actually new tax but it's repurposed into a different order basically.

659

02:09:51.480 --> 02:10:02.280

Joe Levan: And then, some of it is new so that's as you see from the agenda bill, that is, the description from the deputy city attorney he described which ones will repurpose which ones are new.

660

02:10:02.820 --> 02:10:14.850

Joe Levan: So that's that's the way it was set up, I just want to make sure that you all know your different concerns related to the State law that is in place.

661

02:10:15.660 --> 02:10:31.530

Joe Levan: it's the state laws 5022 that is in place, now there is a provision, as you all know that relates to a date of July 1 and certain types of activities are preempted preempted as of July 1.

662

02:10:32.040 --> 02:10:45.090

Joe Levan: But then it is, it is, we can talk about specifically what that applies to, but it is, it is limited, this this this draft, you are looking at tonight includes topics and activities that go beyond which would be preempted.

663

02:10:46.200 --> 02:10:48.540

Joe Levan: So that's and just in terms of options.

664

02:10:49.800 --> 02:10:55.980

Joe Levan: The I think the opinion of the me and the deputy city attorney based on the comments we received there's.

665

02:10:56.460 --> 02:11:03.570

Joe Levan: it's going to be a hopefully a good discussion point to the Council to have related to this draft it's certainly not meant to be a final product.

666

02:11:04.500 --> 02:11:14.580

Joe Levan: there's there's been comments made by some of the public about good suggestions and i'm sure you all have your own suggestions as well, so deputy city attorney I are definitely open to whatever suggestions.

667

02:11:14.970 --> 02:11:19.500

Joe Levan: You have to improve this and we can bring it back to you, and if you're shooting for the date of.

668

02:11:20.370 --> 02:11:28.200

Joe Levan: The 22nd of this month to get it in place so that it's in place before the first of July, we can definitely do that one option to consider potentially.

669

02:11:28.740 --> 02:11:34.950

Joe Levan: Is that if you're mostly concerned about the preemption date of July 1 potentially you could.

670

02:11:35.340 --> 02:11:42.360

Joe Levan: We could bring back to you, based on your discussion at a scaled down version that just deals with the topics that otherwise would be preempted.

671

02:11:42.630 --> 02:11:52.650

Joe Levan: And then you could have a future ordinance that would that would cover the other activities that aren't preempted so that that's that's an option that we certainly are open to if you want to pursue that path.

672

02:11:53.910 --> 02:12:04.650

Joe Levan: And you'll one thing else I want to notice or one which is to note is that as you'll you'll note in the draft there's different effective dates for different sections.

673

02:12:05.490 --> 02:12:16.050

Joe Levan: So that's something to keep in mind and part of that is based on as well with the way the State law was written there's different effective dates as well, based on different activities so with with that is kind of a intro.

674

02:12:17.280 --> 02:12:28.260

Joe Levan: we're here to work to assist walk through and answer any questions you may have and and also to work with you to figure out what the next best step forward would be so thank you very much.

675

02:12:30.900 --> 02:12:38.310

Rasham Nassar: Thank you, before I turn over to counsel, I have a question city attorney do you can highlight for the Council and for the public, which.

676

02:12:38.580 --> 02:12:50.190

Rasham Nassar: specific topics within the ordinance are preempted you suggested that we might consider taking them apart, but you didn't identify which aspects of the ordinance those work can you quickly identify those for Council.

677

02:12:50.610 --> 02:12:57.720

Joe Levan: Yes, let me i'm going to have the deputy city attorney assist with that as well, but before i'll just read from you, so you all were on the same page about.

678

02:12:58.110 --> 02:13:04.920

Joe Levan: about what the State law provides about what is preempted so what what it provides just to say you can think about this.

679

02:13:05.370 --> 02:13:16.770

Joe Levan: And this did change from when we talked about this previously there was a change and, in the final version that was adopted and signed by the governor so what it what it says is beginning on July 1 of 2021.

680

02:13:17.280 --> 02:13:23.880

Joe Levan: The city may not enact an ordinance to reduce pollution from single use food service products.

681

02:13:24.300 --> 02:13:33.930

Joe Levan: By requiring affirmation that a customer wants single use food service products from the customer of the food service business or other establishment.

682

02:13:34.260 --> 02:13:40.710

Joe Levan: So, in other words, if you flip it the other way if we're in the affirmative so before, so what what what the city can do.

683

02:13:41.040 --> 02:13:50.280

Joe Levan: So that this is what you could do before July 1 in that regard so before July 1 2021 the city can enact.

684

02:13:50.640 --> 02:14:01.710

Joe Levan: an ordinance that requires affirmation that a customer wants single use food service products from the customer, or the food service business or other establishment so that's that's the part that is.

685

02:14:02.280 --> 02:14:11.730

Joe Levan: directly applicable to the preemption and to to answer your question deputy city attorney if we could point out those provisions that relate to the prevention issue.

686

02:14:14.130 --> 02:14:18.900

Andy Sletten: Good evening i'm married as our Deputy Mayor I toggle as members of the Council.

687

02:14:19.530 --> 02:14:29.940

Andy Sletten: Specifically sections, five, six and seven, as proposed, and that's discounting the the changing of the title, which is section one the definition section, which is section to.

688

02:14:30.390 --> 02:14:43.380

Andy Sletten: directly relate to the preempted issue in that they they discuss the prohibition of single use plastics and be that directly relate to both.

689

02:14:43.830 --> 02:15:00.450

Andy Sletten: In in establishment and essentially takeaway or out of establishment requests related to cups a couple lids excuse me not cups but a couple ids utensils and economy and packaging, thank you.

690

02:15:01.500 --> 02:15:16.110

Joe Levan: I also want to make clear that it's unfortunately it's wouldn't be as easy as just separate out those those three sections and create an new ordinance you know tonight that you could just say let's you know just adopt those three sections or not it would take.

691

02:15:17.130 --> 02:15:25.020

Joe Levan: gri crafting this in a way that includes whereas clauses that are applicable and also that this is kind of a spider web that meshes all together.

692

02:15:25.290 --> 02:15:32.280

Joe Levan: So we come back with an ordinance that would properly link all those together so that you could accomplish that task that's what you want to do.

693

02:15:34.440 --> 02:15:37.380

Rasham Nassar: Okay, thank you um Deputy Mayor had topless.

694

02:15:38.640 --> 02:15:54.210

Kirsten Hytopoulos: yeah so I had a really good conversation this morning with the say train deputy city attorney and very relieved to hear that I don't know I think see 20 It may be that that older version also had different language and the preemptive language I don't know, but I think.

695

02:15:54.360 --> 02:16:00.330

Kirsten Hytopoulos: A number of us have been operating on old information about the preemption and what and what I learned from.

696

02:16:00.750 --> 02:16:09.630

Kirsten Hytopoulos: Zero waste Washington earlier today was that the that this much tighter preemption was tightly negotiated I guess outcome of the plastics lobby.

697

02:16:10.050 --> 02:16:15.990

Kirsten Hytopoulos: That in fact we're much better off, we could do what, and this is what I hope we will agree to do tonight.

698

02:16:16.350 --> 02:16:23.310

Kirsten Hytopoulos: Is that we will just focus on what we have to do by the end of the month, so we can get this ordinance right.

699

02:16:23.700 --> 02:16:32.400

Kirsten Hytopoulos: we've done so much so far, because we were under pressure which is great so i'm glad we were we thought we had to do this because we're almost there.

700

02:16:32.850 --> 02:16:40.290

Kirsten Hytopoulos: But, and I want that, and I hope you know I think the important message that we need to send out to the business community tonight everybody everybody who commented, and you didn't.

701

02:16:40.740 --> 02:16:49.860

Kirsten Hytopoulos: Is all we were doing was trying to operate within within the deadline that we understood, we had, which was our one shot to do something that we could never again do.

702

02:16:50.460 --> 02:16:59.310

Kirsten Hytopoulos: Now we know that we should be able to spend a bit more time on this and do it right and listen to the business owners and listen to the you know the Climate Action Committee.

703

02:16:59.820 --> 02:17:08.460

Kirsten Hytopoulos: But not dropped the ball on this that's what I that I really hope we're committed to, if we take a little more time so that we can fix a few of the flaws that are still in it.

704

02:17:08.850 --> 02:17:19.890

Kirsten Hytopoulos: Inevitably right get this rate spend a couple more months, maybe on it, maybe one more month on it, but let's keep the ball rolling and let's do what Joe was just talking about let's pass an ordinance on the.

705

02:17:20.850 --> 02:17:25.890

Kirsten Hytopoulos: The One the one part we're going to be preempted on because we do want to do that a little tighter than the State.

706

02:17:26.700 --> 02:17:29.820

Kirsten Hytopoulos: And let's let's let the let the the the the.

707

02:17:30.480 --> 02:17:38.130

Kirsten Hytopoulos: The city trying to deputy brings them back and let's focus tonight on what we have to answer about those parts that they do have to incorporate.

708

02:17:38.430 --> 02:17:47.100

Kirsten Hytopoulos: And let us let them bring something back um I think there's enough there actually that, quite frankly, you should bring us back something next week.

709

02:17:47.520 --> 02:17:58.500

Kirsten Hytopoulos: And we should still get input that's what I think I think you're you're talking about leaving enough stuff in in definitions and other parts that we it may you may need one more touch with us to be frame before.

710

02:17:59.640 --> 02:18:04.950

Kirsten Hytopoulos: You know, before the final adoption that's my opinion but Council that's what I hope will do and.

711

02:18:06.390 --> 02:18:06.720

Kirsten Hytopoulos: yeah.

712

02:18:10.200 --> 02:18:11.070

Rasham Nassar: Council member.

713

02:18:15.480 --> 02:18:20.580

Michael Pollock: On our support that i'm just wondering if you could put that in the form of emotion, so that I can second.

714

02:18:23.070 --> 02:18:23.670

Kirsten Hytopoulos: Right now.

715

02:18:24.120 --> 02:18:26.730

Kirsten Hytopoulos: yeah sure let's see what am I going to.

716

02:18:28.020 --> 02:18:39.060

Kirsten Hytopoulos: I move the we direct the city attorney to craft emotion, to address the issue of.

717

02:18:42.210 --> 02:18:43.290

Kirsten Hytopoulos: How do we describe that.

718

02:18:46.800 --> 02:18:51.600

Michael Pollock: or address maybe the pressing issues that are run road i've done mine too.

719

02:18:51.630 --> 02:18:58.560

Kirsten Hytopoulos: yeah the the issue that we will be preempted on as described in the draft ordinance.

720

02:19:00.240 --> 02:19:02.430

Kirsten Hytopoulos: and bring it back for our consideration.

721

02:19:02.880 --> 02:19:03.420

Michael Pollock: Next week.

722

02:19:03.750 --> 02:19:06.300

Kirsten Hytopoulos: Next week, is that too fast.

723

02:19:07.560 --> 02:19:07.980

Kirsten Hytopoulos: Joe.

724

02:19:08.400 --> 02:19:15.030

Joe Levan: it's it's it that'll be a challenge, but we can get it done if that's what the Council really wants, we could commit to doing.

725

02:19:15.030 --> 02:19:15.540

Joe Levan: I know this is.

726

02:19:15.660 --> 02:19:21.390

Joe Levan: Important to you all, I think you, you said to craft a motion where you're talking about crafting.

727

02:19:21.690 --> 02:19:25.230

Kirsten Hytopoulos: crafted ordinance emotion yeah so that captioning.

728

02:19:25.650 --> 02:19:32.760

Joe Levan: And I think, so the lie understanding from what you just stated, was that we've come back with an a new draft ordinance.

729

02:19:33.150 --> 02:19:33.630

Joe Levan: That would.

730

02:19:33.990 --> 02:19:38.820

Joe Levan: apply just to the activities that would otherwise be preempted as of July 1.

731

02:19:39.000 --> 02:19:49.860

Kirsten Hytopoulos: My fear, just is that to get it right, so that because everybody would be then proceeding to work on another version of this ordinance to do the rest of this work.

732

02:19:50.550 --> 02:19:57.870

Kirsten Hytopoulos: Is that we don't want to mess anything up and with this with this ordinance that's going to mess up our work on the final ordinance so.

733

02:19:58.380 --> 02:20:03.060

Kirsten Hytopoulos: You know, does that make sense, everyone so Joe Joe and Andy are still going to have to do some of that.

734

02:20:03.600 --> 02:20:21.900

Kirsten Hytopoulos: Some of the parts in this short time and so there's still some hard work to be done in a short time, not the stuff like is it what type of Compostable is it and are we doing a cup fee, and some of that real difficult, you know policy decisions, but still some important structural work.

735

02:20:25.380 --> 02:20:35.670

Rasham Nassar: Okay, I just want to pause for a moment and make sure that the city clerk captured that Deputy Mayor made that motion and Council member pollock I believe you second that motion.

736

02:20:36.870 --> 02:20:39.000

Michael Pollock: All suck almost wondering.

737

02:20:40.860 --> 02:20:41.910

Michael Pollock: i'm not sure if we.

738

02:20:42.510 --> 02:20:48.300

Michael Pollock: Just a summary about motion that was quite a bit there and I think that the city attorney actually captured require.

739

02:20:50.190 --> 02:20:53.370

Michael Pollock: lovely, so I would second that as rephrased by the city attorney.

740

02:20:57.210 --> 02:20:58.350

Michael Pollock: that's a 10 counselor.

741

02:20:59.610 --> 02:21:11.670

Rasham Nassar: Did you have did you have any further comments at this time councilmember okay i'm going to Council member, excuse me i'm going to go to councilmember Schneider at this point, but she hasn't had an opportunity to speak councilmember Schneider.

742

02:21:14.040 --> 02:21:15.270

Leslie Schneider: You um.

743

02:21:16.410 --> 02:21:24.060

Leslie Schneider: I want to just say that I strongly support having this more strict ordinance.

744

02:21:25.050 --> 02:21:34.380

Leslie Schneider: I this plastic ordinance and it's not it's really not a plastics ordinance that we're working on right now the the full set it's more a single use waste reduction.

745

02:21:34.830 --> 02:21:48.300

Leslie Schneider: And I, personally, I would prefer that it be titled that when we get around to it, not the strict version that I hope will be coming back to us next week, but you know the full version that we do I mean this is really important stuff and.

746

02:21:49.920 --> 02:21:55.530

Leslie Schneider: I like a lot of you have put a lot of time into this, because we really recognize how important it is and and.

747

02:21:56.190 --> 02:22:07.650

Leslie Schneider: And at the same time, the more I look at it, the more I see some potential unintended consequences, and so I just want to be really sure that we do get a chance to talk to businesses.

748

02:22:07.950 --> 02:22:18.390

Leslie Schneider: And that we get a chance to do is as much as we can with this, so I have a lot of notes that would have pertained to the larger.

749

02:22:20.010 --> 02:22:29.250

Leslie Schneider: You know, to the the ordinance as it was in our packet so I just wanted, I just want you to know that I have that and i'll figure out a different way to get it, you know I can just send it to.

750

02:22:30.420 --> 02:22:34.740

Leslie Schneider: i'm not sure when it's an appropriate time to bring it up for us to discuss I guess is part of it right.

751

02:22:35.460 --> 02:22:45.060

Leslie Schneider: Maybe I can just send it out to everyone, as a do not reply at some point in the future, but I will I will hold on to it because I don't think we need or should be.

752

02:22:45.540 --> 02:22:54.030

Leslie Schneider: diving into that sort of detail tonight, and I just want to say that i've even reached out in the short amount of time to.

753

02:22:54.930 --> 02:23:03.630

Leslie Schneider: The Chamber of Commerce and got some really interesting good ideas that we could add so and make this a very positive thing for the business community and not just.

754

02:23:04.290 --> 02:23:13.590

Leslie Schneider: You know, a new burden for the business community so i'm going to end my comments there, assuming that we move forward with this restricted version, thank you.

755

02:23:16.050 --> 02:23:16.800

Rasham Nassar: city attorney.

756

02:23:18.030 --> 02:23:25.470

Joe Levan: I just wanted to make clear that piggybacking on what the Deputy Mayor said the version of will bring back.

757

02:23:26.370 --> 02:23:33.060

Joe Levan: is going to contemplate that the Council in the future will make additional revisions and changes to this so.

758

02:23:33.570 --> 02:23:42.690

Joe Levan: We will include, for example, we've we've reordered and repurpose as I described some of the sections and sub sections of that chapter 824.

759

02:23:43.050 --> 02:24:00.660

Joe Levan: So we will do the same will keep with that and we may have some sections to say reserved so that it will preserve that for the future, so that when you do get to this other these other topics it'll eat more easily fit into that structure it'll just save a lot of time in the future.

760

02:24:04.170 --> 02:24:05.940

Rasham Nassar: councilmember deeds yeah.

761

02:24:06.000 --> 02:24:11.460

Joe Deets: I think he married yeah I think you city attorney that helps sort of frame, so that we know this.

762

02:24:12.150 --> 02:24:19.170

Joe Deets: And I and i'm in favor of this this this motion that we put this together, knowing that this is going to develop into.

763

02:24:19.440 --> 02:24:28.500

Joe Deets: A more fuller ordinance and it may be a waste reduction and and plastics so and also, I really want US colleagues to look abroad, when we.

764

02:24:29.460 --> 02:24:39.180

Joe Deets: When I say abroad, our full constituencies with this ordinance the business community, I think we've heard loud and clear, I did have conversations with Mr shop.

765

02:24:39.750 --> 02:24:48.510

Joe Deets: A couple times, as well as town and country and the Chamber and the downtown association and we need to engage these businesses, I mean we want to support them.

766

02:24:48.900 --> 02:25:05.550

Joe Deets: We want to hear from them, but we also want a very, very good waste reduction in plastics ordinance so bringing a polar tent so what i'm asking is we commit ourselves to having a more fuller plan of outreach and collaboration, as we move forward.

767

02:25:10.410 --> 02:25:11.760

Rasham Nassar: In America topless.

768

02:25:12.420 --> 02:25:18.960

Kirsten Hytopoulos: yeah so just to just to be sure we're on the same page what i'm hoping happens is that if the city if the city attorney.

769

02:25:19.320 --> 02:25:27.210

Kirsten Hytopoulos: can come back with this draft with what his assumptions are based on you know teasing this out of what we have in front of us, the packet.

770

02:25:27.870 --> 02:25:37.890

Kirsten Hytopoulos: And we have that in a packet for next week on a study session, we can then give feedback on that so can the Community Members who are expert in this, and so forth.

771

02:25:38.400 --> 02:25:45.930

Kirsten Hytopoulos: And that way, if there are any fish room there for further refinements before an adoption adoption at the next business meeting.

772

02:25:46.200 --> 02:25:55.020

Kirsten Hytopoulos: Is that what we all understand because I, I think that it might not be as easy as a city attorney just pulling it out that's why I want us to have one more touch here does that make sense.

773

02:25:55.650 --> 02:26:02.700

Kirsten Hytopoulos: Are we on the same page, so we should still schedule enough time at the next meeting, for us to give feedback if that is if there's a definition or if there's a.

774

02:26:03.180 --> 02:26:10.770

Kirsten Hytopoulos: If we don't know what he's going to leave in so let him come back with what he thinks is that paragon ordinance we give feedback, then we get something to pass on the next meeting.

775

02:26:12.300 --> 02:26:19.260

Rasham Nassar: rate that's with my understanding, so Council members and clear about what's being proposed here, and the motion that's.

776

02:26:20.490 --> 02:26:21.060

Rasham Nassar: been made.

777

02:26:23.460 --> 02:26:24.870

Rasham Nassar: Okay, moving on to.

778

02:26:24.960 --> 02:26:32.790

Michael Pollock: councilmember colic yeah I just um you know I think we've gotten a lot of information about what plastics, are doing the environment.

779

02:26:33.360 --> 02:26:39.390

Michael Pollock: But this was labeled as a single use plastics ordinance and I think councilmember Schneider spoke to that a little bit.

780

02:26:39.930 --> 02:26:54.390

Michael Pollock: But this is such a small amount of the single use plastic that's in our Community that we go through every day, incredibly, often because we have no choice, I think, calling this of waste reduction ordinances That was a little more.

781

02:26:55.650 --> 02:27:00.030

Michael Pollock: Accurate so um But having said that, I.

782

02:27:01.080 --> 02:27:11.940

Michael Pollock: would like us to look at that larger issue of what we can do in terms of truly getting rid of single use packages and plastics and.

783

02:27:12.510 --> 02:27:18.870

Michael Pollock: drive you know for people that are interested, I would point to Canada who's look the national government there's there's.

784

02:27:19.380 --> 02:27:24.150

Michael Pollock: Developing I think it's about a 10 year plan to phase out single use plastics in our country.

785

02:27:24.540 --> 02:27:32.580

Michael Pollock: So there, there are people that are really adopting more comprehensive solutions and really trying to figure out how to get the plastics out.

786

02:27:32.970 --> 02:27:44.820

Michael Pollock: Now this in and of itself is not going to do much relative to our entire lives in a single use plastics, but it's a step in the right direction and it's important so i'm going to support it, but I just I just want to remind people that we.

787

02:27:45.180 --> 02:27:54.630

Michael Pollock: have so much more to do to get plastics out of our environment and out of our bodies, incidentally we're doing you know swipe to our.

788

02:27:55.920 --> 02:27:56.340

Michael Pollock: So.

789

02:27:57.600 --> 02:27:58.110

Michael Pollock: that's all.

790

02:27:58.770 --> 02:27:59.520

Rasham Nassar: city attorney.

791

02:28:00.210 --> 02:28:07.320

Joe Levan: two quick points one based on the Deputy Mayor his comment is it as a counselor contemplating public comment to the study session, then.

792

02:28:08.460 --> 02:28:09.690

Joe Levan: that'd be helpful or or.

793

02:28:09.750 --> 02:28:11.730

Joe Levan: Is it can comment just will come through written form.

794

02:28:12.780 --> 02:28:20.160

Rasham Nassar: I didn't anticipate that Council wanted public comment at the study session, but that it would appear, for adoption at the following business meeting.

795

02:28:20.820 --> 02:28:30.060

Rasham Nassar: Is that correct, at which point we will then accept public comment at that point, I do think, though, that and i'm not sure what kind of outreach has been done to the business community.

796

02:28:31.620 --> 02:28:44.910

Rasham Nassar: If there could be some communication from the city alerting and maybe through the Chamber and I don't know if we have a mailing list that kind of captures all of her local businesses that would be great if we did not we should have one.

797

02:28:45.300 --> 02:28:51.630

Rasham Nassar: And that they should be alerted to attend the business meeting what data is that the next meeting in two weeks.

798

02:28:53.790 --> 02:28:59.220

Rasham Nassar: yeah and just informed that there will be public comment period at the start of that meeting, and that they're invited to come.

799

02:29:00.000 --> 02:29:07.770

Rasham Nassar: In issue that public comment at that time picking up on what councilmember deet said, I do agree that we might want to consider, perhaps.

800

02:29:08.310 --> 02:29:14.370

Rasham Nassar: And, and if we haven't we don't have enough time between now and the time that we will consider adopting this ordinance ahead of the deadline.

801

02:29:15.090 --> 02:29:23.970

Rasham Nassar: To develop some sort of support plan or program for businesses to implement this ordinance i'm not sure what the timeline for implementation for compliance is.

802

02:29:24.840 --> 02:29:33.960

Rasham Nassar: For our local businesses, but I would certainly support providing some municipal level of municipal support for our local business community to help them get up to speed.

803

02:29:34.500 --> 02:29:41.550

Rasham Nassar: Just to kind of collaborate and make sure that you know everyone is working towards the same end is the public comments are said we're all affected.

804

02:29:41.880 --> 02:29:45.330

Rasham Nassar: by the presence of single use plastics in our Community and I don't.

805

02:29:45.720 --> 02:29:55.830

Rasham Nassar: Believe for a moment that our local businesses don't want to do this it's just they have to look at their numbers and it's a matter for them, of whether or not they can meet their bottom line and pay their employees at the end of the month, so.

806

02:29:56.250 --> 02:30:00.750

Rasham Nassar: Their concerns are real their concerns are valid and legitimate and I would like to take those into consideration.

807

02:30:01.050 --> 02:30:06.900

Rasham Nassar: At the same time i'm going to say what I said last time I don't think we're leaders in this by any means, so we are well behind the game.

808

02:30:07.380 --> 02:30:19.380

Rasham Nassar: From what i've googled most cities started passing legislation similar to this in 2018 19 so we're well behind the ball and i'm very eager to get something on our books.

809

02:30:21.870 --> 02:30:27.960

Joe Levan: I didn't have a phone on their on that so to the city manager, I saw see took his.

810

02:30:28.590 --> 02:30:38.280

Joe Levan: audio turned his audio on so in terms of what's going to be a lot of work for us to get this draft done I don't see any attorney's office not really going to be a good position to provide a bunch of.

811

02:30:38.640 --> 02:30:46.650

Joe Levan: Public outreach which I see is important, but we don't really have the bandwidth to do that, at the same time, but i'm sure the city manager can speak to that part of it.

812

02:30:47.100 --> 02:30:47.700

Any manager.

813

02:30:48.930 --> 02:30:58.860

Blair King: Yes, I think the broader scope, and I think that the directions are going take the piece that was concerned about preemption then take some time to look at the other pieces.

814

02:31:00.300 --> 02:31:09.750

Blair King: The adoption of the ordinance, the key to successful implementation is going to be that the regulated businesses, understand and can comply.

815

02:31:10.800 --> 02:31:21.690

Blair King: there's a multi step process here you'll notice that, in the draft was prepared for you, that you will be dealing with later on, is that there is the effective date and enforcement day.

816

02:31:22.800 --> 02:31:40.770

Blair King: There is some variability of when the enforcement date would match also it's been my experience what I suggested, I wrote a brief paragraph that we would engage a third party Community based organization to we pay them on the city's behalf and their scope of work would include.

817

02:31:41.820 --> 02:31:46.260

Blair King: Once the ordinance has been adopted, and there should be a full complete debate about the organs.

818

02:31:46.530 --> 02:31:55.980

Blair King: But once the ordinances adopted that they will provide education and support and monitoring the business community, so there would be a period of time that the ordinance been adopted we know it's going to become.

819

02:31:57.090 --> 02:32:02.280

Blair King: enforceable, but during that period of time we're using a third party on our behalf.

820

02:32:02.850 --> 02:32:19.980

Blair King: To make sure that there's a lot of for lack of better term handholding understanding, putting them in touch with suppliers and making sure people comply so when this becomes the enforcement period again it is smooth and people understand and it's a non issue.

821

02:32:21.510 --> 02:32:25.980

Rasham Nassar: Thank you guys for that city manager and just real quick before I turn it back over to counsel.

822

02:32:26.640 --> 02:32:35.040

Rasham Nassar: for further discussion is that something that you would administratively have the authority to do, are you going to just do, that is, it within your spending authority or is that something that Council will have to decide.

823

02:32:36.480 --> 02:32:46.020

Blair King: From my perspective of I put a plug for your in \$10,000 for example of that's well within the city manager signature authority I don't see it being.

824

02:32:46.530 --> 02:32:53.130

Blair King: much bigger than that because, who we would contract with would be a Community based organization that has an interest.

825

02:32:53.730 --> 02:33:10.530

Blair King: Not a vested interest but an interest in the outcome of the successful outcome of this ordinance so they're already going to be motivated and we want to compensate them in a way, so that we keep them in the game, and we are communicating and educating and helping the businesses comply.

826

02:33:12.420 --> 02:33:14.880

Rasham Nassar: Great Thank you who had topless.

827

02:33:17.250 --> 02:33:25.740

Kirsten Hytopoulos: I was just gonna say I think this is because this is an unusual situation, the time crunch again now we're back to this July 1 thing only for this little piece.

828

02:33:26.010 --> 02:33:32.670

Kirsten Hytopoulos: I think it's it's on us to do out some outreach right, I mean Joe I think that you know councilmember deeds, I think you will you have.

829

02:33:33.000 --> 02:33:49.890

Kirsten Hytopoulos: Whether it's to the the you know the the climate and zero waste activists and whether it's to business owner so that's what we gotta do is Council members in the next next week is is to direct their eyes to the draft when it comes out and ask them to give us feedback so.

830

02:33:51.870 --> 02:33:52.740

Rasham Nassar: councilmember deeds.

831

02:33:53.670 --> 02:34:02.670

Joe Deets: Thank you mayor and thank you for those comments councilmember high topless well speaking of outreach, this is a live event where right now, and I see Mr Shah.

832

02:34:03.000 --> 02:34:12.390

Joe Deets: The restaurant or for medicine diner has his hand up, so why don't we start that outreach now and I suggest we invite Mr shot over to give his comments.

833

02:34:16.920 --> 02:34:27.780

Rasham Nassar: I would agree to councilmember deeds, I do believe Mr Shaw had an opportunity during public comment period to provide this comment, so I would just in terms of keeping it fair i'm going to not allow that.

834

02:34:28.410 --> 02:34:30.180

Rasham Nassar: And in following our rules of.

835

02:34:31.170 --> 02:34:41.820

Rasham Nassar: parliamentary procedure, but Mr Shaw, I would invite you to contact your Council members and also to right if you haven't done so already and appear for public comment period.

836

02:34:42.120 --> 02:34:48.150

Rasham Nassar: At the next business meeting, my apologies for not calendar up, but it will be two weeks from tonight's Council members united.

837

02:34:50.640 --> 02:34:52.860

Leslie Schneider: Thank you, I just realized that one of my.

838

02:34:53.910 --> 02:35:07.710

Leslie Schneider: comments that I thought would that i'm just not sure whether it refers to sort of the our plastic or simply use ordinance as a whole, or whether it might actually have an impact on the July 1 deadline so my purpose is to bring it up.

839

02:35:08.130 --> 02:35:22.980

Leslie Schneider: To the city attorney so that you could help understand whether it needs to be included, so one of my concerns with the the single use cup thing, where we would be asked, we would be.

840

02:35:23.820 --> 02:35:34.320

Leslie Schneider: requiring a 25 cent charge for that, I would like to make sure that the businesses require affirmation for that Cup, in other words.

841

02:35:34.890 --> 02:35:48.420

Leslie Schneider: You know the the starbucks or whatever would say, did you bring a cup or would you like to pay 25 cents for a single use cup and i'm because I think that's what changes culture that's what changes behavior is to have that back and forth inquiry.

842

02:35:49.860 --> 02:36:06.180

Leslie Schneider: And maybe that's already assumed and baked in if, but the fact that I would like to require affirmation, and since those requiring affirmation words are in that July 1 piece, I just want to make sure that it applies to cups as well as.

843

02:36:08.880 --> 02:36:12.510

Leslie Schneider: utensils that might be held behind the counter does that make sense.

844

02:36:13.530 --> 02:36:17.790

Joe Levan: Yes, well will will will will consider that, as part of the what we bring back.

845

02:36:18.450 --> 02:36:34.410

Joe Levan: great thing I do i'm glad you brought that up because they'll see the point I want to raise briefly to call your attention to counsel, is that there is deputy city city attorney if you'd like to speak to this directly but there as we, as the Council member.

846

02:36:35.610 --> 02:36:43.410

Joe Levan: As a customer just just mentioned customer Schneider just mentioned that the word affirmation is what's in the news de la.

847

02:36:43.950 --> 02:36:51.840

Joe Levan: And the word, for example, in the draft under section six the the term that's used is unsolicited request.

848

02:36:52.710 --> 02:37:01.890

Joe Levan: Which is a little bit different but it's an important distinction and the idea there, let me I don't want to put words, let me have the deputy city attorney speak to that because he.

849

02:37:02.340 --> 02:37:13.290

Joe Levan: He I think he has a good reason to use that term which is different, we don't think it conflicts we think it's just it's it's a it's a difference, an important distinction and i'll have him to describe that.

850

02:37:15.330 --> 02:37:24.030

Andy Sletten: Good evening again it essentially is after affirmation is fairly vague it basically is requiring some sort of affirmative.

851

02:37:24.480 --> 02:37:33.930

Andy Sletten: response, where it would be you know contemplated that a business could solicit could essentially say, well, you have a plate of food there looks like you might need a fork.

852

02:37:34.290 --> 02:37:41.970

Andy Sletten: And if the idea is that that the attempt is to promote you know essentially a culture of only the plastic is being given out.

853

02:37:42.690 --> 02:37:55.170

Andy Sletten: When it's requested for the the verbiage of using an unsolicited request, which would be, there is the business is not doing anything to get someone to ask for it in any way under any situation just reduces.

854

02:37:55.560 --> 02:38:05.040

Andy Sletten: The chances of essentially mindlessly grabbing are asking for plastics, which is what I believed the intent and also within the the five.

855

02:38:05.850 --> 02:38:13.980

Andy Sletten: The five requests that the Council have made just as an aside as well, an interesting point about this is a few of these little things such as cups.

856

02:38:14.340 --> 02:38:24.240

Andy Sletten: cups themselves are not actually included in the news section 11 as part of the prohibitions, but some of the little things that are in the draft do touch on the things that are included in the preemption.

857

02:38:24.960 --> 02:38:35.820

Andy Sletten: For instance, with the affirmative asking for these utensils there is an additional section that says, essentially, you cannot have these.

858

02:38:36.420 --> 02:38:40.740

Andy Sletten: call them communal or centrally located bins for the plates.

859

02:38:41.700 --> 02:38:50.400

Andy Sletten: knives and spoons and it would seem that the affirmative asked and the getting rid of those kind of go hand in hand, as far as an enforcement so.

860

02:38:50.580 --> 02:38:59.280

Andy Sletten: it's something that's worth considering, and it would be my request for clarification on your scope of how far do you want it to go, do you really want.

861

02:38:59.790 --> 02:39:15.840

Andy Sletten: Only the issue of preemption, which is essentially the I would call it an unsolicited request or do you want everything that touches that because it's fairly important as far as what gets presented in the next round that Thank you and I'm happy to take any other questions.

862

02:39:16.380 --> 02:39:25.740

Joe Levan: And again just to just to piggyback on that, so the affirmation language could be a situation where a service employee would say, do you want a fork.

863

02:39:27.030 --> 02:39:43.650

Joe Levan: Whereas the unsolicited would be a situation where that person wouldn't ask it have to be the customer asking for it, so in that way, it would it would it would lead to hopefully less asking for it so less use of that product that's the thinking.

864

02:39:47.430 --> 02:40:00.750

Rasham Nassar: Oh hey Council um we have emotion on the Florida it's been seconded i'm debbie married couples you've spoken twice on this already if it's okay with counsel i'd like to just take a vote on the motion on the floor.

865

02:40:02.250 --> 02:40:20.730

Rasham Nassar: That motion was in brief to separate out those relevant parts of the ordinance that are time sensitive to give that work to the city attorney's office to have prepared a revised ordinance to bring back to City Council at the study session next Tuesday for further Council discussion.

866

02:40:21.870 --> 02:40:24.540

Rasham Nassar: I have another Council member hand raised.

867

02:40:25.920 --> 02:40:26.940

Rasham Nassar: So I.

868

02:40:30.270 --> 02:40:31.800

Rasham Nassar: counselor shana you're muted.

869

02:40:33.390 --> 02:40:42.480

Leslie Schneider: I just want to bring a point of order, I don't think it's fair to cut somebody off, I mean none of us have taken our full five minutes or seven minutes or 10 minutes or whatever it is we're allowed so.

870

02:40:43.050 --> 02:40:47.430

Leslie Schneider: If somebody has somebody something to say and they're not droning on and on, I would like to hear it, thank you.

871

02:40:50.010 --> 02:41:00.630

Rasham Nassar: I understand that I do try and keep consistent with our rules of parliamentary procedure which does state that during business meetings Council members are afforded the opportunity to speak twice on an issue and if there's a motion on the floor, then Council is to vote on that motion.

872

02:41:00.630 --> 02:41:07.890

Rasham Nassar: On the floor at this point, I will allow Deputy Mayor had topless to issue her third round of comments Deputy Mayor had topless.

873

02:41:08.220 --> 02:41:14.460

Kirsten Hytopoulos: Sorry, and we are, we are doing, basically study session item tonight, unfortunately, and i'll try to be brief, I thought I just heard.

874

02:41:14.760 --> 02:41:21.450

Kirsten Hytopoulos: A request from the deputy city attorney for us to weigh in on that policy question and I think he's he's nodding his head.

875

02:41:21.840 --> 02:41:33.090

Kirsten Hytopoulos: he's asking for direction on how we want to handle that question how far do we want to take how far beyond the state statute, do we want to go and I don't know if.

876

02:41:34.350 --> 02:41:35.970

Kirsten Hytopoulos: everyone's ready to answer that question.

877

02:41:37.920 --> 02:41:46.110

Kirsten Hytopoulos: So, in other words, I don't know if you want to walk us through that but you know break it down for the Council what the Statute says, and then what our policy choices are.

878

02:41:46.590 --> 02:42:03.540

Andy Sletten: In i'd be happy to and very briefly, I think that essentially what i'm getting at is it's fairly clear that the couple of the last section, such as you know that the education system or education question doesn't necessarily need to be included in this.

879

02:42:04.590 --> 02:42:19.620

Andy Sletten: On the other hand, the penalty section, the proposal is to amend the original existing eight to four from having a criminal penalty for violation as a misdemeanor to it being a civil penalty.

880

02:42:21.570 --> 02:42:32.520

Andy Sletten: Which which seems to be the the intent of of the Council, but, but then as well again just the small things that touch on it so again.

881

02:42:33.030 --> 02:42:40.680

Andy Sletten: Technically speaking, the COPs are not an issue for this preemption question they're not called out in new section 11.

882

02:42:41.220 --> 02:43:00.240

Andy Sletten: In the session law, but it does sound like the ask was to include that a reasonable ask the other comment is there is a section that again addresses the communal placement of single use plastic utensils for individuals to pick up at their you know of their own will.

883

02:43:01.830 --> 02:43:16.470

Andy Sletten: And that seems to be a little bit at odds with the the more restrictive choice on how to request these items if the intent is to have an affirmative unsolicited request for the items, then, to provide them out in the open.

884

02:43:17.490 --> 02:43:29.010

Andy Sletten: seems a little bit to conflict with that, but it's also within the intent of the Council, and so more or less if I could get some guidance about if you want to stay very strictly on the preemption issue.

885

02:43:30.390 --> 02:43:40.320

Andy Sletten: I would coordinate with city attorney to provide a stripped down a draft as possible, if you want a little bit more i'm happy to assist in providing that as well.

886

02:43:41.370 --> 02:43:49.200

Rasham Nassar: So this real quickly my understanding was that we wanted a stripped down version of the draft ordinance that follow the.

887

02:43:49.980 --> 02:43:55.320

Rasham Nassar: That met the preemption so that we could adopt something rather quickly before the July 1 deadline.

888

02:43:55.680 --> 02:44:05.640

Rasham Nassar: Again, these are item what you've just pointed out, now about 40 minutes into our discussion or items for further Council discussion, I think that discussion is probably more appropriately appropriate to be handed a study session.

889

02:44:07.500 --> 02:44:18.810

Rasham Nassar: Unless Council would like to extend debate for this item and offer feedback to the deputy city attorney on those points that he just now raised, and we can do that and Council can agree to do that, but I just want to be.

890

02:44:19.440 --> 02:44:29.880

Rasham Nassar: respectful and and and especially in my role is managing our time so that was my understanding Council members, I see some hands raised so i'll go to count some of the pilot first.

891

02:44:30.990 --> 02:44:45.360

Michael Pollock: moved to extend to beat on this issue, so we can get this now and then I, I want to make them duty emotional standard we want to continue so i'm a commercial motion i'm looking for something.

892

02:44:47.760 --> 02:44:52.350

Rasham Nassar: That emotion, the to extend debate defeat American populace second that motion favor.

893

02:44:55.620 --> 02:44:58.050

Rasham Nassar: Excuse me pardon me councilmember pollock did you have.

894

02:44:58.980 --> 02:45:00.360

Michael Pollock: A non debatable margin.

895

02:45:02.790 --> 02:45:05.070

Rasham Nassar: All those in favor of the motion on the floor, please say Aye.

896

02:45:07.680 --> 02:45:13.650

Rasham Nassar: OK, we have now extended debate, so we will continue with our Council discussion counselor pollock did you have further comments.

897

02:45:13.710 --> 02:45:27.720

Michael Pollock: yeah all I want to suggest is that we have to modify that emotion to interpret the language and I guess the strict version of what deputy city attorney slaton proposed.

898

02:45:29.970 --> 02:45:36.870

Michael Pollock: That does I may I may I realized we're losing our language but it posted a sticker interpretation part of you.

899

02:45:38.730 --> 02:45:41.370

Michael Pollock: Let me try to phrase it that that.

900

02:45:43.050 --> 02:45:55.260

Michael Pollock: Rather than allowing vendors to you suggested language saying like would you like a fork and I may say me affirm that yeah sure great idea that they would have to.

901

02:45:56.070 --> 02:46:04.530

Michael Pollock: approach on they would have to make the request unsolicited Okay, so I don't know if we need a formal motion but that's certainly what I would.

902

02:46:06.300 --> 02:46:14.550

Michael Pollock: like to see and i'm seeing i'm seeing head nods, so I think I don't know i'm definitely city attorney slot and if that if.

903

02:46:17.160 --> 02:46:30.120

Andy Sletten: That makes sense to me just to summarize if i'm understanding you correctly, you want to see a draft that affects your rates, the things that are impacted by the preemption in the most strict way possible.

904

02:46:32.010 --> 02:46:40.140

Andy Sletten: So to essentially empower the the prohibition that is created by the language that touches on the on the prevention expiration date is that right.

905

02:46:41.250 --> 02:46:42.720

Michael Pollock: i'm gonna go with yes.

906

02:46:43.500 --> 02:46:44.430

Andy Sletten: Very good, thank you.

907

02:46:46.740 --> 02:46:50.070

Rasham Nassar: And I see that most Council Members agree with that direction, Deputy Mayor had topless.

908

02:46:50.550 --> 02:46:59.910

Kirsten Hytopoulos: Because I want to use a little more a little more clarity or just for the public and private else, in other words, yes, the public has to ask the customer has to ask for a pencil.

909

02:47:00.330 --> 02:47:08.040

Kirsten Hytopoulos: And the utensil supposed to be behind the counter and the utensils cannot be out in bins, and that is where we will go beyond the state.

910

02:47:09.210 --> 02:47:19.680

Kirsten Hytopoulos: Am I right guys Okay, and then and then So that is where okay and that's what we're doing that now, because if we don't do now we'd be preempted on July on July 2 and.

911

02:47:20.970 --> 02:47:23.520

Kirsten Hytopoulos: I just want to clarify one more thing, and I think we're done.

912

02:47:24.150 --> 02:47:33.300

Kirsten Hytopoulos: I don't know what you're talking about cup tandy because I may, I think, are you thinking that that he has more Schneider were saying, she wants us to do the cup right now, because I don't think so because you've mentioned cups.

913

02:47:33.570 --> 02:47:38.220

Kirsten Hytopoulos: But we're just doing that just the lids and the utensils and right we're not doing cups now.

914

02:47:38.790 --> 02:47:42.360

Andy Sletten: Thank you, Deputy Mayor that that was part of the clarification that I was requesting.

915

02:47:42.480 --> 02:47:50.190

Andy Sletten: Okay, I think I misunderstood an earlier comment and just clarification I wanted to point out that the new section 11 does not.

916

02:47:50.370 --> 02:47:58.530

Kirsten Hytopoulos: Know we're not going to venture there yeah I think what so what councilmember Schneider was concerned about was that she saw this parallel between when we're talking about that.

917

02:47:59.100 --> 02:48:05.490

Kirsten Hytopoulos: That directing business owners, as to what they can or cannot say with regards to these items.

918

02:48:05.970 --> 02:48:13.710

Kirsten Hytopoulos: That if there's anything now that somehow will later affect this concept of saying we need you to ask people did you bring your Cup.

919

02:48:13.980 --> 02:48:25.050

Kirsten Hytopoulos: That if, for some reason, something we did, now and in this work we're doing now would affect our ability to do that later she wanted to let you know that when we talk about the cups she wants to be able to talk about that.

920

02:48:25.530 --> 02:48:29.790

Kirsten Hytopoulos: So that's all but we don't want to talk yet about the policy question about cups.

921

02:48:30.150 --> 02:48:30.750

Andy Sletten: I understand that I.

922

02:48:30.780 --> 02:48:32.580

Andy Sletten: Think a clarification I appreciate.

923

02:48:34.440 --> 02:48:37.380

Rasham Nassar: Okay Council are we ready to vote on the.

924

02:48:38.490 --> 02:48:50.880

Rasham Nassar: motion that was put on the floor quite some time ago I hope we all recall what that motion was OK OK so seeing know for their hands raised and Council members all those in favor of emotion on the floor, please say Aye Aye.

925

02:48:52.620 --> 02:49:00.630

Rasham Nassar: Any opposed that motion passes unanimously great Thank you very much city attorney deputy city attorney for helping Council through that discussion.

926

02:49:01.950 --> 02:49:12.660

Rasham Nassar: and Council, we are now moving on to item 11 and our agenda, new business item 11 a consider approval of skate of water and sewer telemetry upgrades telemetry upgrades contract award.

927

02:49:13.230 --> 02:49:19.170

Rasham Nassar: Of \$196,503 and five cents and the budget amendment and the amount of 140 \$1,000.

928

02:49:19.470 --> 02:49:31.710

Rasham Nassar: We have public works scheduled to present briefly present this item tonight hello, good evening public works director, we are sticky prior before I hand it over to public works director what a Council member, please be so kind as to place the motion.

929

02:49:32.160 --> 02:49:34.230

Rasham Nassar: On the floor that appears in our packet please.

930

02:49:38.520 --> 02:49:39.480

Rasham Nassar: councilmember pollock.

931

02:49:40.530 --> 02:49:54.690

Michael Pollock: I moved to approve the contract award for Scott of water and sewer Hello telemetry upgrades and the amount of 19650 3.05 and the associated budget amendment and the amount of 141000100.

932

02:49:57.090 --> 02:50:07.350

Rasham Nassar: councilmember deed second set motion okay public works director real quick before you begin, is it scattered or skater, how do you pronounce that acronym.

933

02:50:07.920 --> 02:50:09.210

Chris Wierzbicki: we've been saying skater.

934

02:50:09.630 --> 02:50:11.580

Chris Wierzbicki: I don't know if there's an appropriate way to say it, but.

935

02:50:12.120 --> 02:50:13.110

Chris Wierzbicki: But it stands for.

936

02:50:16.080 --> 02:50:16.860

Michael Pollock: Up islander.

937

02:50:22.170 --> 02:50:31.800

Chris Wierzbicki: Is following in a line of complicated topics for you this evening, this item is about the supervisory control and data acquisition system that's what skater stands for.

938

02:50:32.580 --> 02:50:44.760

Chris Wierzbicki: These are the pieces of equipment that we use to monitor all of our remote pieces of our utility infrastructure, our pump stations are pressure release valves the wastewater treatment plant.

939

02:50:45.900 --> 02:50:52.140

Chris Wierzbicki: They these sensors tell us how all of these pieces of equipment are functioning in a single location, so that we can monitor them.

940

02:50:52.680 --> 02:51:03.840

Chris Wierzbicki: respond to emergencies, etc, a lot of the equipment that we are currently using for this system is 20 plus years old, so this is a major upgrade of all of the scale of facilities that we currently have.

941

02:51:05.520 --> 02:51:14.130

Chris Wierzbicki: And i'll just briefly describe just what we're asking of you tonight, the first is to prove a contract to install the equipment that has been.

942

02:51:17.460 --> 02:51:25.110

Chris Wierzbicki: put together under a separate contract, so this is a contract for essentially for an electrician to take the equipment that's been.

943

02:51:26.130 --> 02:51:27.210

Chris Wierzbicki: assembled and.

944

02:51:28.320 --> 02:51:35.280

Chris Wierzbicki: install them at all the individual sites around the island that's part one, the second part is we're asking you for a budget amendment.

945

02:51:35.700 --> 02:51:45.810

Chris Wierzbicki: And the budget is amendments to support two different things, the first part, which is about \$80,000 worth of the amendment is to support the contract work itself.

946

02:51:46.770 --> 02:51:50.580

Chris Wierzbicki: We put this contract out to bid and did not receive any bids.

947

02:51:51.540 --> 02:51:57.750

Chris Wierzbicki: Our procurement manual allows us to enter into direct negotiations with a contractor to perform the work once that happens.

948

02:51:58.140 --> 02:52:08.190

Chris Wierzbicki: We still reached out to three contractors to see if we could get some attention to this work, and only one of those that we reached out to was interested in supplying a bit it's been bridge electric.

949

02:52:09.630 --> 02:52:23.790

Chris Wierzbicki: The their estimate came in higher than our estimate partially because of Labor rates and the the age of the estimate that we have been using as well as they identified a couple of pieces of work associated with this contract that.

950

02:52:25.620 --> 02:52:30.330

Chris Wierzbicki: That that we had not anticipated meeting but make a lot of sense and.

951

02:52:31.410 --> 02:52:40.620

Chris Wierzbicki: We think it's it's in our best interest to put all this work together into this single contract, secondly, the the other half of the budget amendment or about.

952

02:52:41.340 --> 02:52:48.990

Chris Wierzbicki: \$60,000 in the budget amendment will go to upgrades for the Community, the actual communication piece of all this equipment.

953

02:52:49.350 --> 02:52:56.880

Chris Wierzbicki: Right now, all this equipment runs off DSL which is served by century link, which is now becoming lumen we've had some significant.

954

02:52:57.480 --> 02:53:11.640

Chris Wierzbicki: issues with outages with the DSL system and the reaction time or the the response time for having those outages repaired is getting longer longer and our lumen representatives tell us that it will.

955

02:53:12.180 --> 02:53:19.140

Chris Wierzbicki: not be resolved anytime soon, so we are looking at upgrading these communication facilities to either wireless or broadband.

956

02:53:19.980 --> 02:53:25.050

Chris Wierzbicki: To be able to continue to maintain communication, which is the most important part of this this equipment.

957

02:53:25.650 --> 02:53:32.310

Chris Wierzbicki: And those upgrades cost money, and that was not anticipated when we originally got into this contract so.

958

02:53:32.790 --> 02:53:37.470

Chris Wierzbicki: That work will be happening under separate contract that you may see if it's over the city managers authority.

959

02:53:38.010 --> 02:53:51.060

Chris Wierzbicki: But it is that contracts, not before you tonight, but we are asking for that additional money to go off and procure those services and equipment for the communication piece so that's all I have for you on this happy to answer any questions.

960

02:53:53.670 --> 02:53:54.510

Rasham Nassar: Council members.

961

02:53:55.740 --> 02:53:57.960

Rasham Nassar: anyone have any questions or comments this evening on this item.

962

02:53:59.790 --> 02:54:03.840

Rasham Nassar: Seeing none will not vote on the motion on the floor all those in favor please say Aye.

963

02:54:04.470 --> 02:54:05.010

Leslie Schneider: Aye Aye.

964

02:54:06.240 --> 02:54:12.720

Rasham Nassar: Any opposed net motion passes unanimously, thank you very much public works director was vicki.

965

02:54:12.840 --> 02:54:13.890

Chris Wierzbicki: Thank you counsel evening.

966

02:54:15.630 --> 02:54:20.850

Rasham Nassar: Have a great night Thank you and Council, we are now moving on in our agenda to.

967

02:54:22.350 --> 02:54:27.000

Rasham Nassar: Item 11 be consider appointments for the climate change advisory committee councilmember pollock.

968

02:54:28.290 --> 02:54:39.060

Michael Pollock: rather make emotion, this is just a move it to the concert with Dan I believe our Rules allow us to just list all the names and move on to the consent agenda, I would ask for permission from the city attorney, but it seems a little silly.

969

02:54:39.630 --> 02:54:43.140

Michael Pollock: go through five different motions here, you can avoid that.

970

02:54:44.760 --> 02:54:47.010

Joe Levan: And the reason that it's done this way is because they're.

971

02:54:48.180 --> 02:55:05.970

Joe Levan: Individuals now they each individual if you're is a separate vote, because if you're doing in a situation where you're voting for more than one person, one time, then people are locked into a vote that includes basically two different individuals so it's kind of a separate.

972

02:55:07.290 --> 02:55:17.100

Joe Levan: You know it's a situation where they're having a situation in the past, where people will support one another, so this way it's clear who you're you're supporting that particular individual.

973

02:55:17.520 --> 02:55:18.360

Michael Pollock: Okay, all right.

974

02:55:22.590 --> 02:55:23.880

Rasham Nassar: Well, if you're on mute.

975

02:55:24.180 --> 02:55:26.580

Michael Pollock: Yes, I just saw that thanks for the clarification.

976

02:55:27.690 --> 02:55:28.170

Michael Pollock: Without.

977

02:55:29.370 --> 02:55:39.660

Michael Pollock: approval from with the June 22 2021 and seven jenna reappointment of the climate change advisory committee of Michael Cox, the position one through June 2024.

978

02:55:42.780 --> 02:55:48.660

Rasham Nassar: councilmember car second set motion is there any discussion on that motion all those in favor please say Aye Aye.

979

02:55:48.720 --> 02:55:49.020

All right.

980

02:55:51.150 --> 02:55:52.140

Rasham Nassar: Any opposed.

981

02:55:53.310 --> 02:55:54.930

Joe Deets: Epstein that.

982

02:55:56.910 --> 02:56:07.050

Rasham Nassar: Council member deeds within extension there so that motion passes unanimously again for the for the city clerk councilmember Dita sustaining I believe from all of the motions related to the appointments.

983

02:56:07.560 --> 02:56:11.640

Rasham Nassar: For the Climate Change Committee cantilever deeds Is that correct, so we can just consider you having abstain from all.

984

02:56:12.090 --> 02:56:12.780

Joe Deets: yeah sure.

985

02:56:14.130 --> 02:56:20.160

Michael Pollock: i'm sorry to kind of water earlier, you said you're going to recuse yourself from the bone that's different than abstaining so.

986

02:56:21.840 --> 02:56:22.320

Michael Pollock: Which is.

987

02:56:24.690 --> 02:56:30.120

Michael Pollock: You when you said you had a conflict to be first thought would be your excuse me, talking about.

988

02:56:31.890 --> 02:56:32.550

Joe Deets: Right so.

989

02:56:34.800 --> 02:56:35.700

Joe Deets: You want me to respond.

990

02:56:39.030 --> 02:56:39.720

Rasham Nassar: I said I was gonna.

991

02:56:40.050 --> 02:56:40.440

Take.

992

02:56:43.440 --> 02:56:43.770

It.

993

02:56:45.960 --> 02:56:49.050

Rasham Nassar: Okay comes in, ready to make that choice, he has.

994

02:56:50.370 --> 02:56:58.020

Rasham Nassar: i'm staying from this vote you will abstain from all the next, I think, therefore, emotions in the packet counseling Republic Would you mind just walking the Council through the remainder of the motions in the packet.

995

02:56:59.550 --> 02:57:11.250

Michael Pollock: To for approval, with the June 22 2021 concern a ton of the reopening of the climate change advisory committee of our House into position to through June 2024.

996

02:57:12.270 --> 02:57:12.630

Christy Carr: I can.

997

02:57:13.770 --> 02:57:16.380

Rasham Nassar: come together for a second that motion is there any discussion on the motion.

998

02:57:17.820 --> 02:57:19.320

Rasham Nassar: All those in favor please say Aye.

999

02:57:20.280 --> 02:57:21.000

Christy Carr: Aye Aye.

1000

02:57:25.410 --> 02:57:36.630

Rasham Nassar: Excuse me count, can you wait me to wrap up the motion for the benefit of the city clerk that motion passed unanimously by the Council with councilmember deeds abstaining from the vote councilmember pollock.

1001

02:57:37.350 --> 02:57:42.990

Michael Pollock: Remember too far for a pool with the June 22 20 29th and some agenda the reporting to the climate change and by.

1002

02:57:47.790 --> 02:57:48.300

Michael Pollock: June.

1003

02:57:51.900 --> 02:57:52.410

Christy Carr: 2.

1004

02:57:54.750 --> 02:57:57.330

Rasham Nassar: Consumer car seconds that motion is there any discussion on the motion.

1005

02:57:58.350 --> 02:57:59.700

Rasham Nassar: All those in favor please say Aye.

1006

02:58:00.690 --> 02:58:00.900

Aye.

1007

02:58:03.660 --> 02:58:06.510

Rasham Nassar: In that motion passes sorry all the supposed.

1008

02:58:07.800 --> 02:58:10.740

Rasham Nassar: Again, that motion passes unanimously with councilmember deeds.

1009

02:58:11.160 --> 02:58:13.260

Christy Carr: painting a Council member pollock.

1010

02:58:14.970 --> 02:58:18.990

Michael Pollock: i'm ready for approval, with the June 2222 21 consent agenda.

1011

02:58:20.250 --> 02:58:27.720

Michael Pollock: 20 21% of time of the appointment to the climate change advisory committee of the Richard to position for through June 2024.

1012

02:58:29.340 --> 02:58:29.700

Christy Carr: again.

1013

02:58:31.200 --> 02:58:34.050

Rasham Nassar: comes democratic second that motion is there any discussion on the motion.

1014

02:58:35.280 --> 02:58:36.780

Rasham Nassar: All those in favor please say Aye.

1015

02:58:37.590 --> 02:58:39.090

Christy Carr: Aye Aye.

1016

02:58:40.140 --> 02:58:41.220

Rasham Nassar: Any opposed.

1017

02:58:42.270 --> 02:58:46.920

Rasham Nassar: That motion passes unanimously with councilmember deeds abstaining final motion i'll remember pollock.

1018

02:58:47.490 --> 02:59:01.800

Michael Pollock: I moved forward for approval, with the June 20 to 2021 and some of them have the appointment to the climate change Advisory Committee have john here to present they can position nine to complete an existing term expiring June 2023.

1019

02:59:02.760 --> 02:59:03.120

Okay.

1020

02:59:04.680 --> 02:59:07.440

Rasham Nassar: So every car second step motion is there a discussion on the motion.

1021

02:59:08.640 --> 02:59:10.380

Rasham Nassar: All those in favor please say Aye.

1022

02:59:11.340 --> 02:59:11.520

Aye.

1023

02:59:12.960 --> 02:59:13.920

Rasham Nassar: Any opposed.

1024

02:59:15.240 --> 02:59:19.170

Rasham Nassar: That motion passes unanimously once again with Council member needs abstaining.

1025

02:59:21.270 --> 02:59:29.490

Rasham Nassar: Thank you very much counselor pollock for spewing off those motions, we are now moving on in our agenda to item 11 at this.

1026

02:59:30.540 --> 02:59:39.540

Rasham Nassar: Time Council i'm going to call a five minute recess, we have about 25 more minutes scheduled and our agenda and we were seated for a meeting this evening evening at six o'clock.

1027

02:59:40.110 --> 03:00:55.980

Rasham Nassar: I don't know about you, but I need a break, to be a little bit water, and then we can return and finish out the remainder of our meeting if that's okay so Council will now take a five minute break, we will return to our meeting at roughly 9:05pm.

1028

03:05:51.510 --> 03:05:52.770

Rasham Nassar: Okay Council are we back.

1029

03:05:56.190 --> 03:05:59.010

Rasham Nassar: waiting on councilmember Schneider and pollock to appear.

1030

03:06:00.930 --> 03:06:11.520

Rasham Nassar: There there great Council has now returned from it's five minute recess who've been reconvene our business meeting, we are on item.

1031

03:06:13.650 --> 03:06:19.020

Rasham Nassar: Have the agenda sheet pulled So what is, what is the Item number 11 cheap seats.

1032

03:06:20.100 --> 03:06:24.360

Rasham Nassar: Thank you consider appointment to the planning Commission councilmember pollock.

1033

03:06:25.710 --> 03:06:34.530

Michael Pollock: I moved forward for approval, with the June 20 to 2021 son agenda, the real the planning Commission Ashley Matthew to position three through June 2024.

1034

03:06:35.640 --> 03:06:35.940

Christy Carr: Okay.

1035

03:06:37.170 --> 03:06:40.170

Rasham Nassar: councilmember car second step motion is there any discussion on the motion.

1036

03:06:41.220 --> 03:06:43.440

Rasham Nassar: All those in favor please say Aye.

1037

03:06:44.340 --> 03:06:44.760

Aye.

1038

03:06:47.400 --> 03:06:48.390

Rasham Nassar: Any opposed.

1039

03:06:50.130 --> 03:06:53.790

Rasham Nassar: That motion passes unanimously with councilmember deets abstaining again.

1040

03:06:54.840 --> 03:07:02.310

Michael Pollock: councilmember pollock I moved forward for approval, with the June 22 2021 consented on that the point man.

1041

03:07:03.570 --> 03:07:06.900

Michael Pollock: It says to the design review board but it's to the planning Commission.

1042

03:07:08.580 --> 03:07:13.350

Michael Pollock: yesh subramaniam to position for through June 2024.

1043

03:07:14.130 --> 03:07:14.490

Okay.

1044

03:07:15.810 --> 03:07:19.260

Rasham Nassar: councilmember car seconded that motion is there any discussion on the motion.

1045

03:07:21.690 --> 03:07:23.280

Rasham Nassar: All those in favor please say Aye.

1046

03:07:24.540 --> 03:07:24.840

Leslie Schneider: Aye.

1047

03:07:26.670 --> 03:07:27.600

Rasham Nassar: Any opposed.

1048

03:07:28.740 --> 03:07:32.820

Rasham Nassar: That motion also passes unanimously with councilmember deets abstaining once again.

1049

03:07:34.260 --> 03:07:44.280

Rasham Nassar: Thank you counsel, we are moving on and our agenda to item 11 D consider appointments to the design review board councilmember pollock.

1050

03:07:46.890 --> 03:07:55.890

Michael Pollock: i'm falling for the June 20 2021 concern agenda the reappointment to the design review Board of Joseph done Stan to position three to June 2024.

1051

03:08:00.240 --> 03:08:04.560

Rasham Nassar: Council member snyder second that motion is there a discussion on the motion.

1052

03:08:06.600 --> 03:08:08.280

Rasham Nassar: All those in favor please say Aye.

1053

03:08:09.240 --> 03:08:09.540

Aye.

1054

03:08:11.580 --> 03:08:12.600

Rasham Nassar: Any opposed.

1055

03:08:13.950 --> 03:08:17.490

Rasham Nassar: That motion passes unanimously, with a counselor deeds abstaining.

1056

03:08:21.000 --> 03:08:21.930

Rasham Nassar: councilmember pollock.

1057

03:08:22.710 --> 03:08:30.840

Michael Pollock: Remember, Paul Cooper with the June 20 to 2021 consent agenda reappointment to the design review Board of Vicki Clinton to position for through June 2024.

1058

03:08:33.810 --> 03:08:37.290

Rasham Nassar: Council member centers second set of emotion, is there any discussion on the motion.

1059

03:08:38.970 --> 03:08:42.900

Rasham Nassar: Seeing none all those in favor of the motion, please say Aye Aye.

1060

03:08:44.520 --> 03:08:45.480

Rasham Nassar: Any opposed.

1061

03:08:46.590 --> 03:08:50.040

Rasham Nassar: Getting that motion passes unanimously with councilmember deeds abstaining.

1062

03:08:51.870 --> 03:08:52.290

Rasham Nassar: Okay.

1063

03:08:54.060 --> 03:09:03.120

Rasham Nassar: Congratulations to all those committee members who have just been appointed to committees, thank you very much for volunteering your services and your time.

1064

03:09:04.950 --> 03:09:20.100

Rasham Nassar: We are now moving on in our agenda Council to item 11 he instead of appropriation of \$100,000 from transportation benefit fun to support engagement activities related to bi right we have executive leading off this discussion tonight.

1065

03:09:21.450 --> 03:09:31.020

Rasham Nassar: We do have a recommended motion in the packet if a Council member would be so kind as a place that motion on the floor so that Council can open discussion on the item councilmember Schneider.

1066

03:09:34.230 --> 03:09:46.440

Leslie Schneider: Thank you, I moved to procreate \$100,000 from the transportation benefit fund and to direct the city manager, to use the funding to support communications engagement related to the bi ride service of kits APP transit.

1067

03:09:50.910 --> 03:09:52.380

Rasham Nassar: looking for a second for that motion.

1068

03:09:53.580 --> 03:09:56.940

Rasham Nassar: county Deputy Mayor had topless second set motion okay city manager.

1069

03:09:57.750 --> 03:10:10.620

Blair King: Yes, where i'm going to offer a brief presentation on this item, I will point out that I believe that Mr John clawson, who is the director of concept transit is joining us to offer some comments.

1070

03:10:11.910 --> 03:10:25.800

Blair King: So this is a combination of something Council actually began to do in early 2019 when you set aside some money from your vehicle license fees to promote could SAP rides or bi right.

1071

03:10:26.970 --> 03:10:32.130

Blair King: We now have a candlestick that in that there is a new service that is going to be taking place.

1072

03:10:32.790 --> 03:10:36.240

Blair King: With dad I have a brief PowerPoint and maybe.

1073

03:10:36.900 --> 03:10:40.800

Blair King: The Deputy city manager can help me out and call the call it up.

1074

03:10:44.370 --> 03:10:45.960

Blair King: If not just okay.

1075

03:10:52.170 --> 03:10:52.830

Blair King: So.

1076

03:10:57.060 --> 03:11:02.520

Blair King: And i'll go just so if we go to the first slide there just something very quick.

1077

03:11:03.150 --> 03:11:15.060

Blair King: This is a consideration of appropriation from transit benefit fun, the money is there, and it's not been appropriated and the process before the council's appropriating that 90 \$100,000 in 2021.

1078

03:11:15.750 --> 03:11:24.900

Blair King: The transportation benefit plan is a flush with these funds, and they are currently available, then in terms of what you're being asked to support.

1079

03:11:25.920 --> 03:11:35.820

Blair King: The catalyst event is that kids transit as proposing an APP enabled bi ride program So what is the APP an API right Program.

1080

03:11:36.360 --> 03:11:45.480

Blair King: What that will be is the ability to use your your APP on your phone to call up and hail the concept transit rides.

1081

03:11:46.440 --> 03:12:05.160

Blair King: which operates on on demand transportation system, so it will be a combination or fixed route on demand transportation system that will operate through bainbridge operate weekdays 9:15am to 3pm and Saturday 9:30am to 6pm the cash fares \$2.

1082

03:12:06.210 --> 03:12:19.560

Blair King: what's unique about this is that keeps up transits partnered with a particular company to launch their mobile APP named pingu and I mentioned that there would be a time where you would think about a child song maybe Bingo.

1083

03:12:20.640 --> 03:12:25.020

Blair King: So bi NGO so that's a convenient way to remember pingu.

1084

03:12:25.860 --> 03:12:33.960

Blair King: This is the first time as far as you know, in the state of Washington, but this is a pilot for the use of this and I also believe that Mr class will be talking a little bit more.

1085

03:12:34.590 --> 03:12:54.180

Blair King: To them, so pinko is the software that allows for the APP enabled bi right program be pursued it is unique, it is a trailblazer and it's something that I know that the City Council what's to be as a trailblazer in terms of this area, so the crust before you is you have \$100,000 to support.

1086

03:12:55.260 --> 03:13:02.550

Blair King: What we're offering to you is an open at the list of marketing tools and strategies, the city of.

1087

03:13:03.300 --> 03:13:09.870

Blair King: Amer driving staff has been talking to the kids at transit staff about how we might promote this.

1088

03:13:10.620 --> 03:13:17.310

Blair King: there's the idea that we need customer feedback and survey tools we want to go out and pull people survey them see what they do.

1089

03:13:17.790 --> 03:13:35.160

Blair King: One is, we have a subsidized rides let's just summarize away get people interested in those rides we want to target also the youth and seniors, we think that the youth may be a natural constituency for APP enabled demand response of rides.

1090

03:13:36.210 --> 03:13:43.890

Blair King: The other contexts that people would normally hear that or services such as uber and lyft especially promotions directed seniors people that maybe aren't.

1091

03:13:44.490 --> 03:13:51.420

Blair King: used to using phone Apps to hail arrived marketing videos videos that we can play on the ferry.

1092

03:13:51.930 --> 03:13:58.590

Blair King: A special events we have a plan to kickoff event that we anticipate the Council will be at to help promote this.

1093

03:13:59.070 --> 03:14:07.500

Blair King: We want to do, traditional print collateral also has been suggested to me I looked in that little bit more that University of Washington has a livable city year's Program.

1094

03:14:08.400 --> 03:14:20.760

Blair King: That has occurred, and that may be applicable here in other areas, but basically using the power of students and faculty the concentrate on a particular issue, one of the issues is how to penetrate.

1095

03:14:22.320 --> 03:14:27.330

Blair King: Public transit ridership that is a difficult question oftentimes public transit.

1096

03:14:27.690 --> 03:14:33.360

Blair King: is targeted towards those people that are considered transit dependent those people that absolutely need that one of the keys to.

1097

03:14:33.600 --> 03:14:47.160

Blair King: make public transportation work is to move the needle from those people that could use an automobile but decided to use public transportation, that is a tough nut to crack but that's maybe, something that we want to use this universal washing Program.

1098

03:14:48.180 --> 03:15:01.140

Blair King: That is an open ended list I welcome feedback from Council on other ideas we're not presenting a line item budget to you, but we're asking you to appropriate the hundred thousand I think with that.

1099

03:15:02.370 --> 03:15:06.120

Blair King: I want to remind you that we are planning a launch event on Wednesday.

1100

03:15:06.840 --> 03:15:14.730

Blair King: We don't quite have the time location, but we want to invite the Council, we want to buy a bodies and boards, whether that's Climate Action Plan.

1101

03:15:15.210 --> 03:15:24.000

Blair King: Whether that is alternative transportation, we want to bring people out there we're proud of what's going on, this is an exciting time it's something unique.

1102

03:15:24.480 --> 03:15:34.800

Blair King: We want to make sure people are aware of it, and finally we'll make some budget adjustments with official action on the preparation spending, but again grasping do appropriate this money now.

1103

03:15:35.760 --> 03:15:48.330

Blair King: Would that mayor, I believe that you could probably call him, Mr clawson I believed in us here we attempted to schedule this item when he would be available at the end of the agenda it's my understanding that he was going to.

1104

03:15:50.190 --> 03:15:50.700

Rasham Nassar: Thank you for the.

1105

03:15:51.150 --> 03:16:03.990

Rasham Nassar: manager, it appears that Mr Cox, Mr cox's here, as well as Mr class, it is now joined us so Mr Cox if you'd like to begin, I will turn the floor over to you.

1106

03:16:04.530 --> 03:16:13.050

James Cox (CEO - The Routing Company): Thank you, thank you, I should introduce myself to start my name is James Cox i'm the CEO of the routing component which is working.

1107

03:16:13.470 --> 03:16:20.580

James Cox (CEO - The Routing Company): With bainbridge island with kids up transit, in particular, to launch the exciting changes that you're talking about player.

1108

03:16:21.540 --> 03:16:37.320

James Cox (CEO - The Routing Company): I I think it's particularly interesting to do something innovative but it's only interesting if it works, and so I want to tell you a little bit about it, and so I will spend four minutes if that's OK, with everyone, and I am I allowed to share my screen is that okay.

1109

03:16:40.140 --> 03:16:46.440

Rasham Nassar: Yes, yes, even as long as you can see, quick might need to enable that but go ahead and give it a try.

1110

03:16:46.980 --> 03:16:47.430

James Cox (CEO - The Routing Company): Can you see.

1111

03:16:49.680 --> 03:16:50.430

Rasham Nassar: Yes, we can.

1112

03:16:50.790 --> 03:17:00.720

James Cox (CEO - The Routing Company): awesome, so this is a, this is the routing company, my name is James Cox and Australia and i've lived in the US, for the last six years I originally launched.

1113

03:17:01.290 --> 03:17:11.250

James Cox (CEO - The Routing Company): in Australia and then move to the US to work on a product that let anyone who is deaf or hard of hearing Dr have a new book and I was in part of the team that built uber pool.

1114

03:17:11.970 --> 03:17:20.310

James Cox (CEO - The Routing Company): But unfortunately the report got a few things wrong, we competed with public transit and we didn't have the route of them technology that we made it.

1115

03:17:20.820 --> 03:17:30.030

James Cox (CEO - The Routing Company): I teamed up with two people Alex and manner, as you can see here who solved, a problem that we couldn't solve during my time on the recall.

1116

03:17:30.360 --> 03:17:39.390

James Cox (CEO - The Routing Company): That That problem is solving the right problem at Manhattan scale in real time around, that we have built a product that we are launching.

1117

03:17:39.780 --> 03:17:48.330

James Cox (CEO - The Routing Company): For the first time in the US on bainbridge island, we have launched the product ourselves in a pilot form in Houston.

1118

03:17:48.930 --> 03:17:55.470

James Cox (CEO - The Routing Company): We have also launched it in Scotland, Australia and we are launching in and Dora the country in between Spain and France or.

1119

03:17:55.920 --> 03:18:14.220

James Cox (CEO - The Routing Company): Germany next week, and this is a super super exciting moment and we couldn't do it without an innovative place like bainbridge island, so you guys know I personally lived in Seattle about 50 to 60 days a year for the past three years, sorry for three years before the last year.

1120

03:18:15.450 --> 03:18:24.450

James Cox (CEO - The Routing Company): And I did that, because we've actually had an engineering office there is obviously before I became CEO the routing company.

1121

03:18:25.500 --> 03:18:31.080

James Cox (CEO - The Routing Company): I spent I had spent a lot of time on bainbridge island and i'm really excited to solve some of the problems on the island.

1122

03:18:32.370 --> 03:18:41.490

James Cox (CEO - The Routing Company): We aren't just a group of uber and MIT people, we have a group of transit advisors who have been absolutely critical and getting the product right.

1123

03:18:41.940 --> 03:18:50.130

James Cox (CEO - The Routing Company): And to just go a little bit deeper on the actual problem we've solved and the the big unlock that this could give to you.

1124

03:18:50.460 --> 03:19:02.130

James Cox (CEO - The Routing Company): and plenty of people have tried to solve undermanned transit that they often fail because of how complex that becomes to to Ralph multiple passengers, even in even just a couple of vehicles.

1125

03:19:02.670 --> 03:19:15.300

James Cox (CEO - The Routing Company): After you had to say 10 1520 passengers, you can say how many combinations there are solving this problem is particularly hard i've spent the last seven years of my life thinking about it, and I can tell you it's non trivial.

1126

03:19:15.840 --> 03:19:21.090

James Cox (CEO - The Routing Company): And what we do at the routing company and through the kindle APP that i'm going to show you in a minute.

1127

03:19:21.810 --> 03:19:31.740

James Cox (CEO - The Routing Company): Is we find a way to create an optimal driver schedule for all the requests in the system, this includes the requests that a cold in.

1128

03:19:32.130 --> 03:19:45.780

James Cox (CEO - The Routing Company): Through a call Center the kids that operates we're working hand in hand with them, and it will also enable people going to and from the ferry or going on any on demand trips they request on bainbridge island.

1129

03:19:47.100 --> 03:19:57.330

James Cox (CEO - The Routing Company): To give you just a little bit of a high level bainbridge island as you guys know, and you know it is an area where fix routes don't work particularly well on their own.

1130

03:19:57.780 --> 03:20:04.800

James Cox (CEO - The Routing Company): kicks routes work best with high density or Tiki repeatable demand where they don't work as well, and this is our on demand.

1131

03:20:05.760 --> 03:20:17.070

James Cox (CEO - The Routing Company): Transit has has tried to help but probably hasn't succeeded global yet is in areas with less predictable demand or low and medium density areas, this is where our product works best.

1132

03:20:17.610 --> 03:20:26.850

James Cox (CEO - The Routing Company): Finally, I wanted to just show you some of what we're actually going to launch and you can see the the writer APP to see kids are branded clearly within it.

1133

03:20:27.720 --> 03:20:33.690

James Cox (CEO - The Routing Company): you'll be able to you can download this APP now, by the way, it's live in your other markets, but not in the US.

1134

03:20:33.960 --> 03:20:43.650

James Cox (CEO - The Routing Company): it's called ride pinger if you want to download it on your phone your so you keep that transit just hear people will be able to use this tool to move around bainbridge island.

1135

03:20:44.310 --> 03:20:50.820

James Cox (CEO - The Routing Company): Additionally, there is still the ability to PayPal to call into the service and book arrived that way.

1136

03:20:51.270 --> 03:20:59.100

James Cox (CEO - The Routing Company): And then, finally, this is just one screen, but we have a whole range of tools that will enable you to analyze the demand.

1137

03:20:59.490 --> 03:21:08.880

James Cox (CEO - The Routing Company): and supply and make changes over time, given that information all the data will be yours, I know this is not being rich island, by the way, i'm fully aware of that.

1138

03:21:09.360 --> 03:21:21.780

James Cox (CEO - The Routing Company): But soon soon, we will have data based on the enbridge island and what we ultimately care about is going to be more people faster with less funding and in far more efficient ways.

1139

03:21:22.380 --> 03:21:39.240

James Cox (CEO - The Routing Company): Hopefully, I did that quick enough if people do have questions my email is James at the routing company.com i'm incredibly excited to launch this review and and really excited as well to do it in a spot that I happen to spend so much time which we took which by the way, was to a chance.

1140

03:21:42.390 --> 03:21:45.420

Rasham Nassar: Thank you, Mr Cox, Mr clawson would you.

1141

03:21:46.470 --> 03:21:47.550

Rasham Nassar: Like to introduce.

1142

03:21:48.120 --> 03:21:51.000

John Clauson: To add to Mr Cox.

1143

03:21:52.050 --> 03:21:58.920

John Clauson: demonstration and i'm i'm really excited to be able to come to the Council tonight and share this.

1144

03:22:00.180 --> 03:22:19.290

John Clauson: project that we're teaming up with James on to introduce on bainbridge island and certainly our goal is to be able to not only improve the service it's available for the islanders but i'm hopeful that this will actually.

1145

03:22:20.490 --> 03:22:32.070

John Clauson: provide better service to the island that we could, in a fixed route scenario so i'm really excited about moving forward with this and.

1146

03:22:34.050 --> 03:22:38.040

John Clauson: Again, the benefits to the island, I think, are going to be just.

1147

03:22:40.020 --> 03:22:46.740

John Clauson: First, not only the nation, but first in accounting for sure, as far as the services that we are providing so.

1148

03:22:47.190 --> 03:22:53.400

John Clauson: I again I just appreciate the opportunity to come and share that with the Council i'm sorry it was a little bit late from.

1149

03:22:53.760 --> 03:22:58.890

John Clauson: or I should say you guys are a little bit ahead of the schedule that we get to dissipated, one of the two but.

1150

03:22:59.700 --> 03:23:08.040

John Clauson: I think, is Mr King had mentioned this, as I jumped on here that you know we plan we're doing kind of a soft roll out now with James.

1151

03:23:08.580 --> 03:23:15.270

John Clauson: On the system and we're testing there's been some connectivity issues that we've been dealing with for the last week or so.

1152

03:23:15.750 --> 03:23:25.920

John Clauson: I think we're we're getting a handle on all of those issues and our hope is that the goal is we'll be rolling this out officially on the seventh of July and.

1153

03:23:26.670 --> 03:23:39.570

John Clauson: certainly want to work with you and the city, to make sure that you guys are part of this rollout so it makes you can help with our little celebration and be a part of that as well, so.

1154

03:23:40.950 --> 03:23:48.090

John Clauson: there's not much more that I can they add, I think, James did an excellent job of explaining what we're proposing to do and.

1155

03:23:48.720 --> 03:24:00.180

John Clauson: I know my staff and your staff have been working over the last week or so and trying to coordinate to communication that for you guys to.

1156

03:24:00.720 --> 03:24:14.520

John Clauson: communicate with the islanders on this is fun project and also will be working together closely on the July 7 event so with that i'm certainly available to answer any questions that you might.

1157

03:24:17.490 --> 03:24:24.420

Rasham Nassar: Thank you very much, Mr class and Mr Cox, for being here with us tonight is definitely exciting.

1158

03:24:25.110 --> 03:24:37.170

Rasham Nassar: And just real quick I see in our agenda, build it does say that, especially in person event to launch the bi rite APP is scheduled for Wednesday July 7 will that be the zoom or is that plan to be.

1159

03:24:37.470 --> 03:24:39.780

John Clauson: we're hoping it is going to be in person.

1160

03:24:41.370 --> 03:24:56.730

John Clauson: hoping to maybe pull it off at say the town and country market or something like that, like I said I know that our collective staffs are are working on something like that that will work best for the Community and help us celebrate this whole picture lunch.

1161

03:24:57.270 --> 03:24:58.740

James Cox (CEO - The Routing Company): i'll be there as well.

1162

03:25:00.570 --> 03:25:03.420

Rasham Nassar: Okay, and how can folks on the invite for that.

1163

03:25:04.470 --> 03:25:05.250

Blair King: Well, I.

1164

03:25:06.120 --> 03:25:06.990

John Clauson: will go ahead risky.

1165

03:25:07.410 --> 03:25:18.330

Blair King: Sure, so we're working on the details and time again, our staffs working collaboratively we have town and country as one of the tentative locations crafts, the fairies one also tentative location.

1166

03:25:18.780 --> 03:25:22.320

Blair King: I don't have any more detailed information or would give it to you now.

1167

03:25:23.010 --> 03:25:33.390

Blair King: But one of the things we're trying to do is we've surveyed the Council make sure your availability and then what we do anticipate is that will put it out to the public, and also, we want to contact.

1168

03:25:33.870 --> 03:25:43.410

Blair King: Key Commissioners of some of the conditions that we think would be interested involved and certainly invite them and make it a fun little bit, so we can kick this off.

1169

03:25:45.000 --> 03:25:48.210

Rasham Nassar: Great, thank you for that clarification councilmember snyder.

1170

03:25:49.980 --> 03:25:50.490

Leslie Schneider: Thank you.

1171

03:25:51.510 --> 03:26:03.660

Leslie Schneider: First of all, I just have to say how excited I am, this is a real watershed moment i'm sure that a lot of us are aware that we've been very interested in bi ride for a few years now, and it was.

1172

03:26:04.380 --> 03:26:13.290

Leslie Schneider: Former councilmember chairman who got the tbd funds going with with his proposal and it just is so incredibly.

1173

03:26:15.810 --> 03:26:21.990

Leslie Schneider: i'm just gonna say joyful that we're actually celebrating promoting bi right now with these tbd funds.

1174

03:26:22.590 --> 03:26:32.610

Leslie Schneider: At the same time as we get to have this moment of you know ride hailing and boy does our island need it right, and so I also just want to.

1175

03:26:32.910 --> 03:26:46.410

Leslie Schneider: acknowledge john clawson for also being on the technical advisory committee for our sustainable transportation project, and I just really appreciate it, because you know sustainable transportation has a huge component of mobility in it and.

1176

03:26:47.700 --> 03:27:01.950

Leslie Schneider: And you know we're just amazingly appreciative that we're you know doing this kind of partnership with gets that transit, so thank you very much and James Thank you so much for being here and I really look forward to kicking this off in July i'm very excited.

1177

03:27:04.620 --> 03:27:05.880

Rasham Nassar: Deputy Mayor had topless.

1178

03:27:06.690 --> 03:27:17.910

Kirsten Hytopoulos: yeah I just want to throw in my appreciation and and share my excitement as well i've been a long fan of VI ride to I was nine Council when the decision was made to throw these funds in that direction.

1179

03:27:18.300 --> 03:27:24.840

Kirsten Hytopoulos: But how much more excited the Community is going to be in US obviously and draw a lot more Community members in that direction, so thank you both.

1180

03:27:25.890 --> 03:27:32.430

Kirsten Hytopoulos: And thank you Council members who are here who who made this decision earlier, thank you.

1181

03:27:35.460 --> 03:27:39.930

Rasham Nassar: Mr Cox your hand is still raised, if you have some additional comments you'd like to issue, please.

1182

03:27:40.740 --> 03:27:49.830

James Cox (CEO - The Routing Company): yeah I also just want to thank those involved and really call out john blaring kits up transit we've worked with.

1183

03:27:50.520 --> 03:28:03.510

James Cox (CEO - The Routing Company): A number of agencies around the US, and I would say that some of the most innovative and forward thinking they've had far more experienced with the on demand space, which unfortunately is full of companies.

1184

03:28:04.710 --> 03:28:19.080

James Cox (CEO - The Routing Company): Unfortunately, not very good at solving the problem it's it's a very hard problem to solve, and so I I just really wanted to call out who we've worked with so far, and there will be issues along the way, we will solve them together, you know good example of that was.

1185

03:28:20.250 --> 03:28:25.230

James Cox (CEO - The Routing Company): The the low connectivity in bainbridge island was was lower than we expected.

1186

03:28:26.250 --> 03:28:35.580

James Cox (CEO - The Routing Company): But we have or in the last couple of weeks we've built a solution that's super cool that is also going to scale to other parts of us, and so bainbridge is really.

1187

03:28:35.850 --> 03:28:43.950

James Cox (CEO - The Routing Company): being used as a use case for the rest of our business and I just wanted to thank those involved and, while I have you listening, I have to say thank you.

1188

03:28:46.110 --> 03:28:50.850

Rasham Nassar: Thank you, Mr class and would you like to provide any final comments before Council takes a vote.

1189

03:28:51.720 --> 03:29:02.850

John Clauson: Well, I just just as a piece of information is kind of a councilmember standard said it was a watershed moment here, but we just had a watershed moment as well that.

1190

03:29:03.330 --> 03:29:17.970

John Clauson: i'm not sure if they've had a chance to share, but we just got permission to place an order for some new buses, for the first time in our history, the majority of the order was for electric buses so we're excited about headed in that direction as well.

1191

03:29:19.680 --> 03:29:22.920

Rasham Nassar: Great thanks so much for sharing that is indeed very exciting news.

1192

03:29:24.000 --> 03:29:29.010

Rasham Nassar: And Council members anyone else, like to comment any questions councilmember deets your.

1193

03:29:29.040 --> 03:29:30.810

Rasham Nassar: MIC what off nope ready to vote.

1194

03:29:32.700 --> 03:29:36.720

Rasham Nassar: Okay, Council, all those in favor of the motion on the floor, please say Aye.

1195

03:29:37.170 --> 03:29:37.800

Leslie Schneider: Aye Aye.

1196

03:29:39.630 --> 03:29:40.740

Rasham Nassar: Any opposed.

1197

03:29:42.330 --> 03:29:42.810

Rasham Nassar: That.

1198

03:29:42.840 --> 03:29:45.810

Rasham Nassar: Motion passes unanimously Thank you again.

1199

03:29:45.840 --> 03:29:50.430

Rasham Nassar: very much, Mr clawson and Mr Cox for joining us so late this evening.

1200

03:29:51.180 --> 03:29:51.900

John Clauson: much appreciate it.

1201

03:29:53.940 --> 03:29:56.070

Rasham Nassar: Have a great night Thank you so much for the work that you do.

1202

03:29:57.270 --> 03:30:06.690

Rasham Nassar: Council we are now moving on in our agenda in a very timely fashion, I might add, to item 12 committee reports Council members.

1203

03:30:11.160 --> 03:30:16.470

Rasham Nassar: I will hold my breath moving on our agenda to item 13 for the good of the order.

1204

03:30:19.140 --> 03:30:23.550

Rasham Nassar: I am holding my breath come on someone okay I knew it councilmember deets.

1205

03:30:26.040 --> 03:30:26.400

Joe Deets: well.

1206

03:30:28.410 --> 03:30:29.910

Joe Deets: This is on the health front.

1207

03:30:31.860 --> 03:30:43.440

Joe Deets: I have some good news and some not so good news on the good news last Saturday the mass vaccination clinic vaccinated over 900 kids in this was the final.

1208

03:30:45.030 --> 03:31:03.510

Joe Deets: event for this doing in a clinic on a mass scale because we've bainbridge island 12 kids any people 12 and over we reached over 75% of the population having been vaccinated from covered 19 I think that's a watershed moment myself so.

1209

03:31:04.710 --> 03:31:07.860

Joe Deets: that's the good news, the not so good news is.

1210

03:31:09.210 --> 03:31:19.470

Joe Deets: Sure folks how the Swedish medical clinic Swedish primary care on bainbridge island is closing I think it's July 2 or close, there is no.

1211

03:31:21.450 --> 03:31:34.440

Joe Deets: providers stepping in so we have almost 8000 patients who are going to be Dr lists, if you will, which happens to include myself and my family.

1212

03:31:35.460 --> 03:31:44.010

Joe Deets: And so the reason i'm bringing this up is, I know it's great we've covered, however, we have an emerging healthcare.

1213

03:31:45.480 --> 03:31:54.450

Joe Deets: i'll just say emergency that we're going to have to address, we do not have the capacity, certainly not on bainbridge to.

1214

03:31:55.890 --> 03:32:03.360

Joe Deets: administer healthcare to our residents, so I just I know it's kind of a bummer but I need to bring that out and at some point.

1215

03:32:04.170 --> 03:32:12.450

Joe Deets: have some discussions pray perhaps bring councilmember found Dr Johnson who sits on the kids up health board and to see what can we do to start addressing this issue.

1216

03:32:16.020 --> 03:32:17.130

Rasham Nassar: I appreciate you.

1217

03:32:18.150 --> 03:32:25.470

Rasham Nassar: Keep up to speed on that issue councilmember deets thanks for raising that and Deputy Mayor had topless.

1218

03:32:26.640 --> 03:32:28.140

Kirsten Hytopoulos: Actually I sit on the health board.

1219

03:32:29.760 --> 03:32:42.540

Kirsten Hytopoulos: And i'm also our family also have lost our practitioners as well, in the same incident what I wanted to address was that um I hope that I hope we will all sign are voluntary.

1220

03:32:43.020 --> 03:32:50.550

Kirsten Hytopoulos: covert affirmations I feel like in solidarity with staff and to respect staff, I hope this is a no brainer, but I just wanted to throw that out there.

1221

03:32:50.910 --> 03:32:58.200

Kirsten Hytopoulos: I mean if we're asking staff to do that in fact I don't have State law requires them to, but if we're going to be going into City Hall, and within with each other and so forth.

1222

03:32:58.590 --> 03:33:02.430

Kirsten Hytopoulos: I just hope that's a given, I appreciate the fact that it's voluntary since we're elected.

1223

03:33:02.940 --> 03:33:11.700

Kirsten Hytopoulos: I assume we're all going to do it, but i'm just gonna throw that out there, that I hope that will do that for the staff and the city manager and everybody else, this is only chance to talk so I thought i'd throw that up.

1224

03:33:14.490 --> 03:33:16.920

Rasham Nassar: Thank you, Deputy Mayor Council member snyder.

1225

03:33:19.080 --> 03:33:23.850

Leslie Schneider: So on a happier note, I want to wish councilmember deeds, a happy birthday.

1226

03:33:25.680 --> 03:33:27.660

Leslie Schneider: Thank you for coming and partying with us tonight.

1227

03:33:29.430 --> 03:33:39.660

Joe Deets: Thank you, I was eating chocolate so just a few minutes ago that's why my my wife brought me here some chocolates, and so that's why my screen went dark so hey what we do.

1228

03:33:40.770 --> 03:33:42.600

Joe Deets: What does Council members do right so.

1229

03:33:43.740 --> 03:33:51.330

Rasham Nassar: councilmember deeds my gift to you is that it is 933 and we are very close to it during this meeting so happy birthday half an hour schedule.

1230

03:33:53.220 --> 03:33:58.530

Rasham Nassar: Unless any other Council member has anything else for going to the order city manager city attorney.

1231

03:34:00.600 --> 03:34:07.890

Rasham Nassar: Okay Council with that we are adjourned good night Council members good night city staff goodnight members of the public see you all next week.
