

# Refillable Personal Care Product Containers

Reusable, refillable products are recommended to reduce single-use plastic waste and help save you money. There are many vendors that offer refillable containers for housing personal care products. A sampling of options is provided below. This list will be updated periodically, so please check back for updates.

**Need help finding compliant personal care product packaging?**

**LAST UPDATED: 10/24/22**

NOTE: The information provided in this Purchasing Guide is meant to serve as a resource to help lodging establishments explore options to comply with/go beyond the City's disposable personal care product and waste reduction requirements that are effective January 1, 2023. The City does not endorse these vendors/manufacturers – they are listed only for reference.
