The discharge of industrial wastewater (other than domestic wastewater) into municipal sewerage systems which could interfere with, pass through, or otherwise be incompatible with such systems or which would contaminate the sludge will not be permitted. *WAC 173-216*

Will industrial or commercial wastewater (other than domestic wastewater) including wastewater from restaurants, food processing facilities, and chemical processing facilities be discharged into the City of Bainbridge Island's (City) wastewater treatment plant? _ Yes _ No

Will industrial or commercial wastewater (other than domestic wastewater) including wastewater from restaurants, food processing facilities, and chemical processing facilities be discharged into the Kitsap County Sewer District 7 (SD7) wastewater treatment plant? _ Yes _ No

Applicants submitting a request for sewer connections where industrial or commercial wastewater (other than domestic wastewater) will be discharged in the City or SD7 wastewater treatment plants shall provide engineering data in a form determined by the City Engineer or designated representative to establish pretreatment requirements.

Additional Submittal Requirements:

Site Plan: Must include existing and proposed water and sewer mains, lines, connections, and meters with proposed development. The site plan must be legible, easily understood, and in a recognized scale. Information and sample site plans are available in the Administrative Manual for Planning Permits:

<http://www.bainbridgewa.gov/DocumentCenter/View/100>.

Other specifications or engineering as required.

Application Notes and Information:

¹ A 'non-binding commitment for water or sewer system availability' means the City currently has available water or sewer system capacity but does not guarantee the future availability of water or sewer system capacity.

² A 'binding commitment for a limited reservation of water or sewer system capacity' means that, upon payment of a non-refundable deposit on system participation fees pursuant to BIMC 13.16.040, the City shall reserve water or sewer system capacity, and shall allow connection to the City's water or sewer system, for a period not to exceed four (4) years from the issuance date of an approved binding commitment letter subject to the requirements stipulated in the binding commitment letter.

³ A 'binding commitment for an unlimited reservation of water or sewer system capacity' means that, upon payment of all applicable system participation fees set forth in BIMC 13.16.040, the City shall reserve water or sewer system capacity, and shall allow connection to the City's water or sewer system, in perpetuity subject to the requirements stipulated in the binding commitment letter.

When the City of Bainbridge Island issues a binding commitment for water or sewer system capacity, and service main extensions or other capital facility improvements **are not required**, the City of Bainbridge Island shall provide water and/or sewer service pursuant to the requirements and conditions stated in the binding commitment letter. When the City of Bainbridge Island issues a binding commitment for water or sewer system capacity, and service main extensions or other capital facility improvements **are required**, the owner shall enter into a Utility Extension Agreement with the City of Bainbridge Island at their own expense pursuant to the requirements and conditions stated in the binding commitment letter, and BIMC 13.32.

Applicants desiring a building or tenant improvement permit, or water service to an accessory dwelling unit (ADU) are required by Kitsap County Health District to submit a binding water availability letter and a binding sewer availability letter stating that the public water system will supply potable water. These letters are provided at the time a binding commitment is issued.

At the time of payment of fees and the receipt of a binding commitment, the owner is acknowledging and agreeing to comply with all codified regulations and rules now in existence or which may be established from time to time by the City of Bainbridge Island governing the operations of its public water and sewer systems. The owner specifically agrees to install all plumbing systems in accordance with the conditions stated in the binding agreement and maintain at all times their plumbing system(s) in compliance BIMC15.04 and the City of Bainbridge Island Design and Construction Standards and Specifications as they pertain to the prevention of water contamination, prevention of pressure surges, and thermal expansion in their water and sewer piping. Further, the applicant agrees at the time of final payment and receipt of a binding agreement for connection not to make a claim for damages against the City of Bainbridge Island or its agents or employees for damages and/or loss of production or sales or service caused by the disruption of water or sewer service for system repair, routine maintenance, power outages, and other conditions normally expected in the operation of a water or sewer utility.

Should an agent submit an application, a **notarized Owner/Applicant Agreement** must accompany the application.

I affirm, under penalty of perjury, that all answers, statements, and information submitted with this application are correct and accurate to the best of my knowledge at the time of submittal. I also affirm that I am the owner or designated agent of the subject site. Further, I grant permission to any and all employees and representatives of the City of Bainbridge Island and other governmental agencies to enter upon and inspect said property as reasonably necessary

to process this application. I agree to inform the City of any and all changes in the information submitted, and to any change in use with the resubmittal of this form prior to final payment of fees and connection to the City's water or sewer systems.
