**September- October 2014: Public Participation Program Development**

Public meetings were held at the Planning Commission, and then City Council will provide the public with an opportunity to provide feedback on the DRAFT Public Participation Program. The City Council will then adopt the Public Participation Program by resolution.

**November 2014: Navigate Bainbridge-Comprehensive Plan Update Launch- Setting Our Context, Defining Our Vision**

This series of meetings will be used to launch the Navigate Bainbridge process. These meetings will be facilitated discussions that focus on creating community consensus around Bainbridge Island’s values, while establishing the context for future discussions and envisioning our future given the changing world we live in. The goal will be to come out of these meetings with a clear vision and guiding principles for the updated Comprehensive Plan, and a framework for future discussions. This series will include a minimum of two identical meetings - one at night, and one during the day in order to allow for the greatest number of people to attend.

**December 2014- March 2015: Navigate Bainbridge Scoping/ Listening Forums**

To help the City determine the scope of potential amendments to the Comprehensive Plan, the public will have the opportunity to provide input specific to any of the Comprehensive Plan elements (e.g., Land Use, Housing, Transportation, etc.) at any of six Listening/Scoping forums. In order to better coordinate the Comprehensive Plan with the daily operations of the City, the forums will be organized around one of the six themes:

- Healthy and Attractive Community
- Vibrant Economy
- Safe City
- Good Governance
- Green, Well Planned Community
- Reliable Infrastructure and Connected mobility
Although each forum will focus on a specific theme, comments on any topic are welcome, with the understanding that people will not be able to attend every meeting.

Community input from these meetings will be recorded and subsequently sorted by the Steering Committee into the applicable Comprehensive Plan update elements for further discussion. The public is invited to attend and participate at each meeting. Meetings may be held at different locations to increase accessibility. The public will also have the opportunity to submit comment on each topic area by email at pcd@bainbridgewa.gov, in writing at City Hall or on the city website.

Winter 2015: City Staff and Steering Committee Synthesize Comments & Draft Scope
City staff will work with the Steering Committee to sort all public feedback into the appropriate elements of the Comprehensive Plan. There may be elements added, changed or deleted, depending on the input of the community, while remaining consistent with the law. This process will be transparent for the public. The Steering Committee or City Council may create ad hoc committees that include identified subject area experts or representatives from stakeholder groups to focus on specific issues, as needed.

The Steering Committee may advise that work be completed to immediately address changes in the Bainbridge Island Municipal Code (BIMC). Otherwise, the Steering Committee will place public input related to other regulatory changes or issues that merit a larger, focused discussion into “Temporary Moorage” (see Appendix A, Diagram of Comprehensive Plan Update Process). After the Comprehensive Plan is updated, City staff and the Planning Commission will revisit the items in “Temporary Moorage” to consider which of those should be placed on the work program for public input and potential adoption by Council.

Winter – Spring 2015: City Council Reviews and Adopts Scope of Update
The City Council will consider the Steering Committee’s recommendation regarding the Scope of the Comprehensive Plan Update and BIMC. Part of reviewing the DRAFT Scope is reviewing the “Temporary Moorage” and the public comments submitted to date. The Council will make any adjustments to the Scope, and formally adopt a Final Scope for the Comprehensive Plan Update.

Spring 2015 - Winter 2016: Planning Commission Review
The Commission and City Staff will develop and draft the amendments to the Comprehensive Plan and BIMC. At this time the public will have another opportunity to comment on the revisions proposed. This will be an iterative process that will take place over several meetings, including public hearings. The Planning Commission will then vote to recommend updates to the Comprehensive Plan and BIMC to the City Council.
Winter – Summer 2016: City Council Review
The City Council will receive the Planning Commission’s recommendation, and discuss over several public meetings. The public will be able to provide comment to the City Council on the proposed changes at all meetings. The Council will hold a public hearing on the proposed changes to the Plan, and then will vote to approve changes to the Plan.

Summer – Winter 2016: Development Regulation Changes Review and Approval
Some changes to the BIMC, such as change necessary to comply with the GMA, may go through the legislative process of the Planning Commission and City Council review and approval concurrent with the Comprehensive Plan Update. Work on an ordinance integrating the larger changes to the BIMC, and any development regulation issues identified in the “Temporary Moorage” tool, will begin immediately after the Comprehensive Plan Update is completed.

PROPOSED OUTREACH METHODS AND TOOLS
The overall objective of this Program is to describe how the City will engage the public during the course of the Update process. Public participation methods and tools may vary by phase of the Update process. This Public Participation Program may continue to be reviewed and refined throughout the Update process, if needed. The City will take advantage of all modes of communication to engage the public. Public outreach will consist of in-person outreach efforts, traditional media and advertising, and outreach efforts utilizing technology and social media. Public meetings shall be noticed as far in advance as possible, and the City shall strive to provide a minimum of one week notice.

The Steering Committee is comprised of three Planning Commissioners and three City Councilmembers:

**City Councilmembers**
- Anne Blair
- Val Tollefson (Committee Chair)
- Sarah Blossom

**Planning Commissioners**
- Mike Lewars
- Mack Pearl
- Maradel Gale

**ROLE OF THE PLANNING COMMISSION**

The City of Bainbridge Island Planning Commission (Commission), is comprised of 7 volunteer members appointed by the City Council, and is the steward of the Comprehensive Plan. Three Planning Commissioners are on the Navigate Bainbridge Steering Committee, and the Planning Commission members will be involved in hosting and facilitating six public listening sessions designed to gather citizen input on the scope of the update of the Bainbridge Island Comprehensive Plan. The Commissioners will consider the public input from the scoping forums to craft draft amendments to the Comprehensive Plan, and a list of potential development code amendments. Finally, the Commission will host public hearings to invite public comment on the draft amendments. After closing the public hearing, the Commission will prepare a final set of recommendations for the City Council on amendments to the Comprehensive Plan, and a list of potential code revisions for consideration in the fall of 2016.

**ROLE OF THE CITY COUNCIL**

As the final decision makers on all aspects of the Comprehensive Plan Update, it is important that the City Council receive regular communications from the Planning Commission on all aspects of the Update process. The Council will schedule periodic joint meetings with the Planning Commission at several points in the overall process. This fall, the City Council will adopt the final public participation program by resolution and meet jointly with the Planning Commission to review and consider changes to the overarching Comprehensive Plan Vision and Principles. This winter, the Council will assist the Planning Commission in listening to public input at six scoping meetings. After the Commission synthesizes the scoping input, they will craft potential plan amendments for review and public comment during 2015 and into 2016. The Council will receive the Planning Commission’s final recommended amendments to the Comprehensive Plan and a list of potential development regulation revisions in 2016. The Council will take action on the Comprehensive Plan update by June 30, 2016.

The forums are an opportunity for people to hear each others’ comments and for Council and Commission members to ask clarifying questions.

A **Steering Committee** of 3 City Council Members and 3 Planning Commissioners will review all the written and oral public comment regarding the proposed scope of amendments to the Plan and Code.

The Committee will sift and sort the written and oral comments into three categories, and forward their recommendation about the final scope of the Plan and Code update to the City Council for its consideration.
