

2 WEEKS READY

BUILD KITS

Plan to be on your own for at least 2 weeks

Water (1 gallon per person, per day)

Food (non-perishable)

Comfort/entertainment

Medical equipment

Glasses/eye care

First aid kit

Can opener

NOAA alert radio

Flashlight

Personal hygiene items

Tools

Pet supplies

Cash

Toilet paper

Medications

Identification & important documents

Sturdy shoes

Extra batteries

Warm clothes

Fire extinguisher

 Keep at least 2 weeks of supplies in your home. Have smaller kits for work, for every family member, and pets. Have a vehicle safety kit too.

BE PREPARED

MAKE A PLAN

Determine an accessible meeting place in case you have to leave your home or work, so you can reunite your family.

LEARN ABOUT DISASTER PLANS FOR

Your work

Your children's school

Your medical and/or transportation provider

Other places where your family spends time

Check with your local emergency management office to:

- find out what hazards could affect your home and place of work
- sign up for emergency alerts and notifications
- identify your local emergency alert system (EAS) radio stations
- know your evacuation and alternate transportation routes

DEVELOP A COMMUNICATIONS PLAN

Write down emergency contact information

Texts are more likely to go through

Have an extra cell phone charger and batteries

An out-of-area contact can serve as a relay point for family communication

HELP EACH OTHER

Know how you'll help people and pets who normally rely on you

– Woof!

Form a neighborhood group and learn more about becoming part of our response team through programs like Map Your Neighborhood and Community Emergency Response Team (CERT)!

Contact the Bainbridge Island Fire Department: bifd.org

Learn more about our network of community support hubs, the resources that will be available after a disaster, and what you can do to get involved!

Visit Bainbridge Prepares: bainbridgeprepares.org

Attend free disaster skills workshops, preparedness events, and learn more about our comprehensive and inclusive Emergency Management Program!

ACTIONS TO TAKE DURING A QUAKE

DURING THE SHAKING

DROP

COVER

AND HOLD ON

If there is no table around, get lower than the other furniture.

THINK

BENEATH

BESIDE

BETWEEN

AFTER THE SHAKING

CHECK YOUR BUILDING:

For structural damage

Shut off the water at the main valve

Shut off gas only if you:

→ Smell natural gas

→ Hear hissing

→ See the dial spinning rapidly

Check for injuries and apply basic first aid

Leave building if unsafe

Help your neighbors
